New Religious Movements And Religious Liberty In America:

New Religious Movements and Religious Liberty in America Derek Davis, Barry Hankins, 2020-11-15 New nontraditional religious movements are the most likely groups to offend mainstream culture and the least likely to have representatives in government to ensure that their liberty is protected These new religious movements are sometimes ostracized and subject to various forms of discrimination As America becomes increasingly pluralistic with more and more groups contributing to the nation s religious mosaic new religious movements may well play an increasing role in the course of religious liberty in America just as groups such as the Jehovah s Witnesses did formerly This book explores the problems and possibilities posed by new religious movements for religious liberty in America

New Religious Movements and Religious Liberty in America Derek Davis, Barry Hankins, 2003 New nontraditional religious movements are the most likely groups to offend mainstream culture and the least likely to have representatives in government to ensure that their liberty is protected These new religious movements are sometimes ostracized and subject to various forms of discrimination As America becomes increasingly pluralistic with more and more groups contributing to the nation s religious mosaic new religious movements may well play an increasing role in the course of religious liberty in America just as groups such as the Jehovah s Witnesses did formerly This book explores the problems and possibilities posed by new religious movements for religious liberty in America

Violence and New Religious Movements James R. Lewis, 2011-04-06 Violence involving alternative religions has long been a topic of intense public interest This volume examines the famous incidents of murder and suicide concerning Jonestown Heaven s Gate AUM Shinrikyo the Branch Davidians and the Solar Temple and other less prominent new religions This collection of essays represents the culmination of decades of reflection by specialists in the field

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the

various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-10-19 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States

Utopias in American History Jyotsna Sreenivasan, 2008-10-24 An insightful look at the long tradition of communal societies in the United States from colonial times to the present examining their ideological foundations daily life and relationships to mainstream American society With this volume a fascinating yet often overlooked part of the American story is brought to the forefront In *Utopias in American History* independent scholar Jyotsna Sreenivasan makes the case that from the founding of the American colonies to the hippie communes of the 1960s to the

cohousing movement which started in the 1990s the United States has the most sustained tradition of utopianism of any modern country Accessible yet authoritative and highly informative Utopias in American History offers dozens of alphabetically organized entries covering all aspects of communal societies from colonial times to the present Featured are descriptions of over 40 major utopian communities both religious and secular Entries are organized in terms of their histories belief systems leadership economics daily life and the reactions they drew from mainstream society The Oxford Handbook of New Religious Movements James R. Lewis, Inga Bårdsen Tøllefsen, 2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs **American Sociology of Religion**, 2007-08-31 This is a collection of histories of various aspects of American sociology of religion The contributions range from descriptions of early dissertations accounts of changes in theoretical conceptualization the evolution of studies of particular denominations to the rise of new areas of inquiry such as globalization feminism new religions and the study of the religious traditions of Latino Americans Taken as a whole the volume complements rather than duplicates commemorative issues of the relevant journals which focused on the scholarly organizations in the field It represents a first effort to develop an organized treatment of the fascinating history of the specialty in the U S A America's Religions Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated *Kids of Knutby* Sanja Nilsson, 2023-09-29 This book tells the story of the children and youth of the charismatic new religious commune Knutby Filadelfia in Sweden It recounts the history of the congregation which started out as a part of the Swedish Pentecostal movement in 1921 In the 1990s it developed into a new religion when the congregation's female pastor embraced the role of the Bride of Christ The congregation became widely known in 2004 when one of its members was murdered by another member the latter claiming to have been acting on orders from God In 2018 the congregation dissolved after a few years of internal crisis Sanja Nilsson provides rich empirical analysis of archival material and interviews with the congregation's children and youth The young informants' personal perspectives on their own childhoods encompass narratives from their time inside the congregation when they identified as members of a stigmatized minority religion as well as from the time after the dissolution of the group when they identified as defectors from what they came to view as a sectarian milieu This work offers a comprehensive insight into the Knutby Filadelfia congregation a group that although notoriously charted by the media has been hitherto unexplored by academics It adds to the growing field of studies concerned with childhoods within new religions and expounds the dynamics of the defection process from the rarely applied perspective of children and youth themselves *Routledge Revivals: Encyclopedia of American Civil Liberties (2006)* Paul Finkelman, 2018-02-05 Originally published in 2006 the Encyclopedia of American Civil Liberties is a comprehensive 3 volume set covering a broad range of topics in the subject of American Civil Liberties The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The

