*Contingent Citizens* Elizabeth Hull, 2020-05-27 *Contingent Citizens* examines the ambiguous state of South Africa's public sector workers and the implications for contemporary understandings of citizenship. It takes us inside an ethnography of the professional ethic of nurses in a rural hospital in KwaZulu Natal, shaped by a deep history of mission medicine and changing forms of new public management. Liberal democratic principles of transparency, decentralization, and rights, though promising freedom from control, often generate fear and insecurity instead. But despite the pressures they face, Elizabeth Hull shows that nurses draw on a range of practices from international migration to new religious movements to assert new forms of citizenship. Focusing an anthropological lens on professionalism, Hull explores the major fault lines of South Africa's fragmented social landscape: class, gender, race, and religion, to make an important contribution to the study of class formation and citizenship. This prize-winning monograph will be of interest to scholars of anthropology, development studies, sociology, and global public health.

*Sports Coaching: The Basics* Laura Purdy, 2017-10-12 *Sports Coaching: The Basics* is an engaging and provocative introduction to sports coaching which combines coaches' views and experiences of their work with discussions and topical issues that feature in this fast-growing field. In doing so, coaches are placed at the centre of the discussions relating to philosophical, historical, sociological, psychological, and pedagogical interpretations of contemporary practice. Consequently, the book prompts questions such as: What is coaching? What does it mean to be a coach? How do coaches influence athletes/players? How do coaches learn? What is it like to be a coach? In considering these questions, readers are encouraged to reflect upon their experiences of coaching and to start conversations with others about coaches' work. Therefore, the book is of use for coaches, those interested in studying sports coaching, and coach educators or facilitators of coach learning initiatives.
