Objective Economics How Ayn Rands Philosophy Changes Everything About Economics:

Objective Economics M. Northrup Buechner, 2011-06-13 Every price is set by someone this is where economics begins Building on that fundamental idea and on Ayn Rand's philosophy of Objectivism Objective Economics transforms economics The thesis of this book is that Ayn Rand's concept of objective is the indispensable base of valid economic thought Consistently applying this idea across the board the author reaches a general theory of price for the first time in the history of economic thought This theory of price then provides a valid base for explaining how a free economy functions Based on facts everyone knows presented without graphs or higher mathematics Objective Economics makes accessible to the intelligent layman a clear understanding of how the economy works For everyone who found college economics impenetrable and that is just about everyone this is the book The thesis of Objective Economics changes everything about economics including economics method the conception of the economy the meaning of competition the idea of price the nature of business costs the concept of supply the concept of demand the law of supply and demand the theory of price and the theory of total national output Overall as the result of all the preceding Objective Economics demonstrates that capitalism is the practical economic system

The Moral Case for Profit Maximization Robert White, 2020-04-01 The Moral Case for Profit Maximization argues that profit maximization is moral when businessmen seek to maximize profit by creating goods or services that are of objective value Traditionally profit maximization has been defended on economic grounds Profit economists argue incentivizes businessmen to produce goods and services In this view businessmen do not need to be virtuous as long as they deliver the goods It challenges the traditional defense of profit maximization arguing that profit maximization is morally ambitious because it requires businessmen to form normative abstractions and to cultivate a virtuous character In so doing the author also challenges the moral basis of corporate social responsibility Proponents of CSR argue that businessmen can do good while doing well This book argues that businessmen already do good by maximizing profit drawing upon the histories of the wheel the refrigerator and the shipping container as well as the biographies of J P Morgan John D Rockefeller and Thomas Edison to demonstrate the role of values in the creation of material goods and the role of the virtues in value creation The author challenges readers to rethink the relationship between profit value and virtue

The Freedom of Peaceful Action Stuart K. Hayashi, 2014-04-23 The Freedom of Peaceful Action is the first installment of the trilogy The Nature of Liberty which makes an ethical philosophic case for individual liberty and the free market against calls for greater government regulation and control The trilogy makes a purely secular and nonreligious ethical case for the individual's rights to life liberty private property and the pursuit of happiness as championed by the U S Founding Fathers Inspired by such philosophic defenders of free enterprise as John Locke Herbert Spencer and Ayn Rand The Nature of Liberty shows that such individual rights are not imaginary or simply assertions but are institutions of great practical value making prosperity and happiness possible to the degree that society recognizes them The trilogy demonstrates the

beneficence of the individual rights approach by citing important findings in the emerging science of evolutionary psychology. Although the conclusions of evolutionary psychology have been long considered to be at odds with the philosophies of individual liberty and free markets, *The Nature of Liberty* presents a reconciliation that reveals their ultimate compatibility as various important findings of evolutionary psychology being logically applied confirm much of what philosophic defenders of liberty have been saying for centuries. Moreover, proceeding from the viewpoint of Rand, this work argues that the structure of society most conducive to practical human well being is commensurately the most moral and humane approach as well. The trilogy's first installment, *The Freedom of Peaceful Action*, focuses on the secular philosophic foundation for a society based on individual rights. Starting from a defense of the efficacy of observational reason against criticisms from Immanuel Kant and Karl Popper, it demonstrates how a philosophic position of individual liberty and free markets is the logical result of the consistent application of human reason to observing human nature. This installment demonstrates that any political system that wishes for its citizens to thrive must take human nature into account and that an accounting of human nature reveals that a system of maximum liberty and property protection is the one most conducive to peace and human well being.