Encyclopedia also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book's multidisciplinary approach will make it an ideal library reference resource for lawyers scholars and students Among the Scientologists Donald A. Westbrook, 2019 The Church of Scientology is one of the most recognizable American born new religions but perhaps the least understood With academic and popular interest on the rise many books have been written about Scientology and surely more will follow Although academics have begun to pay more attention to Scientology the subject has received remarkably little qualitative attention Indeed no work has systematically addressed such questions as what do Scientologists themselves have to say about their religion's history theology and practices How does Scientology act as a religion for them What does lived religion look like for a Scientologist This is not so much a book about the Church of Scientology its leaders or its controversies as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves Drawing on six years of interviews fieldwork and research conducted among members of the Church of Scientology this groundbreaking work examines features of the new religion's history theology and praxis in ways that move discussion beyond apostate driven and expos accounts Christian Approaches to Other Faiths Paul Hedges, Alan Race, 2008 A textbook that explains the history rationale and workings of the various approaches It deals with attitudes towards different faiths considering the problems and relations that exist with Christian approaches

What Is an American Muslim? 'Abd Allāh Aḥmad Na'im, 2014-03 Abdullah An-na'im offers a pioneering exploration of American Muslim citizenship and identity arguing against the prevalent emphasis on majority minority politics and instead promoting a shared citizenship that both accommodates and transcends religious identity Many scholars and community leaders have called on American Muslims to engage with or integrate into mainstream American culture Such calls tend to assume that there is a distinctive monolithic minority religious identity for American Muslims Rejecting the closed categories that determine the minority status of a particular group and that in turn impede active engaged citizenship An-na'im draws attention to the relational nature of identity emphasizing a common base of national membership and advancing a legal approach to a public recognition of a person's status as citizen Rather than perceive themselves or accept being perceived by others as a monolithic minority he argues American Muslims should view themselves as American citizens who happen to be Muslims As American citizens they share a vast array of identities with other American citizens whether ethnic political or socio economic But none of these identities qualify or limit their citizenship An-na'im urges members of the American Muslim community to take a proactive affirmative view of their citizenship in order to realize their rights fully and fulfill their obligations in social and cultural as well as political and legal terms He shows that the freedom to associate with others in order to engage in civic action to advance rights and interests is integral to the underlying rationale of citizenship and not something that must be relinquished to become an American citizen What Is an American Muslim provides acute insight into the nature of citizenship and identity the place of religious affiliation in American society and what it means to

