Juss, 2018-10-25 This volume examines the success of the 9/11 attacks in undermining the cherished principles of Western democracy free speech and tolerance which were central to US values It is argued that this has led to the USA fighting disastrous wars in Afghanistan and Iraq and to sanctioning the use of torture and imprisonment without trial in Guantánamo Bay extraordinary rendition surveillance and drone attacks At home it has resulted in restrictions of civil liberties and the growth of an ill affordable military and security apparatus In this collection the authors note the irony that the shocking destruction of the World Trade Center on 9/11 should become the justification for the relentless expansion of security agencies Yet this is a salutary illustration of how the security agencies in the USA have adopted faulty preconceptions which have become too embedded within the institution to be abandoned without loss of credibility and

right to learn to read and won only to discover that their efforts to learn to read had hardly begun A person who cannot read cannot confidently ride a city bus shop take medicine or hold a job much less receive e mail follow headlines send text messages or write a letter to a relative And yet the best minds of American education cannot agree on the right way for reading to be taught In fact they can hardly settle on a common vocabulary to use in talking about reading As a result for a quarter of a century American schools have been riven by what educators call the reading wars and our young people have been caught in the crossfire Why cant U teach me 2 read focuses on three such students Yamilka Alejandro and Antonio all have learning disabilities and all legally challenged the New York City schools for failing to teach them to read by the time they got to high school When the school system s own hearing officers ruled in the students favor the city was compelled to pay for the three students now young adults to receive intensive private tutoring Fertig tells the inspiring heartbreaking stories of these three young people as they struggle to learn to read before it is too late At the same time she tells a story of great change in schools nationwide where the crush of standardized tests and the presence of technocrats like New York s mayor Michael Bloomberg and his schools chancellor Joel Klein have energized teachers and parents to question the meaning of education as never before And she dramatizes the process of learning to read showing how the act of reading is nothing short of miraculous Along the way Fertig makes clear that the simple question facing students and teachers alike How should young people learn to read opens onto the broader questions of what schools are really for and why so many of America s schools are faltering Why cant U teach me 2 read is a poignant vital book for the reader in all of us **Interface Race**

Jesus Wept Barbara C. Crafton,2019-02-01 Jesus Wept Barbara C Crafton s best selling and brilliant reflection on faith and depression is now released in its tenth anniversary edition complete with a new foreword by the author who reflects on the choice she made ten years ago to break the silence and speak openly about her own experience with depression I was

determined to speak freely about it she writes Many probably most of my clergy confreres were and remain unwilling to invite such a stigma to take up permanent residence in their resumes But there are some who know the isolation and despair into which depression can drag a person and they might benefit from knowing that someone whose whole life has been given to God also knows these things If that is the case it s well worth the stigma Like all human experience no two courses of depression and healing are the same Religious belief can make depression easier but it can also make it harder It calls our beliefs about ourselves and about God s presence in our lives into painful question Barbara Crafton s beautiful and candid book addresses these questions head on reminding her readers that God does not ordain our suffering but instead meets us in our darkest days to compassionately call us toward the light
