science to psychological and physiological experiments to develop a comprehensive new approach to the study of well being
They show how the sensory pleasures of the body can tell us something about the higher pleasures of the mind and even
how the effectiveness of our immune system can depend upon the health of our social relationships **From Self to Social
Relationships** Martijn van Zomeren, 2016 Martijn van Zomeren develops salvation theory and proposes that human
motivation is based around changes in social relationships
