Religion and Science Fiction James H. Thrall, 2024-05-17 Religion and Science Fiction: An Introduction guides students into deeper understanding of how religion and science fiction engage often overlapping questions. This textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction. The goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be religious. With discussion questions lists of key terms extensive additional resources and suggestions for projects and essay questions this book is a foundational text for students and instructors of religion and science fiction.

Horror Literature through History Matt Cardin, 2017-09-21 This two volume set offers comprehensive coverage of horror literature that spans its deep history dominant themes significant works and major authors such as Stephen King Edgar Allan Poe and Anne Rice as well as lesser known horror writers. Many of today's horror story fans who appreciate horror through movies television video games graphic novels and other forms probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. Horror Literature through History shows 21st century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors critical analyses of important works and overview essays focused on horror during particular periods as well as on related issues such as religion apocalypticism social criticism and gender readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two volume reference set provides wide coverage that is current and compelling to modern readers who are of course also eager consumers of entertainment. In the first section overview essays on horror during different historical periods situate works of horror literature within the social cultural historical and intellectual currents of their respective eras creating a seamless narrative of the genre's evolution from

ancient times to the present The second section demonstrates how otherwise unrelated works of horror have influenced each other how horror subgenres have evolved and how a broad range of topics within horror such as ghosts vampires religion and gender roles have been handled across time The set also provides alphabetically arranged reference entries on authors works and specialized topics that enable readers to zero in on information and concepts presented in the other sections

Possibility's Parents Margaret Seyford Hrezo, Nicholas Pappas, 2019-10-23 This book links the questions people ask about why things exist why the world is the way it is and whether and how it is possible to change their society or world with the societal myths they develop and teach to answer those questions and organize and bring order to their communal lives It also is about the need for change in western societies current organizing concept classical Lockean liberalism Despite the attempts of numerous insightful political thinkers the myth of classical liberalism has developed so many cracks that it cannot be put back together again If not entirely failed it is at this point unsalvageable in its present form Never the thought of just one person the liberal model of individual religious political and economic freedom developed over hundreds of years starting with Martin Luther's dictum that every man should be his own priest Although classical liberalism means different things to different people at its most basic level this model sees human beings as individuals who exist prior to government and have rights over government and the social good That is the individual right always trumps the moral and social good and individuals have few obligations to one another unless they actively choose to undertake them Possibility's Parents argues that Lockean liberalism has reached the end of its logic in ways that make it unable to handle the western world's most pressing problems and that novelists whose writing includes the form and texture of myth have important insights to offer on the way forward

Mary Poppins in Popular Culture Renáta Lengyel-Marosi, 2024-04-11 Hermione's bottomless bag Paddington's hard stare Nanny McPhee's mysterious and magical personality Yondu's flying arrow These seemingly unrelated characters personality traits and magical belongings all merge under Mary Poppins's umbrella Australian born P L Travers's iconic English governess has

been entertaining readers worldwide since 1934 Over time the audience for Mary Poppins has only grown as a result of various film and stage adaptations e g Disney s Mary Poppins in 1964 and 2018 This book aims to inform those professionals who are eager to discover more about the connection between popular culture and children s literature concerning Mary Poppins It is the first to collect and introduce films sitcoms and other books that have adapted Mary Poppins s most characteristic personality traits such as her bitter sweet ironic mood unusual teaching methods and her use of magical accessories such as her umbrella and carpet bag

The Fiction of Dread Robert T. Tally Jr.,2023-12-14 A history and examination of dystopia and angst in popular culture that speaks to our current climate of dread At the dawn of the 20th century a wide ranging utopianism dominated popular and intellectual cultures throughout Europe and America However in the aftermath of the World Wars with such canonical examples as Brave New World and Nineteen Eighty Four dystopia emerged as a dominant genre in literature and in social thought The continuing presence and eventual dominance of dystopian themes in popular culture e g dismal authoritarian future states sinister global conspiracies post apocalyptic landscapes a proliferation of horrific monsters and end of the world fantasies have confirmed the degree to which the 21st is also a dystopian century Drawing on literature as varied as H G Wells s The Time Machine Neil Gaiman s American Gods and Suzanne Collins s The Hunger Games and on TV and film such as The Walking Dead Black Mirror and The Last of Us Robert T Tally Jr explores the landscape of angst created by the monstrous accumulation of dystopian material The Fiction of Dread provides an innovative reading of contemporary culture and offers an alternative vision for critical theory and practice at a moment when as has been famously observed it is easier to imagine the end of the world than the end of capitalism

