Nice Book 1814 America Willard Sterne Randall

David O. Smith

Nice Book 1814 America Willard Sterne Randall:

Street Diplomacy Elliott Drago, 2022-11-15 Antebellum Philadelphia maintained a long tradition of both abolitionism and fugitive slave activity Although Philadelphia s African Americans lived in a free state they faced constant threats to their personal safety and freedom from enslavers and slave catchers The conflicts that arose over fugitive slave removals and the kidnapping of free African Americans forced Philadelphians to confront the politics of slavery that sought to protect enslavers property rights across the Union

Dolley and James Madison Rodney K. Smith, 2019-12-22 Physically unimpressive intellectually brilliant James Madison had been unlucky in love heartbroken and betrayed not once but twice Middle aged and resigned to a life alone he never dreamed that fate had something astonishing in store for him and for the country he loved a young widow of exceptional intelligence and poise who was his equal in many ways and whose warmth and extroversion perfectly complemented his quiet contemplative nature She became Dolley Madison the nation s first First Lady and this fascinating book proves that truth is more compelling than fiction Delve into the personal stories of the couple that led their beloved new country safely through its first generation surviving and thriving despite serious conflicts at home and abroad weathering the bitter attacks of their enemies and remaining dedicated through it all to each other to the Constitution that James fathered and to the United States Facing adversity with unparalleled dignity and civility they stand as an example worthy of emulation in our times Their love story told by a noted constitutional lawyer and historian is a heart warming inspiring and hopeful tribute to the power of equal partnership in marriage and a beautiful reminder of what America can be at its best

Unshackling America Willard Sterne Randall, 2017-06-27 Unshackling America challenges the persistent fallacy that Americans fought two separate wars of independence Willard Sterne Randall documents an unremitting fifty year long struggle for economic independence from Britain overlapping two armed conflicts linked by an unacknowledged global struggle Throughout this perilous period the struggle was all about free trade Neither Jefferson nor any other Founding Father could divine that the Revolutionary Period of 1763 to 1783 had concluded only one part the first phase of their ordeal The Treaty of Paris of 1783 at the end of the Revolutionary War halted overt combat but had achieved only partial political autonomy from Britain By not guaranteeing American economic independence and agency Britain continued to deny American sovereignty Randall details the fifty years and persistent attempts by the British to control American trade waters but he also shows how despite the outrageous restrictions the United States asserted the doctrine of neutral rights and developed the world s second largest merchant fleet as it absorbed the French Caribbean trade American ships carrying trade increased five fold between 1790 and 1800 its tonnage nearly doubling again between 1800 and 1812 ultimately making the United States the world s largest independent maritime power

The Library of Congress Jane Aikin, 2025-05-01 The first comprehensive history of the Library of Congress The Library of Congress is the research arm of Congress home of the US Copyright Office and a public forum for artistic and literary culture It is generally considered the

national library of the United States and it has influenced cultural affairs worldwide in myriad ways since its founding more than two centuries ago In *The Library of Congress* Jane Aikin draws on a wealth of primary and secondary sources to weave a narrative of the individuals events and controversies that have shaped the history of this venerable institution Punctuated by stories about key donors and pivotal performances by poets authors and celebrities this engaging and informative narrative sheds new light on the world s largest library and its global impact on knowledge and culture *Thomas Jefferson: The Art of Power* Jon Meacham,2013-10-29 1 NEW YORK TIMES BESTSELLER From Pulitzer Prize winning biographer Jon Meacham a big grand absorbing exploration of not just Jefferson and his role in history but also Jefferson the man humanized as never before Entertainment Weekly Probably the best single volume biography of Jefferson ever written Gordon S Wood A BEST BOOK OF THE YEAR The New York Times Book Review The Washington Post Entertainment Weekly The Seattle Times St Louis Post Dispatch BookPage This magnificent biography brings vividly to life an extraordinary man and his remarkable times giving us Thomas Jefferson the man the politician and the president A Founder whose understanding of power and of human nature enabled him to move men and marshal ideas to learn from his mistakes and to prevail Jefferson was passionate about many things women his family science architecture gardening Monticello Paris and more He strove despite fierce opposition to realize his vision the creation survival and success of popular government in America Drawing on archives in the United States England and France as well as unpublished transcripts of Jefferson presidential papers Jon Meacham shows us the personal Jefferson a man of appetite sensuality and passion He also presents Jefferson as the most successful political leader of the early republic and perhaps in all American history a leader who found the means to endure and to win His story resonates today not least because he led his nation through ferocious partisanship amid economic change and external threats Jefferson also embodies an eternal drama the struggle of the leadership of a nation to achieve greatness in a difficult and confounding world *American Military History* William Thomas Allison,Jeffrey G. Grey,Janet G.