share in a collective identity Regulating Religion James T. Richardson, 2012-12-06 Regulating Religion Case Studies from Around the Globe presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups. It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them. As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order. The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas. This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers The Theatre of the Occult Revival E. Langan, 2014-11-19 This book explores the religious foundations political and social significance and aesthetic aspects of the theatre created by the leaders of the Occult Revival. Langan shows how theatre contributed to the fragmentation of Western religious culture and how contemporary theatre plays a part in the development of alternative occult religions Understanding and Teaching Contemporary US History Since Reagan Kimber Quinney, Amy L. Sayward, 2022-12-20 Introduction Teaching contemporary history since Reagan Amy L. Sayward and Kimber M. Quinney Life liberty or property analyzing American identity through open resources Monica L. Butler Examining African American voter suppression from Reagan to Trump Aaron Treadwell Work does not stop with this march on Washington LGBTQ national mobilizations 1979 2009 Josh Cerretti Public debate citizenship participation and recent US Supreme Court nominations Leah Vallely The drug war era from the crack epidemic to the opioid crisis Kathryn McLain and Matthew R. Pembleton A difficult balance national security and democracy from Reagan to Trump Kimber M. Quinney Explaining Waco how historians come to different conclusions about what really happened Andrew Polk A nation at risk Education debates and policies from Reagan to Trump Carl P. Watts Undermining the sandbags How neoliberalism encouraged undocumented migration from the 1980s to the early 2020s Benjamin C. Montoya Racializing legality in post 1965 immigration debates Natalie Mendoza Something old something new something purple US military adaptation from the renewed Cold War to resurrected confrontation Hal Friedman Arctic nation climate change changes policy Jeremy M. McKenzie and Laura Krenicki Pushing back nuclear disarmament and peace activism during the Cold War and beyond Lori Clune Framing America for the world understanding US foreign policy rhetoric using presidential speeches before the UN General Assembly Amy L. Sayward Teaching women and US foreign policy Hillary Rodham Clinton and women's rights as human rights Allida Black and Kate English Handbook of Scientology James R. Lewis, 2017-01-05 The Handbook of Scientology brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions. In recent years increasing scholarly attention has been directed at the Church of Scientology resulting in a small tsunami of new scholarship. We have finally reached a point in time where a book on Scientology need not

restrict itself to basics Thus for example the historical chapters in the present volume are not really aimed at providing elementary facts on Scientology's background but rather focus on understanding how the Church of Scientology developed over the years In short the Handbook of Scientology will provide a wealth of new information on a topic that one might otherwise have thought exhausted Contributors are Matthew Charet Dorthe Refslund Christensen Carole M Cusack Bernard Doherty Marco Frenschkowski Liselotte Frisk Kjersti Helles y Don Jolly James R Lewis Renee Lockwood Andr s M t T th G bor D niel Nagy Johanna Petsche Erin Prophet Susan Raine David G Robertson Mikael Rothstein Lisbeth Tuxin Rubin Nicole S Ruskell Shannon Trosper Schorey Michelle Swainson Inga B rdsen T llefsen Hugh G Urban Donald A Westbrook and Benjamin Zeller

Religion Online August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 Religion Online provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media faith communities and practices of all sorts Recent research on Apple users video games virtual worlds artificial intelligence digital music and sports as religion supports the idea that media and religion once considered separate entities are in many cases the same thing New media and religious practice can no longer be detached this two volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization autonomous religious worship millennials affinity for new media and the rise of fundamentalism in the global south While other works describe case studies this book explains how new media are interwoven into the very fabric of religious belief behavior and community Chapters break down the past present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements The book also examines the impacts of digital media on beliefs and practices around the world In exploring these subjects it calls on the study of culture namely anthropology to conceptualize a technological period as significant as the industrial revolution

Religious Liberty, Volume 2 Douglas Laycock, 2010 One of the most respected and influential scholars of religious liberty in our time Douglas Laycock has argued many crucial religious liberty cases in the U S appellate courts and Supreme Court His noteworthy scholarly and popular writings are being collected in four comprehensive volumes under the title Religious Liberty This first volume gives the big picture of religious liberty in the United States fitting a vast range of disparate disputes into a coherent pattern from public school prayers to private school vouchers to regulation of churches and believers Laycock's clear overviews provide the broad historical helpful context often lacking in today's press

New Religious Movements And Religious Liberty In America Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Religious Movements And Religious Liberty In America has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Religious Movements And Religious Liberty In America has opened up a world of possibilities. Downloading New Religious Movements And Religious Liberty In America provides numerous advantages over

physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Religious Movements And Religious Liberty In America has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Religious Movements And Religious Liberty In America. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Religious Movements And Religious Liberty In America. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Religious Movements And Religious Liberty In America, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Religious Movements And Religious Liberty In America has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Religious Movements And Religious Liberty In America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before
