New World, Inc. John Butman, Simon Targett, 2025-04-08 Three generations of English merchant adventurers not the Pilgrims as we have so long believed were the earliest founders of America Profit not piety was their primary motive Some seventy years before the Mayflower sailed a small group of English merchants formed The Mysterie Company and Fellowship of Merchant Adventurers for the Discovery of Regions Dominions Islands and Places Unknown the world's first joint stock company Back then in the mid sixteenth century England was a small and relatively insignificant kingdom on the periphery of Europe and it had begun to face a daunting array of social commercial and political problems Struggling with a single export woolen cloth the merchants were forced to seek new markets and trading partners especially as political discord followed the straitened circumstances in which so many English people found themselves At first they headed east and dreamed of Cathay China with its silks and exotic luxuries Eventually they turned west and so began a new chapter in world history The work of reaching the New World required the very latest in navigational science as well as an extraordinary appetite for risk As this absorbing account shows innovation and risk taking were at the heart of the settlement of America as was the profit motive Trade and business drove English interest in America and determined what happened once their ships reached the New World The result of extensive archival work and a bold interpretation of the historical record New World Inc draws a portrait of life in London on the Atlantic and across the New World that offers a fresh analysis of the founding of American history In the tradition of the best works of history that make us reconsider the past and better understand the present Butman and Targett examine the enterprising spirit that inspired European settlement of America and established a national culture of entrepreneurship and innovation that continues to this day

The Routledge Introduction to Twentieth- and Twenty-First-Century Canadian Poetry Erin Wunker,2022-11-21 When asked the question what is the power of poetry writer Ian Williams said poetry punctures the surface Williams statement that poetry matters and that it does something is at the heart of this book Building from this core idea that poetry perforates the everyday to give greater range to our lives and our thinking the practical and pedagogical aim of this book is twofold the first

aim is to provide students with an introduction to the key cultural political and historical events that inform twentieth and twenty first century Canadian poetry and to familiarize those same readers with poetic movements trends and forms of the same time period This book addresses the aesthetic and social contexts of Canadian poetry written in the twentieth and twenty first centuries it models for its readers the critical and theoretical discourses needed to understand the contexts of literary production in Canada Put differently readers need a sense of the where and how of poetic production to help situate them in the what of poetry itself In addition to offering a historically contextualized overview of the significant movements developments and poets of this time period this book also familiarizes readers with key moments of reflection and rupture such as the effects of economic and ecological crisis global conflicts and debates around appropriation of culture This book is built on the premise that poetry in Canada does not happen outside of political social and cultural contexts Norton's Literary Gazette and Publishers' Circular ,1851 Publishers' Weekly ,1877 *American Literary Gazette and Publishers' Circular* ,1869 **David Bergelson's Strange New World** Harriet Murav,2021-12-22 A contemporary evaluation of Bergelson and his works examining Yiddish literature Jewish culture and modernism David Bergelson 1884 1952 emerged as a major literary figure who wrote in Yiddish before WWI He was one of the founders of the Kiev Kultur Lige and his work was at the center of the Yiddish speaking world of the time He was well known for creating characters who often felt the painful after effects of the past and the clumsiness of bodies stumbling through the actions of daily life as their familiar worlds crumbled around them In this contemporary assessment of Bergelson and his fiction Harriet Murav focuses on untimeliness anachronism and warped temporality as an emotional sensory existential and historical background to Bergelson s work and world Murav grapples with the great modern theorists of time and memory especially Henri Bergson Sigmund Freud and Walter Benjamin to present Bergelson as an integral part of the philosophical and artistic experiments political and technological changes and cultural context of Russian and Yiddish modernism that marked his age As a comparative and interdisciplinary study of Yiddish literature and Jewish culture this work adds a new ethnic dimension to understandings of the turbulent birth of modernism Harriet Murav treats Bergelson with the care and sincerity that literary critics have shown other important writers This is a masterpiece of literary scholarship that will be sure to transform not only how people read Bergelson and who chooses to read Bergelson but how readers engage with the entire concept of modernism itself David Shneer author of *Yiddish and the Creation of Soviet Jewish Culture* 1918 1930 **The English Catalogue of Books** ,1893