Valentine,2020-04-28 Now in its third edition *American Military History* examines how a country shaped by race ethnicity economy regionalism and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society Organized chronologically the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century providing an important overview of the military s role on an international domestic social and symbolic level The third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society thus providing students a foundational understanding of the American military experience This book will be of interest to students of American history and military history It is designed to allow instructors flexibility in structuring a course **The Armstrong Brothers** David O. Smith,2021-03-10 This is the story of James John and Hamilton Armstrong three sons of a yeoman farmer living on the Pennsylvania frontier at the outset of the American Revolution James and John joined the Continental Army in 1776 rose from the ranks to become officers and

served until the army was disbanded in 1783 Hamilton remained home to work the farm protect the family and serve in militia and ranger units to defend the frontier from repeated attacks from hostile Indian tribes Their combined wartime experiences encompassed almost the totality of the American Revolution from Canada in the north to South Carolina in the south and along the western frontier James and John fought in most of the major battles of the revolution including Princeton Brandywine Germantown Monmouth Guilford Courthouse Eutaw Springs and Yorktown where they distinguished themselves in the eyes of generals like the Marquis de Lafayette Mad Anthony Wayne Light Horse Harry Lee Nathanael Greene and George Washington *New York Times Saturday Book Review Supplement* ,1993-07 American Lives: To 1876 Willard Sterne Randall,Nancy Ann Nahra,1997 American Lives is a collection of succinct biographical essays on both renowned and lesser known figures in American History **The Bloomsbury Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01 **The Presidency and Rhetorical Leadership** Leroy G. Dorsey,2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies Patriot Presidents William E. Leuchtenburg,2024 A nuanced account of the early leaders who shaped the American presidency Patriot Presidents explores how the presidency took shape from the medley of clauses handed down to George Washington who said I walk on untrodden ground for virtually everything he did created a precedent It then follows the overwhelming challenges faced by his successors from the austere John Adams who spoke passionately in favor of a strong executive to Thomas Jefferson a zealous advocate of American liberties to James Madison the creator of the first political party and James Monroe whose Monroe Doctrine protected the sovereignty of the Western Hemisphere It concludes with John Quincy Adams who could be called the prophet of the expansive twentieth century state of the Square Deal the New Deal the Fair Deal and the

Great Society *Encyclopedia of the American Enlightenment* Mark G. Spencer, 2015-01-01 The first reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays For Liberty and Glory: Washington, Lafayette, and Their Revolutions James R. Gaines, 2008-09-17 They began as courtiers in a hierarchy of privilege but history remembers them as patriot citizens in a commonwealth of equals On April 18 1775 a riot over the price of flour broke out in the French city of Dijon That night across the Atlantic Paul Revere mounted the fastest horse he could find and kicked it into a gallop So began what have been called the sister revolutions of France and America In a single thrilling narrative this book tells the story of those revolutions and shows just how deeply intertwined they actually were Their leaders George Washington and the Marquis de Lafayette were often seen as father and son but their relationship while close was every bit as complex as the long fraught history of the French American alliance Vain though ambitious they strove to shape their characters and records into the form they wanted history to remember James R Gaines provides fascinating insights into these personal transformations and is equally brilliant at showing the extraordinary effect of the two freedom fighters on subsequent history Ethan Allen: His Life and Times Willard Sterne Randall, 2011-08-22 The long awaited biography of the frontier Founding Father whose heroic actions and neglected writings inspired an entire generation from Paine to Madison On May 10 1775 in the storm tossed hours after midnight Ethan Allen the Revolutionary firebrand was poised for attack With only two boatloads of his scraggly band of Vermont volunteers having made it across the wind whipped waters of Lake Champlain he was waiting for the rest of his Green Mountain boys to arrive But with the protective darkness quickly fading Allen determined that he hold off no longer While Ethan Allen a canonical hero of the American Revolution has always been defined by his daring predawn attack on the British controlled Fort Ticonderoga Willard Sterne Randall the author of Benedict Arnold now challenges our conventional understanding of this largely unexamined Founding Father Widening the scope of his inquiry beyond the Revolutionary War Randall traces Allen s beginning back to his modest origins in Connecticut where he was born in 1738 Largely self educated emerging from a relatively impoverished background Allen demonstrated his deeply rebellious nature early on through his attraction to Deism his dramatic defense of smallpox vaccinations and his early support of separation of church and state Chronicling Allen s upward struggle from precocious if not unruly adolescent to commander of the largest American paramilitary force on the eve of the Revolution Randall unlocks a trove of new source material particularly evident in his gripping portrait of Allen as a British prisoner of war While the biography reacquaints readers with the familiar details of Allen s life his capture during the aborted American invasion of Canada his philosophical works that influenced Thomas Paine his seminal role in gaining Vermont statehood his stirring funeral in 1789 Randall documents that so much of what we know of Allen is mere myth historical folklore that people have handed down as if Allen were Paul Bunyan As Randall reveals Ethan Allen a so called Robin Hood in the eyes of his dispossessed Green Mountain settlers aggrandized and unabashedly so the holdings of his own family a fact that is glossed

