The Alchemy of Illness Kat Duff,1993 Illness is a universal experience There is no privilege that can make us immune to its touch We are taught to assume health illnesses being just temporary breakdowns in the well oiled machinery of the body But illness has its own geography its own laws and commandments At a time when the attention of the whole nation is focused on health care Kat Duff inquires into the nature and function of illness itself Duff a counselor in private practice in Taos New Mexico wrote this book out of her experience with chronic fatigue syndrome but what she has to say is applicable to every illness and every one of us For those who are sick this book offers solace and recognition For those who care for them either physically or emotionally it offers inspiration and compassion Finally this fresh perspective on healing reveals how every illness is a crucible that tries our mettle tests our limits and provides us with an unparalleled opportunity to integrate its lessons into our lives

The Atrocity Paradigm Claudia Card,2005 What distinguishes evils from ordinary wrongs Is hatred a necessarily evil Are some evils unforgivable Are there evils we should tolerate What can make evils hard to recognize Are evils inevitable How can we best respond to and live with evils Claudia Card offers a secular theory of evil that responds to these questions and more Evils according to her theory have two fundamental components One component is reasonably foreseeable intolerable harm harm that makes a life indecent and impossible or that makes a death indecent The other component is culpable wrongdoing Atrocities such as genocides slavery war rape torture and severe child abuse are Card s paradigms because in them these key elements are writ large Atrocities deserve more attention than secular philosophers have so far paid them They are distinguished from ordinary wrongs not by the psychological states of evildoers but by the seriousness of the harm that is done Evildoers need not be sadistic they may simply be negligent or unscrupulous in pursuing their goals Card s theory represents a compromise between classic utilitarian and stoic alternatives including Kant s theory of radical evil Utilitarians tend to reduce evils to their harms Stoics tend to reduce evils to the wickedness of perpetrators Card accepts neither reduction She also responds to Nietzsche s challenges about the worth of the concept of evil and she uses her theory to argue that evils are more important than merely unjust inequalities She applies the theory in explorations of war rape and violence against intimates She also takes up what Primo Levi called the gray zone where victims become complicit in perpetrating on others evils that threaten to engulf themselves While most past accounts of evil have focused on perpetrators Card begins instead from the position of the victims but then considers more generally how to respond to and live with evils as victims as perpetrators and as those who have become both

days a stumbling venture from one horror to the next The mainland offers hope but the reality is much different In one place William Hill stands in the center of a town where the scattered remains of the dead lie next to the road like litter tossed from passing cars where the search for the living fails to turn up even one soul Infected by a parasite destined to steal his mind hunted by the Chosen and dogged by a beautiful woman who claims to be an elf he sometimes wonders if life can get any stranger Then Daniel offers a glimpse of the coming world a place where cavorting beasts feast upon the dead where dragons haunt nearby forests where the hordes crawl from the ground by the millions and sweep across the earth The elf says she needs his blood to repair the rift between worlds to finally put an end to the madness He doesn't mind donating a little to the cause but the more he hears the more he doubts her intentions and the more the ceremony sounds like a full scale sacrifice In the end William discovers that he can count on nothing not even his sanity
