Childs,1993-04 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Child s lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament s interest in the Old Rather Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices each of which retains continuing integrity and is heard on its own terms **The Holy Bible** ,1879 **Catalogue of the Library of Parliament** Anonymous,2025-08-29 Reprint of the original first published in 1857 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