over in previous accounts embellishing his own best selling prisoner of war narrative as well He emerges not only as a public spirited leader but as a self interested individual often no less rapacious than his archenemies the New York land barons of the Hudson and Mohawk Valleys As John E Ferling comments Randall has stripped away the myths to provide as accurate an account of Allen s life as will ever be written The keen insights that he produces shed new light not only on this most enigmatic of Founding Fathers but on today s descendants of the Green Mountain Boys whose own political disenfranchisement resonates now more than ever *Book Review Digest* ,1985 [Break It Up](#) Richard Kreitner,2020-08-18 From journalist and historian Richard Kreitner a powerful revisionist account of the most persistent idea in American history these supposedly United States should be broken up Eric Foner The novel and fiery thesis of Break It Up is simple The United States has never lived up to its name and never will The disunionist impulse may have found its greatest expression in the Civil War but as Break It Up shows the seduction of secession wasn t limited to the South or the nineteenth century It was there at our founding and has never gone away With a scholar s command and a journalist s curiosity Richard Kreitner takes readers on a revolutionary journey through American history revealing the power and persistence of disunion movements in every era and region Each New England town after Plymouth was a secession from another the thirteen colonies viewed their Union as a means to the end of securing independence not an end in itself George Washington feared separatism west of the Alleghenies Aaron Burr schemed to set up a new empire John Quincy Adams brought a Massachusetts town s petition for dissolving the United States to the floor of Congress and abolitionist William Lloyd Garrison denounced the Constitution as a pro slavery pact with the devil From the cold civil war that pits partisans against one another to the modern secession movements in California and Texas the divisions that threaten to tear America apart today have centuries old roots in the earliest days of our Republic Richly researched and persuasively argued Break It Up will help readers make fresh sense of our fractured age *Thomas Jefferson* Rita T. Mullin,2007 Tells the life story of American president Thomas Jefferson examining his experiences as a farmer lawyer politician and key figure in the American Revolution **France and America in the Revolutionary Era** Thomas J. Schaeper,1995 This is the first detailed study account of the life and career of Chaumont whose chief claim to fame was the fact that from 1777 to 1785 Benjamin Franklin lived in his home in the Parisian suburb of Passy Basing his work on documents from two dozen archives in the United States and France Schaeper demonstrates that Chaumont was far more than merely a landlord Prior to the American Revolution he had become one of the most powerful and respected businessmen of the Old Regime For personal as well as patriotic reasons he aided the American insurgents and worked with a wide array of persons In addition to Franklin these included John Adams Silas Deane Caron de Beaumarchais the marquis de Lafayette and the comte de Vergennes Chaumont performed an astounding range of services acting as intermediary an adviser and a supplier of arms and clothing His most dramatic contribution to the American cause involved John Paul Jones It was Chaumont who obtained the famous Bonhomme Richard for the commodore

Through looking at the activities of this intriguing individual the author is able to offer many new insights into both American and French history Lively and well written this biography will appeal to both the historian and the general reader

American Honor Craig Bruce Smith, 2018-03-19 The American Revolution was not only a revolution for liberty and freedom it was also a revolution of ethics reshaping what colonial Americans understood as honor and virtue As Craig Bruce Smith demonstrates these concepts were crucial aspects of Revolutionary Americans ideological break from Europe and shared by all ranks of society Focusing his study primarily on prominent Americans who came of age before and during the Revolution notably John Adams Benjamin Franklin Thomas Jefferson and George Washington Smith shows how a colonial ethical transformation caused and became inseparable from the American Revolution creating an ethical ideology that still remains By also interweaving individuals and groups that have historically been excluded from the discussion of honor such as female thinkers women patriots slaves and free African Americans Smith makes a broad and significant argument about how the Revolutionary era witnessed a fundamental shift in ethical ideas This thoughtful work sheds new light on a forgotten cause of the Revolution and on the ideological foundation of the United States

Yeah, reviewing a ebook **Nice Book 1814 America Willard Sterne Randall** could add your close links listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have wonderful points.

Comprehending as with ease as pact even more than new will allow each success. bordering to, the revelation as capably as perception of this Nice Book 1814 America Willard Sterne Randall can be taken as without difficulty as picked to act.
