A typology of questions in Northeast Asia and beyond Andreas Hölzl, 2018-08-29 This study investigates the distribution of linguistic and specifically structural diversity in Northeast Asia NEA defined as the region north of the Yellow River and east of the Yenisei In particular it analyzes what is called the grammar of questions GQ i e those aspects of any given language that are specialized for asking questions or regularly combine with these The bulk of the study is a bottom up description and comparison of GQs in the languages of NEA The addition of the phrase and beyond to the title of this study serves two purposes First languages such as Turkish and Chuvash are included despite the fact that they are spoken outside of NEA since they have ties to or even originated in the region Second despite its focus on one area the typology is intended to be applicable to other languages as well Therefore it makes extensive use of data from languages outside of NEA The restriction to one category is necessary for reasons of space and clarity and the process of zooming in on one region allows a higher resolution and historical accuracy than is usually the case in linguistic typology The discussion

mentions over 450 languages and dialects from NEA and beyond and gives about 900 glossed examples The aim is to achieve both a cross linguistically plausible typology and a maximal resolution of the linguistic diversity of Northeast Asia Ibadan Market Women and Politics, 1900-1995 Mutiat Titilope Oladejo, 2015-12-16 Ibadan market women were active in political mobilization and they engaged in eclectic political actions during the decolonization process Their leaders significantly swayed the electorate both in and beyond the market places This study examines the historical development of the roles of Ibadan market women in politics between 1900 and 1995 with a view to establishing their contributions By a thorough historical analysis Ibadan Divisional and Provincial papers and newspapers of the nationalists era 1945 1960 Nigerian Tribune and Southern Nigerian Defender from the National Archives Ibadan were consulted for information on the activities of Ibadan market women Secondary data were obtained from the Women Research and Documentation Centre and other resource centres Simultaneously Ibadan market women were involved in party politics of the National Council for Nigeria and Cameroons NCNC Action Group AG and traditional power politics **Rediscovering the Essentiality of Marketing** Luca Petruzzellis, Russell S.
