EBOOK: Qualitative Psychology Ian Parker, 2004-12-16 An introduction to the varieties of qualitative research in psychology is long overdue and Parker s book should with its broad scope accessible style and controversial viewpoints on trends of the current qualitative wave have a wide audience Steinar Kvale Aarhus University Denmark This is a wonderful insightful and necessary book It takes students through this complex terrain in a clear readable and yet challenging way Bronwyn Davies University of Western Sydney Australia This book makes important contributions to theoretical political and methodological debates on qualitative and action oriented research Bernardo Jim nez Dom nguez Universidad de Guadalajara Mexico For me personally the book worked very well I very much appreciated the fact that the book went beyond a presentation of the state of the art and that it offered new ideas and suggestions about how to take qualitative research further Qualitative Research in Psychology This book is designed as a practical guide for students that is also grounded in the latest developments in theory in psychology Readers are introduced to theoretical approaches to ethnography interviewing narrative discourse and psychoanalysis with each chapter on these approaches including worked examples clearly structured around methodological stages A case is

made for new practical procedures that encourage students to question the limits of mainstream psychological research methods Resource links guide students to theoretical debates and to ways of making these debates relevant to a psychology genuinely concerned with critical reflection and social change The book includes numerous boxes that clearly outline Key issues in the development application and assessment of qualitative research methods Current debates and problems with particular qualitative methods taught in psychology Summaries of methodological stages and points to be aware of in the marking of practical reports in relation to specific methods Coverage of ethical issues reflexivity and good report writing Qualitative Psychology is essential reading for students of psychology and other related social sciences who want a polemical account that will also serve as a well balanced and rigorous introduction to current debates in qualitative psychology

EBOOK: A Good Death: On the Value of Death and Dying Lars Sandman, 2004-09-16 Is there such a thing as a good death Should we be able to choose how we wish to die What are the ethical considerations that surround a good death The notion of a good death plays an important role in modern palliative care and remains a topic for lively debate Using philosophical methods and theories this book provides a critical analysis of Western notions surrounding the dying process in the palliative care context Sandman highlights how our changing ideas about the value of life inevitably shape the concept of a good death He explores the varying perspectives on the good death that come from friends family physicians spiritual carers and others close to the dying person Setting out a number of arguments for and against existing thinking about a good death this book links to the practice of palliative care in several key areas including An exploration of the universal features of dying The process of facing death Preparation for death The environment of dying and death The author concludes that it is difficult to find convincing reasons for any one way to die a good death and argues for a pluralist approach A Good Death is essential reading for students and professionals with an interest in palliative care and end of life issues **Career For Dummies**
