in the New England region combined with an academic career centered on American history equipped him with a comprehensive understanding of the regional tensions that shaped the South. Hart's passion for dissecting national narratives is evident in *The Southern South* as he offers deep insights drawn from both personal experience and scholarly observation of the prevailing issues of his time. I wholeheartedly recommend *The Southern South* to scholars, students, and anyone interested in the nuanced intricacies of American history. Hart's compelling analysis not only contextualizes historical events but also invites readers to engage with the enduring complexities of Southern culture and identity, making this work a crucial contribution to our understanding of the American experience.

The Negro a Beast Charles Carroll, 2015-08-08 Excerpt from *The Negro a Beast Or in the Image of God The Reasoner of the Age the Revelator of the Century The Bible as It Is The Negro and His Relation to the Human Family The Negro Not the Son of Ham* About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Dark Symphony James A. Emanuel, Theodore L. Gross, 1968-11 Ninety-one selections from major Negro writings of the 19th and 20th centuries, prefaced by an introduction to each author.

The Arrogance of Faith Forrest G. Wood, 1991

Racism in American Popular Media Brian D. Behnken, Gregory D. Smithers, 2015-03-24 This book examines how the media, including advertising, motion pictures, cartoons, and popular fiction, has used racist images and stereotypes as marketing tools that malign and debase African Americans, Latinos, American Indians, and Asian Americans in the United States. Were there damaging racist depictions in *Gone with the Wind* and children's cartoons such as *Tom and Jerry* and *Mickey Mouse*? How did widely known stereotypes of the Latin lover, the lazy Latino, the noble savage, and the violent warrior American Indian and the Asian as either a martial artist or immoral and tricky come about? This book utilizes an ethnic and racial comparative approach to examine the racism evidenced in multiple forms of popular media, enabling readers to apply their critical thinking skills to compare and analyze stereotypes, grasp the often subtle sources of racism in the everyday world around us, and understand how racism in the media was used to unite white Americans and exclude ethnic people from the body politic of the United States. Authors Brian D. Behnken and Gregory D. Smithers examine the popular media from the late 19th century through the 20th century to the early 21st century. This broad coverage enables readers to see how depictions of people of color, such as Aunt Jemima, have been consistently stereotyped back to the 1880s and to grasp how those depictions have changed over time. The book's chapters explore racism in the popular fiction, advertising, motion pictures, and cartoons of the United States and examine the multiple groups affected by this racism, including African Americans, Latino, and Asian.

Americans and American Indians Attention is also paid to the efforts of minorities particularly civil rights activists in challenging and combating racism in the popular media *The Negro a Beast; Or, in the Image of God; The Reasoner of the Age, the Revelator of the Century! the Bible as It Is! the Negro and His Relation to the Human Family! ... the Negro Not the Son of Ham .. - Scholar's Choice Edition* Charles Carroll,2015-02-12 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Christian Supremacy** Magda Teter,2023-05-16 Appalling events in recent years have brought home to us the pervasiveness of white supremacist views practices and structures in both the United States and in Europe This stunningly ambitious sweeping cultural and intellectual history explores their Christian origins It also argues for the enduring importance of these origins even if contemporary white supremacists do not always rely on explicitly religious rationales for their ideas Magda Teter s book traces modern day anti Jewish and anti Black prejudice back to pervasive notions of Christian superiority developed in the early Christian church She thus connects anti Jewish sentiments with anti Black racism without arguing that these are the same thing or that one led to the other Based on an examination of primary evidence across a wide geographical and historical array of sources theological legal artistic and philosophical Teter shows how the Christian claim of superiority emerged in a theological context in antiquity and was later implemented in a legal and political context when Christianity became a political power And in the early modern era when Europeans expanded their political reach beyond Europe with the establishment of commerce driven slaveholding empires Christian claims were transformed decisively into a racialized sense of superiority that became institutionalized in law and politics Less Than Human David Livingstone Smith,2024-09-04 A revelatory look at why we dehumanize each other with stunning examples from world history as well as today s headlines Winner of the 2012 Anisfield Wolf Book Award for Nonfiction Smith s compelling study and his argument that the study of dehumanization be made a global priority to prevent future Rwandas or Hiroshimas is well made and important Publishers Weekly Brute Cockroach Lice Vermin Dog Beast People often regard other members of humankind as less than human and use terms like these for those whom they wish to harm enslave or exterminate Dehumanization has made atrocities like the Holocaust the genocide in Rwanda and the slave trade possible But

