New Religious Movements Challenge And Response:

New Religious Movements Bryan R. Wilson, Jamie Cresswell, 1999 Focusing on five countries Italy Brazil Germany Britain and the United States *New Religious Movements* offers a comprehensive and wide ranging study of the phenomena and impact of new religions

Apologetics, Mission and New Religious Movements: A Holistic Approach Philip Johnson, 2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson's work apart from earlier studies of cults and new religions At the same time his work is innovative in other ways

Researching New Religious Movements Elisabeth Arweck, 2006 This cutting edge analysis of American and European new religious movements explores the controversies between religious groups and the majority interests which oppose them It asks how modern societies can best respond to new religious movements

New Religious Movements in Modern Asian History David W. Kim, 2020-09-30 This book provides evidence that the emergence of Asian new religious movements NRMs was predominantly the result of anti colonial ideology from local religious groups or individuals The contributors argue that when traditional religions were powerless to maintain their cultural heritage the leadership of NRMs adduced alternative principles and the new teachings of each NRM attracted the local people enough for them to change their beliefs The contributors argue that as a whole the Asian new religious movements overall were very ardent and progressive in transmitting their new ideologies The varied viewpoints in this volume attest to the consistent development of Asian NRMs from domestic and international dimensions by replacing old traditional religions

New Religious Movements in the Twenty-first Century Phillip Charles Lucas, Thomas Robbins, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

Encyclopedia of New Religious Movements Peter Clarke, 2004-03-01 New Religious Movements NRMs can involve vast numbers of followers and in many cases are radically changing the way people understand and practice religion and spirituality Moreover many are having a profound impact on the form and content of mainstream religion The Encyclopedia of New Religious Movements provides uniquely global coverage of the phenomenon with entries on over three hundred movement from almost every country in the world Coverage includes movements that derive from the major religions of the world and to neo traditional movements movements often overlooked in the study of NRMs In addition to the coverage of particular movements there are also entries on topics themes key thinkers and key ideas for example the New Age Movement Neo Paganism New Religion and gender NRMs and cyberspace NRMs and the law the Anti Cult Movement Swedenborg Jung Teilhard de Chardin Lovelock Gurdjieff al Banna Qutb The marked global approach and comprehensiveness of the encyclopedia enable an appreciation of the innovative energy of NRMs of their extraordinary diversity and the often surprising ways in which they can propagate geographically The most ambitious publication of its sort the Encyclopedia of New Religious Movements is a major addition to the reference literature for students and researchers of the field in religious studies and the social sciences Entries are cross referenced with short bibliographies for further reading

Current Issues in Law and Religion Silvio Ferrari, 2017-07-05 This volume focuses on issues that have only recently come to the forefront of the discipline such as freedom from religion ordination of homosexuals apostasy security and fundamentalism issues that are linked to the common themes of secularism and globalization Although these subjects are not new to the academic debate they have become prominent in law and religion circles as a result of recent and rapid changes in society The essays in this volume present multiple points of view facilitate scholars in understanding this evolving discipline and act as a stimulus for further research This collection gives the reader a sense of the key topics and current debates in law and religion and is of interest to law politics human rights and religion scholars

Legal Responses to Religious Differences Peter William Edge, 2021-10-25 Until recently English law has lacked any specific generally applicable guarantees of religious rights Thus bodies of law have developed in particular areas where religious interests arise but without a common legal frame The Human Rights Act 1998 however has brought the guarantees of the European Convention on Human Rights most specifically the guarantees of religious rights non discrimination and education rights more fully into English law As well as showing how one legal system has engaged with international obligations in respect of religious rights this text provides a valuable source for comparative study of religious interests in national jurisdictions It explores the particular response of the English legal system when faced with religious difference and considers the extent to which the Human Rights Act may produce significant legal change The text is aimed specifically at both the legal and non legal reader and concludes with a discussion of how to use English legal sources and an extensive bibliography

