Motorcycle Licenses, Ownership, Special Rules

LICENSES

To operate a motorcycle in New York State, you must have a motorcycle operator's license (Class M) or a motorcycle junior operator's license (Class MJ). You may drive a motorcycle in New York if you are a resident of another state or country and have a valid motorcycle license from there. If you are less than 18 years old, you must obey the license restrictions for both the out-of-state jurisdiction **and** New York State.

The instructions to apply for a driver license, including a motorcycle license, are provided in Chapter One of the NYS Driver's Manual. You should study that manual in addition to this one, even if you already have a license. Your motorcycle license written test will be based on information from both manuals. The Driver's Manual also contains the junior operator and learner permit restrictions, information on license suspension and revocation and vehicle registration, title and insurance.

In addition to the information in the Driver's Manual, motorcycle operators must be aware that:

- When a motorcycle learner is practicing, the supervising driver must hold a valid motorcycle license, be at least 21 years old and remain within 1/4 mile of the learner at all times. Additional restrictions apply to junior learners. The supervising driver need not ride on the learner's motorcycle, but no other supervising driver may be a passenger. The learner and supervising driver should remain within sight of one another at all times and discuss the learner's performance after practice. We recommend at least 30 hours of practice, with at least 10 in moderate to heavy traffic.
- Your road test will include left and right circles and figure-eights on public streets. In addition to normal driving maneuvers, you must be able to accomplish these while being alert for other traffic.

If you take the test on a three-wheeler, your motorcycle license will be restricted to driving three-wheelers.

- You must provide road test transportation for the license examiner in a properly registered, and inspected car or truck, and a driver at least 18 years old who is licensed to drive both this vehicle and the motorcycle you will drive during the test.
- If you already have a driver license, your current class and motorcycle class will both be listed on one license document (for example, Class DM).
- If you already have another class of driver license and a motorcycle operator's learner permit, the DMV will waive your motorcycle road test if you complete the Motorcycle Safety Foundation's Basic Rider Course (BRC). To qualify for the waiver, the course must be given by a provider who is certified by the Motorcycle Safety Foundation (MSF) and approved under the New York State Motorcycle Safety Program. For information about the nearest course, visit www.nysmssp.org  or call MSF at 1-800-446-9227 or 1-518-384-0045.

REGISTRATION, INSPECTION, INSURANCE

Unlike most other motor vehicles, motorcycles are registered for one year rather than two, and all motorcycle registrations expire on April 30.

Motorcycles must be inspected at least once every 12 months at a station licensed by the DMV to perform motorcycle safety inspections. The station will display a yellow and black sign reading "Official NYS