it isn't just a relic of the past. We still find it in war, genocide, xenophobia, and racism. Smith shows that it is a dangerous mistake to think of dehumanization as the exclusive preserve of Nazis, communists, terrorists, Jews, Palestinians, or any other monster of the moment. We are all potential dehumanizers just as we are all potential objects of dehumanization. *Less Than Human* is the first book to illuminate precisely how and why we sometimes think of others as subhuman creatures. It draws on a rich mix of history, evolutionary psychology, biology, anthropology, and philosophy to document the pervasiveness of this phenomenon, describe its forms, and explain why we so often resort to it. *Less Than Human* is a powerful and highly original study of the roots of human violence and bigotry, and it is as timely as it is relevant. Smith offers an impressively thorough survey of dehumanization as it has been deployed against Jews, African Americans, and other Others as an accompaniment to exploitation and extermination. Los Angeles Review of Books

The New Abolition Gary Dorrien, 2015-09-29 The black social gospel emerged from the trauma of Reconstruction to ask what a new abolition would require in American society. It became an important tradition of religious thought and resistance, helping to create an alternative public sphere of excluded voices and providing the intellectual underpinnings of the civil rights movement. This tradition has been seriously overlooked despite its immense legacy. In this groundbreaking work, Gary Dorrien describes the early history of the black social gospel from its nineteenth-century founding to its close association in the twentieth century with W. E. B. Du Bois. He offers a new perspective on modern Christianity and the civil rights era by delineating the tradition of social justice theology and activism that led to Martin Luther King Jr.

Anthropology. Classic collection (12 Books). Illustrated Emile Durkheim, Edward Burnett Tylor, Alfred C. Haddon, Margaret Mead, Bronisław Malinowski, 2025-07-15 Anthropology Classic Collection presents a comprehensive anthology featuring 15 illustrated books that represent foundational works in the field of anthropology. This collection includes seminal texts such as *Coming of Age in Samoa* by Margaret Mead, *The Elementary Forms of the Religious Life* by Emile Durkheim, *History of Anthropology*, *Argonauts of the Western Pacific* by Bronisław Malinowski, *Sex and Repression in Savage Society*, and others. *Coming of Age in Samoa* offers insights into the cultural practices and social dynamics of Samoan society, challenging Western notions of adolescence and sexuality. *The Elementary Forms of the Religious Life* explores the role of religion in human societies, presenting a seminal theory on the origins and functions of religious beliefs and rituals. *History of Anthropology* provides a comprehensive overview of the development of anthropology as a discipline, tracing its evolution from its early roots to contemporary practices. *Argonauts of the Western Pacific* offers an ethnographic study of the Trobriand Islanders, providing insights into their social organization, economic practices, and rituals surrounding the Kula exchange. *Sex and Repression in Savage Society* delves into the complexities of sexuality and social norms in traditional societies, challenging Western assumptions about sexual behavior and repression. Enhanced with illustrations, this collection brings to life the diverse cultures, rituals, and social structures discussed in the texts, offering readers a visually engaging and intellectually stimulating exploration of anthropology. Whether delving into the intricacies of cultural practices or examining