From Here to Hogwarts Christopher E. Bell,2015-11-27 The social relations societal structures and existential conundrums in the world of Harry Potter novels reflect our own When the authoritarianism of Hogwarts falls upon Harry it is an echo of disciplinary practices in real world high schools The economic inequities of the wizarding world mirror those of modern societies The art literature and mass media of wizard society reveal our deep rooted fears Harry s world is our world This collection presents new essays by contributors across a range of disciplines bringing fresh perspectives on one of the most influential texts in modern history

Mapping Home in Contemporary Narratives Aleksandra Bida,2018-09-22 By offering an analysis of the idea of home across the individual interpersonal social and global scales Mapping Home aims to show the extent to which self concept is deeply tied to constructions of home in a globally mobile age The epistemological link between dwelling as

knowing oneself and the experience of welcome as key to being able to map one's place(s) in the world are examined through Martin Heidegger's concept of dwelling Zygmunt Bauman's notion of liquid modernity Jacques Derrida's exploration of hostile hospitality and Kwame Anthony Appiah's sense of cosmopolitanism as border crossing conversation To further explore these ideas the book draws on multimodal literature and films that span genres including gothic horror fantasy and science fiction thoughtful comedies and politically nuanced tragedies The quality that deeply links the texts is their ability to illuminate the stabilities and mobilities through which home not only mediates but also integrates an individual's diverse experiences of belonging in different locations as well as on different geocultural scales from the intimate household to the more abstract hometown or homeland and beyond

The Human Relationship with Information Mark Lenker, 2025-06-30

The Human Relationship with Information uses a philosophical lens to explore questions about the fundamental place of information in a fulfilling human life Drawing on the author's experience as an instruction librarian and from research by others working in the humanities psychology and information science this book suggests new directions for information ethics and information literacy Questioning what makes an encounter with information meaningful for the people librarians and educators serve Lenker also considers what our uncertain life expectancies and limited attention spans mean for the ways we prioritize our time with information Considering what the characteristics of an excellent mind are this book explores how our information consumption habits nurture or hinder the development of those qualities Inviting readers to think about how information consumes a precious and finite resource our attention this book ultimately explores how best to have a rich satisfying life with information *The Human Relationship with Information* will inspire librarians and other educators to take a second look at their work and think more deeply and sincerely about how information shapes the lives of the people they serve It will be essential reading for anyone thinking about the ways that information and libraries enrich and sometimes complicate people's quality of life

Death and Garden Narratives in Literature, Art, and Film Feryal Cubukcu, Sabine Planka, 2020-07-30

Death and Garden Narratives in Literature Art and Film *Song of Death in Paradise* explores the combination of two motifs death and gardens to show how the two subjects are intertwined and used in various media and cultural contexts Using cultural literary film and art history theories the contributors analyze various death and garden sceneries in literary works by Arthur Machen Agatha Christie J K Rowling as well as in superhero comics films and cultural and art contexts such as Ian Hamilton Finley's *Little Sparta* the poetic verses from the Karoo Desert National Botanical Garden in South Africa and the Australian wilderness

Only Imagine Kathleen Stock, 2017

Only Imagine offers a theory of fictional content or as it is sometimes known fictional truth The theory of fictional content Kathleen Stock argues for is known as extreme intentionalism the idea that the fictional content of a particular work is equivalent to exactly what the author of the work intended the reader to imagine Historically this sort of view has been highly unpopular Literary theorists and philosophers alike have poured scorn upon it The first half of this book attempts to argue that it should in fact be taken

very seriously as an adequate account of fictional truth better in fact than many of its more popular rivals The second half explores various explanatory benefits of extreme intentionalism for other issues in the philosophy of fiction and imagination Namely can fiction give us reliable knowledge Why do we resist imagining certain fictions What in fact is a fiction And how should the imagination be characterised
