Cynthia Eden,2023-09-19 You can't run from him U S Marshal Titan Everett never loses his prey and he always stays mission oriented His latest mission He's working with a group of cold case solvers called the Ice Breakers he's chasing down a runaway witness a woman who may be the key to solving a string of unsolved murders Seems like a simple enough job After the hell he's seen locating one Cassidy Jacobs former kindergarten teacher should be a walk in the park She doesn't want to be found When you manage to escape from a twisted killer who happened to be your boyfriend you grab life by both hands and you hold on tight You run like mad from danger you reinvent yourself over and over and you don't look back Ever Unless of course the past comes barreling at you in the form of one truly massive and strong U S marshal Titan is big dangerous and determined to bring Cassidy back home He also has the most incredible eyes she's ever seen and a voice that makes her whole body ache with longing Problematic Very Because the last time she fell hard for a sexy stranger he wound up being a monster Home is where the nightmare waits Scarred and twisted by his own past Titan never claims to be anyone's hero He barely talks and charming is the last word anyone would ever associate with him The bubbly beautiful Cassidy is his complete opposite and the scorching primal attraction he feels for her catches him completely off guard as they embark on what has to be the road trip from hell Unfortunately Titan isn't the only one who has found Cassidy She's been running non stop but she just can't seem to run far enough or fast enough to evade the man who wants her dead When Titan saves her life and promises protection she agrees to a partnership with him He'll protect her and she'll help him draw out the killer No biggie Not like she's utterly and completely terrified But eventually you have to stop running and start fighting This isn't just another hunt for Titan Everything has changed in his world because of Cassidy Losing her can't happen but putting the man in the ground who has been terrorizing her Absolutely on Titan's to do list New mission Protect Cassidy and catch a killer And when the case is closed maybe Cassidy will want to start a new life once again only this time with Titan at her side U S Marshal Titan Everett is on the hunt On the outside Titan looks scary as the devil and he's well aware that he often sends small children running But Cassidy isn't afraid of him Beautiful bold and with a spark for life that draws him close she is unlike anyone he's ever met before She needs help and she's going to get it Because from the first moment he sees her Titan knows he will move heaven and fight hell to keep her safe The Bodyguard Next Door Cynthia Eden,2022-05-10 He's danger and a wicked hot grin Iris Stuart may have a small crush on her neighbor After all Pierce Jennings is gorgeous muscled and he has a laugh that makes her toes curl But she is not going down that particular path of temptation with the former Army Ranger and current Wilde agent Nope Not happening They'll stay in the friend zone because it's safer that way Safer for her and for him Even if looking into his baby blues makes her heart race She's sunshine secrets and a bit of sin Pierce's new neighbor wears paint splattered jeans she smells like sin and he wants to put his hands all over her gorgeous body Too bad she's friend zoned him Too bad she's starring in most of his fantasies Too bad he can't get her out of his head

But when danger comes knocking he's just the man she needs. So Iris may have a slightly infamous past and a family who more than dabs in art forgeries. Iris inherited some of their not so slightly shady skills and unfortunately now some dangerous people want to use her. When the bad guys don't take no for an answer and they try to abduct her, it's her sexy bodyguard next door who comes to her rescue. Suddenly she's got his protection. The bad guys want her art skills, the Feds in stiff suits want her to work a sting, and Pierce He just wants her to be his. And what Pierce wants he will get. Even if he has to take down an undercover art ring and take on the Feds, he will stay by Iris's side. He's not just going to be her bodyguard. Before they are done, he plans to be one hell of a lot more to her.

Author's Note: Does it get better than having a seriously buff, ready to handle any threat bodyguard right next door? For Iris Stuart, this turn of events is probably the best thing that has ever happened to her. But falling for sexy Pierce wasn't supposed to happen. She's the bad girl. He's the hero. Except maybe a bad girl can win the heart of the hero, provided of course that they can survive the danger heading their way. It's time for another WILDE ride. What can you expect? Hot times, lots of danger, humor, thrills, and a guaranteed happy ending.

Forbidden Bite Cynthia Eden, 2017-06-16. Don't look into her eyes. If you do, she'll take your soul. Werewolf Griffin Romeo has new prey, a sexy female vamp named Isabella, who has been hunting in Sin City, and it's Griffin's job to stop her. Tracking Isabella is easy work for an alpha wolf, but once he gets close to gorgeous Isabella, Griffin's careful plans go straight to hell. Because with one bite, he's absolutely hooked on her. Lost mated Vamps and werewolves are supposed to be sworn enemies. They aren't supposed to feel a white-hot attraction that burns soul-deep. Now that he's found his mate, Griffin isn't about to let Isabella go, especially not when he learns that Isabella isn't the killer who is attacking humans in Vegas. Griffin's mate has been set up, and he'll fight with a wolf's fury to find the enemy who is working against them both. Someone wants Isabella to be judged guilty by the wolves in Vegas, but Griffin won't let that happen. Their mating may be forbidden, but Griffin and Isabella are about to show the paranormal world just how fiercely a vamp and werewolf can fight for each other, because mates bond forever. And nothing will come between them.

Author's Note: FORBIDDEN BITE is a short sexy story, 32,000 words about one hot werewolf and his sexy vamp mate. Lust comes first and fast in this tale, and then love is close behind. If you enjoy a hero who will gladly sacrifice everything for his lady, hot times and a happy ending, then maybe you should take a BITE.

Prime Obsession John Derbyshire,2003-04-15 In August 1859 Bernhard Riemann a little known 32 year old mathematician presented a paper to the Berlin Academy titled On the Number of Prime Numbers Less Than a Given Quantity In the middle of that paper Riemann made an incidental remark a guess a hypothesis What he tossed out to the assembled mathematicians that day has proven to be almost cruelly compelling to countless scholars in the ensuing years Today after 150 years of careful research and exhaustive study the question remains Is the hypothesis true or false Riemann s basic inquiry the primary topic of his paper concerned a straightforward but nevertheless important matter of arithmetic defining a precise formula to track and identify the occurrence of prime numbers But it is that incidental remark the Riemann Hypothesis that is the truly astonishing legacy of his 1859 paper Because Riemann was able to see beyond the pattern of the primes to discern traces of something mysterious and mathematically elegant shrouded in the shadows subtle variations in the distribution of those prime numbers Brilliant for its clarity astounding for its potential consequences the Hypothesis took on enormous importance in mathematics Indeed the successful solution to this puzzle would herald a revolution in prime number theory Proving or disproving it became the greatest challenge of the age It has become clear that the Riemann Hypothesis whose resolution seems to hang tantalizingly just beyond our grasp holds the key to a variety of scientific and mathematical investigations The making and breaking of modern codes which depend on the properties of the prime numbers have roots in the Hypothesis In a series of extraordinary developments during the 1970s it emerged that even the physics of the atomic nucleus is connected in ways not yet fully understood to this strange conundrum Hunting down the solution to the Riemann Hypothesis has become an obsession for many the veritable great white whale of mathematical

research Yet despite determined efforts by generations of mathematicians the Riemann Hypothesis defies resolution Alternating passages of extraordinarily lucid mathematical exposition with chapters of elegantly composed biography and history Prime Obsession is a fascinating and fluent account of an epic mathematical mystery that continues to challenge and excite the world Posited a century and a half ago the Riemann Hypothesis is an intellectual feast for the cognoscenti and the curious alike Not just a story of numbers and calculations Prime Obsession is the engrossing tale of a relentless hunt for an elusive proof and those who have been consumed by it