broader themes of human society and behavior Anthropology Classic Collection provides a comprehensive and insightful journey through the rich tapestry of human culture and diversity Contents Emile Durkheim The Elementary Forms of the Religious Edward Burnett Tylor Primitive culture vol 1 2 Alfred C Haddon Magic and Fetishism Legends of the Torres Straits History of anthropology Margaret Mead Coming of Age in Samoa Bronis aw Malinowski Argonauts of the Western Pacific Crime and Custom in Savage Society Myth in Primitive Psychology Sex and Repression in Savage Society Freedom the Spirits of the Dead in the Trobriand Islands Noah's Curse Stephen R. Haynes,2002-03-28 A servant of servants shall he be unto his brethren So reads Noah s curse on his son Ham and all his descendants in Genesis 9 25 Over centuries of interpretation Ham came to be identified as the ancestor of black Africans and Noah s curse to be seen as biblical justification for American slavery and segregation Examining the history of the American interpretation of Noah s curse this book begins with an overview of the prior history of the reception of this scripture and then turns to the distinctive and creative ways in which the curse was appropriated by American pro slavery and pro segregation interpreters Anti-Atheist Nation Petra Klug,2022-12-30 Atheists are a growing but marginalized group in the American religious patchwork and they have been the target of ridicule and discrimination throughout the nation s history This book is the first comprehensive study of anti atheism in the United States It traces anti atheism through five centuries of American history from colonization to the era of Donald Trump and contemporary conspiracy ideologies such as the atheist New World Order Describing anti atheist prejudices and explaining the social and psychological mechanisms behind anti atheist attitudes it will appeal to scholars of sociology religious studies and history with interests in religion in the United States *"The Negro a Beast," Or "in the Image of God"* Charles Carroll,2017-09-08 Charles Carroll typifies his era White privileged a slave owner He contends that the Black population are literally not people and yet this takes nothing from him as a first hand source or as a primary account giver of the thought process so prevalent at the time This book was originally published at the dawn of the 20th century and only by engaging critically with the material contained within is it possible to truly understand the climate which created the iterations of violent racism that America s black population weathered Carroll makes reference in The Negro A Beast to both a vague concept of evolution and a selective kind of biblical argument to make his point The understanding of evolution that he displays however is deeply flawed preserving in aspic for the reader a set of popular misconceptions of his age In his biblical inspiration he relies heavily on the arch traditionalism of Saint Paul with little interest in the Gospels No modern reader could give credence to Carroll s deeply prejudiced view and his argument will scarcely make a jot of difference in that regard The fascination in this volume is to pry into the mind of the contemporary white reader who may have found this volume convincing This combination of once new scientific theory and traditional Christian orthodoxy would have been seductive to a particular readership in 1900 and it is those people we try to understand here What would have taken them in Which explanations would have appealed to those benefiting from the desperately unequal social structure

What type of faith led to this view as opposed to those devout persons who devoted themselves to the abolition Start to find out here About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Hybrid Hate Tudor Parfitt, 2020-11-06 Hybrid Hate is the first book to study the conflation of antisemitism and anti Black racism As objects of racism Jews and Blacks have been linked together for centuries as peoples apart from the general run of humanity In this book Tudor Parfitt investigates the development of antisemitism anti Black racism and race theory in the West from the Renaissance to the Second World War Parfitt explains how Jews were often perceived as Black in medieval Europe and the conflation of Jews and Blacks continued throughout the period of the Enlightenment With the discovery of a community of Black Jews in Loango in West Africa in 1777 and later of Black Jews in India the Middle East and other parts of Africa the notion of multiracial Jews was born Over the following centuries the figure of the hybrid Black Jew was drawn into the maelstrom of evolving theories about race hierarchies and taxonomies Parfitt analyses how Jews and Blacks were increasingly conflated in a racist discourse from the mid nineteenth century to the period of the Third Reich as the two fundamental prejudices of the West were combined Hybrid Hate offers a new interpretation of the rise of antisemitism and anti Black racism in Europe and casts light on contemporary racist discourses in the United States and Europe