'Cult Wars' in Historical Perspective Eugene V. Gallagher, 2016-07-01 Cult Wars in Historical Perspective provides a broad characterization of the shifting religious contours over the past several decades Offering an assessment of several important topics in the study of new religions this book explores developments in well known groups such as the Unification movement The Family International Children of God the International Society for Krishna Consciousness ISKCON and the Church of Scientology Bringing together both insiders and outsiders from various academic disciplines and personal perspectives this book takes account of the ways in which the cult question is defined and addressed in different countries It offers a vivid depiction of how the cult wars or cult controversies of the late twentieth and early twenty first centuries first took shape the transformation of deeply entrenched positions on cults and sects as at least some members of new groups cult watchers and academics entered into serious and sustained conversations about topics of mutual concern the shifting foci and concerns of the general public law enforcement and the courts and academics in various countries and the complex histories of individual groups in which many dramatic transformations have occurred despite their comparatively short life spans

Reimagining Korea Yohan Yoo, Song Chong Lee, 2025-07-14 This volume project explores how evolving values and identities in contemporary Korean society are interpreted particularly through the lens of religion positioning it as a window into Korea's dynamic cultural and social landscape As Korea grapples with rapid modernization shifting religious beliefs and expressions

reflect new aspects of the Korean people's values and identity in both personal and communal dimensions We believe that this dynamic backdrop creates a complex web of tensions as Koreans negotiate between established norms and newly infused or internally emerging global ideas inspiring and provoking efforts to navigate and advocate for future directions both within and beyond the country

The Order of the Solar Temple Professor James R Lewis, 2013-05-28 In October 1994 fifty three members of the Order of the Solar Temple in Switzerland and Quebec were murdered or committed suicide This incident and two later group suicides in subsequent years played a pivotal role in inflaming the cult controversy in Europe influencing the public to support harsher actions against non traditional religions Despite the importance of the Order of the Solar Temple there are relatively few studies published in English This book brings together the best scholarship on the Solar Temple including newly commissioned pieces from leading scholars a selection of Solar Temple documents and important previously published articles newly edited for inclusion within this book This is the first book length study of the Order of the Solar Temple to be published in English

Encyclopedia of Contemporary American Social Issues Michael Shally-Jensen, 2010-12-22 This single source reference will help students and general readers alike understand the most critical issues facing American society today Featuring the work of almost 200 expert contributors the Encyclopedia of Contemporary American Social Issues comprises four volumes each devoted to a particular subject area Volume one covers business and the economy volume two criminal justice volume three family and society and volume four the environment science and technology Coverage within these volumes ranges from biotechnology to identity theft from racial profiling to corporate governance from school choice to food safety The work brings into focus a broad array of key issues confronting American society today Approximately 225 in depth entries lay out the controversies debated in the media on campuses in government in boardrooms and in homes and neighborhoods across the United States Critical issues in criminology medicine religion commerce education the environment media family life and science are all carefully described and examined in a scholarly yet accessible way Sidebars photos charts and graphs throughout augment the entries making them even more compelling and informative

Gender and Power in Contemporary Spirituality Anna Fedele, Kim Knibbe, 2013-03-05 This book explores the entanglements of gender and power in spiritual practices and analyzes strategies used by spiritual practitioners to attain what to social scientists might seem an impossible goal creating spiritual communities without creating gendered hierarchies What strategies do people within these networks use to attain gender equality and gendered empowerment How do they try to protect and develop individual freedom How do gender and power nevertheless play a role The chapters in this book together and separately demonstrate that in order to understand contemporary spirituality the analytical lenses of gender and power are essential Furthermore they show that it is not possible to make a clear distinction between established religions and contemporary spirituality the two sometimes overlap and at other times spirituality distances itself from religion while reproducing some of its underlying interpretative frameworks This book does not take the

discourses of spiritual practitioners for granted yet recognizes the reflexivity of spiritual practitioners and the reciprocal relationship between spirituality and disciplines such as anthropology The ethnographic descriptions of lived spirituality included in this volume span a wide range of countries from Portugal Italy and the Netherlands to Mexico and Israel