Ending Big Government Michael Dahlen, 2016-02 Statism denotes any system of big government, a government that gains power at the expense of individual freedom, a government that uses its power to redistribute wealth and regulate the economy. Laissez faire capitalism, by contrast, is the system of limited government, the system of economic and political freedom. It is a system that has created more wealth and lifted more people out of poverty than any other system. Yet it is relentlessly demonized. We are told that the free market is impractical, prone to crises, depressions, and coercive monopolies. Michael Dahlen dispels these and many other myths. He shows that a laissez faire capitalist system is not only practical, he shows that it is moral, as it is the only system that recognizes each individual's inalienable right to his own life. A provocative weave of history, philosophy, and political economy, *Ending Big Government: The Essential Case for Capitalism and Freedom* shows that capitalism is incontestably superior to statism. *Ayn Rand Cult* Jeff Walker, 2012-03-30 Despised by the intellectual establishment, Ayn Rand continues to attract many thousands of devoted followers. Her Objectivist movement preaches an uncompromising hard line on politics, art, sex, and psychological health. Though much has been written about Rand, *The Ayn Rand Cult* is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion. Jeff Walker shatters many myths about Rand, exposing Objectivism as a classic cult, unusual because of its overt emphasis on self-interest, rationality, and atheism, but typical of cults in its guru worship, thought control, trial, and excommunication of deviants and hostility to existing society. *Keberlanjutan Ekowisata Halal* Dr. Rukiah, S.E., M.Si., Dr. Utari Evy Cahyani, S.P., M.M., Wanda Khairun Nasirin, M.E., 2025-02-01 Pengembangan Pariwisata menjadi bagian penting dalam meningkatkan pendapatan devisa negara untuk pembangunan Indonesia sebagai negara kepulauan memiliki modal besar dalam pengembangan pariwisata terutama dalam aspek kelautan. Pantai-pantai yang berderet di sepanjang timur

sampai barat Indonesia merupakan aset besar untuk pengembangan ekonomi dan kelautan Perencanaan pengembangan pariwisata di sekitar pantai sangat berdampak pada peningkatan pendapatan masyarakat Isu penting yang menjadi sorotan dalam pengembangan ekonomi berbasis kelautan atau yang lebih dikenal dengan istilah Blue Economic adalah bagaimana aktivitas ekonomi dan pengembangan pariwisata di sekitar pantai tidak memberi dampak buruk pada kerusakan lingkungan Konsep Blue Economic ini juga sangat relevan dengan tujuan pembangunan berkelanjutan Seperti kita ketahui pantai merupakan tempat yang nyaman untuk dikunjungi akan tetapi sering kita jumpai sampah dan limbah yang dibuang ke laut Ekses negatif dari perilaku manusia tidak hanya dalam hal pembuangan limbah akan tetapi juga banyaknya perilaku menyimpang yang kadang kita jumpai di sekitar pantai Konsep Blue Economic yang dikaitkan dengan konsep pariwisata halal menjadi isu penting yang harus kita pecahkan bersama untuk keberlanjutan ekowisata halal di Indonesia Buku ini menawarkan pengembangan ekowisata halal di Indonesia dengan titik berat pada tujuan pembangunan berkelanjutan Konsep ekowisata halal yang digali pada buku ini merupakan hasil penelitian penulis di beberapa wilayah di Indonesia di antaranya Lombok Nusa Tenggara Barat Padang Sumatera Barat dan Barus Tapanuli Tengah Semoga buku ini menjadi referensi bagi pembuat kebijakan akademisi pelajar dan mahasiswa serta memperkaya khasanah ilmu bagi masyarakat Buku persembahan penerbit Bypass Bypass I Chose Liberty: Autobiographies of Contemporary Libertarians ,2010

Byrd,2015-02-05 Ayn Rand s philosophy has once again found an important part on the American political stage With the rise of the Tea Party movement her political and economic philosophy has infused the American public discourse with a new Libertarian vitality Ironically many of her new followers identify themselves as committed Christians a prospect that Rand herself would have rejected This book critically reviews Rand s secular atheist philosophy of religion which includes her theory of altruism collectivism and statism and asks the questions How did Ayn Rand become conservative Christians favorite atheist Can Christianity or any other prophetic religion be reconciled with her philosophy of greed selfishness and capitalism Can one be both a Christian and a dedicated follower of Ayn Rand Can one appropriate her political and economic philosophy while rejecting her radical atheism and anti religious stance
