The objective of this series is to develop the student's ability to communicate in Chinese through the study of language structure, language function and related cultural knowledge along with the training of listening, speaking, reading and writing skills. In order to make the study of Chinese easier and more interesting, this textbook has the following features: The student will be in the cultural settings of Chinese society with several international students Ding Libo, son of Gu Bo and Ding Yun Lin Na and Ma Dawei. Through many interesting experiences, the student will not only learn authentic Chinese but also understand Chinese society and culture. The instruction of functional items is emphasized. The student will learn to use Chinese from the very beginning of the learning process. Attention is paid to the instruction of pronunciation, grammar, vocabulary and discourse, and a gradual increase in difficulty. Orderly advances and multiple repeats are stressed along with the usage of four large cycles to help students understand the language structure of Chinese. A new method of teaching Chinese characters is utilized to help students read and write intriguing characters. Combined instruction of the four basic skills, listening, speaking, reading and writing, is emphasized. It offers tremendous flexibility.