Religion in Western Society Stephen J. Hunt, 2017-03-14 This book offers a comprehensive account of the nature and expression of contemporary forms of religion in Western societies Drawing both on recent original work and classical and contemporary conceptual frameworks it examines the beliefs practices patterns of organisation and significant trends in both mainstream and fringe religions including cults and quasi religions Competing arguments and theories about key developments are treated fully and fairly and there is a clear sense throughout of the social context The approach is broadly sociological and the well paced jargon free writing style and clearly sectioned chapters make this an ideal text for teaching and study purposes both in sociology and religious studies Amongst the themes and concerns covered are What we mean in the first place by religion Secularisation and new expressions of religiosity The effect of religion on society and the relationship between religion and social change The links between belief belonging and social identity Contemporary Christianity and the religions of ethnic minorities in the West Globalisation religious pluralism and postmodernity STEPHEN J HUNT is Senior Lecturer in Sociology at the University of West of England Bristol He has written widely on contemporary Christianity and new religious movements

Religion and Social Problems Titus Hjelm, 2011-01-21 Although students and scholars of social problems have often acknowledged the role of religion no thorough examinations of the relation between the two have emerged This volume fills this gap by providing a definitive work on the role of religion in assessing constructing and solving social problems Contributors chart the relation between religion and social problems exploring such case studies as the impact of religion on drugs and alcohol use among Muslims the rising importance that religion is given in social policy the role of the Orthodox and Catholic churches in tackling social problems in post communist East Europe and the contested role of religion in the national and international politics of contemporary Japan Religion and Social Problems is a broad and path breaking contribution to the fields of sociology of religion sociology of social problems and religious studies

The Future of Religious Freedom Allen D. Hertzke, 2013 Based on a symposium held in Istanbul Turkey

The Coltrane Church Nicholas Louis Baham III, 2015-08-11 The John Coltrane Church began in 1965 when Franco and Marina King attended a performance of the John Coltrane Quartet at San Francisco's Jazz Workshop and saw a vision of the Holy Ghost as Coltrane took the bandstand Celebrating the spirituality of the late jazz innovator and his music the storefront church emerged during the demise of black owned jazz clubs in San Francisco and at a time of growing disillusionment with counter culture spirituality following the 1978 Jonestown tragedy For 50 years the church has effectively fought redevelopment environmental racism police brutality mortgage foreclosures religious intolerance gender disparity and the corporatization of jazz This critical history is the first book length treatment of an extraordinary African American church and

community institution SCM Core Text: Sociology of Religion Andrew Dawson, 2013-01-25 Sociology of Religion is an increasingly popular component of courses in religious studies at undergraduate level While most textbooks on the Sociology of Religion are written from a sociological background this new student friendly textbook aims to introduce the field and the subjects studied by sociologists of religion to students with a background in theology and religious studies **The Routledge Companion to Theism** Charles Taliaferro, Victoria S. Harrison, Stewart Goetz, 2013 There are deep and pervasive disagreements today in universities and colleges and popular culture in general over the credibility and value of belief in God This has given rise to an urgent need for a balanced comprehensive accessible resource book that can inform the public and scholarly debate over theism While scholars with as diverse interests as Daniel Dennett Terry Eagleton Richard Dawkins Jürgen Habermas and Rowan Williams have recently contributed books to this debate theism as a concept remains poorly understood and requires a more thorough and systematic analysis than it has so far received in any single volume The Routledge Companion to Theism addresses this need by investigating theism's history as well as its relationship to inquiry in the sciences social sciences and humanities and to its wider cultural contexts The contents are not confined within the philosophy of religion or even within the more expansive borders of philosophy Rather The Routledge Companion to Theism investigates its subject through the lens of a wide variety of disciplines and explores the ramifications of theism considered as a way of life as well as an intellectual conviction The five parts of the volume indicate its inclusive scope I What is Theism II Theism and Inquiry III Theism and the Socio Political Realm IV Theism and Culture V Theism as a Way of Life The result is a well ordered and thorough collection that should provide a wide spectrum of readers with a better understanding of a subject that's much discussed but frequently misunderstood As the editors note in their Introduction while stimulating and informing the contemporary debate a key aim of the volume is to open new avenues of inquiry into theism and thereby to encourage further research into this vital topic Comprised of 54 essays by leading scholars in philosophy history theology religious studies political science education and sociology The Routledge Companion to Theism promises to be the most useful comprehensive resource on an emerging subject of interest for students and scholars **The Secular Religion of Franklin Merrell-Wolff** Dave Vliegenthart, 2018-01-16 In The Secular Religion of Franklin Merrell Wolff An Intellectual History of Anti intellectualism in Modern America Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887-1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present
