Mapping Reality Willie Maartens, 2006-06 We must clearly distinguish between reality, the territory and what we perceive to be reality, the map of the territory. In our journey through life we need something to guide us to give us reassurance that

we are on the right track Modern science has done its best to take that reassurance away from us telling us that there is no destination no purpose in life and that in effect our lives are an accident of Nature Religion too has become equally unhelpful it has become dogmatic sectarian and self serving We have lost the core the real message of religion but we still need true spirituality Indeed we need a map to the Truth Electronic and Electrical Engineering Lionel Warnes,2017-03-14 A third
