Chamberlain, 2013-02-15 Chamberlain argues that the focus on Billy the Kid has discouraged broader interpretations of the Lincoln County War she provides a woman's perspective of the historic event and places Susan McSween's life and legacy into the larger context of New Mexico history and of women's experiences in the late nineteenth and early twentieth century Southwest Provided by publisher *New Mexico* Richard Melzer, 2011 A pictorial celebration of New Mexico's history and landscape In celebration of New Mexico's statehood centennial Richard Melzer focuses on the various social and political elements that have made the Land of Enchantment what it is today Filled with images that document the past hundred years New Mexico is a photographic delight accompanied by brief insightful essays that leave the reader in no doubt of a history that is both imposing and exciting in its scope This book is also an official product of the state's centennial celebration Richard Anthony Melzer is a professor of history at the University of New Mexico Valencia Campus He is a former president of the Historical Society of New Mexico and is the author of many books and articles on twentieth century New Mexico history **A Strange Mixture** Sascha T. Scott, 2015-01-21 Attracted to the rich ceremonial life and unique architecture of the New Mexico pueblos many early twentieth century artists depicted Pueblo peoples places and culture in paintings These artists encounters with Pueblo Indians fostered their awareness of Native political struggles and led them to join with Pueblo communities to champion Indian rights In this book art historian Sascha T Scott examines the ways in which non Pueblo and Pueblo artists advocated for American Indian cultures by confronting some of the cultural legal and political issues of the day Scott closely examines the work of five diverse artists exploring how their art was shaped by and helped to shape Indian politics She places the art within the context of the interwar period 1915-30 a time when federal Indian policy shifted away from forced assimilation and toward preservation of Native cultures Through careful analysis of paintings by Ernest L Blumenschein John Sloan Marsden Hartley and Awa Tsireh Alfonso Roybal Scott shows how their depictions of thriving Pueblo life and rituals promoted cultural preservation and challenged the pervasive romanticizing theme of the vanishing Indian Georgia O'Keeffe's images of Pueblo dances which connect abstraction with lived experience testify to the legacy of

these political and aesthetic transformations Scott makes use of anthropology history and indigenous studies in her art historical narrative She is one of the first scholars to address varied responses to issues of cultural preservation by aesthetically and culturally diverse artists including Pueblo painters Beautifully designed this book features nearly sixty artworks reproduced in full color
