**Sacred House** Alan Andraeas, 2019-10-01 While the House Church Movement is gaining immense popularity throughout many denominational and independent faith communities collectively standing as the largest denomination in the United States, sacramental and liturgical congregations are taking only the most tentative steps toward this venue of worship. Consequently, there exists a vacuum of guidelines or information to support this dynamic ministry model from a uniquely sacramental perspective. In this book, Dr. Andraeas examines the scriptural foundations for liturgical worship, the biblical theological and historical precedents for house churches, and how a union between priestly liturgy and house church worship complement and support each other. He concludes with a vigorous challenge for all sacramental and liturgical jurisdictions to engage their seminarians, clergy, and people in embracing this approach to church planting, evangelism, and community ministry while offering thoughtful and obtainable recommendations.

*God's Relational Presence* J. Scott Duvall, J. Daniel Hays, 2019-11-19 Two leading biblical scholars and bestselling authors offer a fresh approach to the question of the unity of the whole Bible. This book shows that God's desire to be with his people is a thread running from Genesis through Revelation. Duvall and Hays make the case that God's relational presence is central to the Bible's grand narrative. It is the cohesive center that drives the whole biblical story and ties together other important biblical themes such as covenant, kingdom, glory, and salvation history.

Contextualization or Syncretism? Derek Brotherson, 2021-11-11 As Christians seek to follow Paul's example of becoming like all people in order to win them to Christ, a key question arises: How far is too far? Is there a point where appropriate contextualization becomes gospel-distorting syncretism? With the growing prominence of Insider Movements in the Muslim majority world in recent decades, these questions have become especially urgent and hotly debated. Based on an in-depth biblical theological study of key Bible texts used by Insider Movement proponents and critics, this book provides a ground-breaking new assessment tool for distinguishing contextualization from syncretism. It provides an invaluable resource for those engaged in ministry amongst Muslims, for those with questions about Insider Movement practices, and for all who seek to grow in their understanding and practice of biblically grounded and authentic contextualization of the gospel.
