Career Summary

Jan 2023 - Present

Sheffield Teaching Hospitals NHS Foundation Trust, Sheffield, UK
Newly Qualified Nurse

Outline

Deliver high-quality, safe, and compassionate care in a variety of specialties, for one of the largest integrated providers of acute and community health services with five hospitals and 40+ community bases that delivers outstanding care for local people.

Key Responsibilities

- Perform a range of care assignments under the direct oversight of seasoned nurses and doctors.
- Carry out examinations and other diagnostic tests to identify the cause of mental and physical ailments.
- Determine appropriate interventions based on knowledge of human anatomy and physiology, clinical practices, and pharmacology.
- Encourage individuals to participation in therapeutic activities, as well as instruct patients in treatment methods prescribed by practitioners.
- Explain procedures to patients, family members, and other healthcare providers, while changing bandages and charting health progress.
- Monitor vital signs, report any changes as expected, and prepare equipment for surgery by sterilising instruments.
- Promote the health, prevention, or management of disease, injury, and disability.
- Administer medications and intravenous fluids to reduce illness and restore electrolyte balance.
- Help patients with daily living activities, such as bathing, dressing, grooming, feeding, and toileting.
- Improve professional skills and knowledge by completing preceptorship programmes, and receiving ongoing support from senior practice educators.

Newly Qualified Nurses Cv Sample:

How to Thrive as a Newly Qualified Nurse Carol Forde-Johnston, 2018-10-29 *How to Thrive as a Newly Qualified Nurse* provides a structured programme of support for nursing students and newly qualified nurses during their first year qualified. Packed with practical examples, tips and advice and featuring vignettes from recently qualified nurses, this book will help you to Choose your first nursing post and secure the job you really want. Structure your learning and development in the early stages of your career. Work in a team, prioritise your care, giving and delegate to others. Understand safe staffing, patient acuity and dependency tools, care planning and risk assessment tools. Learn how to escalate concerns and report incidents. Here's what some of our student and NQN reviewers said: The writing style and tone of voice is just right; it reads as though I'm having a conversation with a knowledgeable, trusted friend. I noticed that it answered many of the questions I was always embarrassed to ask. As I thought I should have already known those things I have wanted a book that covers the information provided in this book and have been unable to find one. I think this book will be an incredibly useful resource. Drawing on her 30 years' experience as a Registered Nurse and University Lecturer/Practitioner, Carol Forde-Johnston has written an accessible and practical book that aims to respond to the questions and concerns that her students and NQNs frequently raise and to help you thrive as a newly qualified nurse.

The Newly Qualified Nurse's Survival Guide Jackie Hole, 2018-10-08 Even after years of training and hard work, finding yourself on the threshold of your nursing career is often a daunting prospect. In this revised and updated second edition, Jackie Hole provides clear practical advice on both managing the transition from student to qualified nurse, including getting the most from your final placement and making applications, and practical advice on key areas encountered in the first weeks and months after qualification: Drug safety, dealing with common clinical problems and how and when to seek expert advice are all covered, while a newly written chapter addresses the key area of infection control. Management aspects such as delegation, objective setting, budgeting, prioritisation of care and time management are outlined clearly and engagingly, along with questions of professional development and career futures. This book will be invaluable to newly qualified nurses as well as to student nurses, nurse tutors and experienced nurses wishing to gain an insight into their own practice and changes in the profession.

The Newly Qualified Nurse's Handbook E-Book Bethann Siviter, 2008-02-14 This book has been prepared by professionals working in the UK. It is not a primer on clinical skills but an indispensable handbook and resource for the new nurses who are about to embark on their first job and need to develop nursing judgment and the ability to organise and deliver care. It is about learning how to think like a nurse, developing the judgment and behaviour that is essential in competent practice. With an immensely readable style, this book uses a friendly conversational manner with realistic hints, tips and examples from real life to encourage nurses in the early days of their careers. Issues such as assertiveness, delegation, CVs and interviews, leadership, developing nursing intuition are covered, as well as discussion about evidence-based and reflective practice, direct entry into the community and

developing confidence in practice This book will help nurses and students develop into competent and confident practitioners Written for newly qualified nurses by a nurse therefore authentic Case studies and quotes from nurses show readers that their thoughts and feelings are shared by others this validation will reduce stress and uncertainty and give credibility Humour and cartoons will make the text readable and fun to use Hints tips and practical advice will encourage the anxious graduate Attractive 2 colour design will make the text more easily accessible

How to Thrive as a Newly Registered Nurse, second edition Carol Forde-Johnston, 2023-09-11 How to Thrive as a Newly Registered Nurse provides a structured programme of support for nursing students and newly registered nurses during their first year of registration Fully updated and packed with practical examples tips and advice and featuring vignettes from recently registered nurses this book will help you to Choose your first nursing post and secure the job you really want Structure your learning and development in the early stages of your career Work in a team prioritise your care giving and delegate to others Understand safe staffing patient acuity and dependency tools care planning and risk assessment tools Learn how to escalate concerns and report incidents Understand mental capacity assessment to guide your decisions in practice Understand how to access research opportunities and funding for education Plan your future professional development and career progression Here s what some reviewers said This book reads like you ve got the loveliest mentor you ve ever had holding your hand through the transition from student nurse to registered nurse Just reading it made me feel calmer and better prepared about my imminent start In my opinion Carol Forde Johnston s book is the best transition book I ve read This book is well written and very helpful I recommend it to all our preceptees and they are all grateful to the author for such a wonderful book One of my preceptees called it a manual for all new nurses I noticed that it answered many of the questions I was always embarrassed to ask as I thought I should have already known those things Drawing on over 34 years experience supporting students and newly registered nurses Carol Forde Johnston has written an accessible and practical book that aims to respond to the questions and concerns that her students and NRNs frequently raise and to help you thrive as a newly registered nurse

The Survival Guide for Newly Qualified Child and Family Social Workers Helen Donnellan, Gordon Jack, 2010 This practical guide provides a wealth of suggestions to help you to hit the ground running in the early stages of your new career It provides a range of strategies for managing your time and workload and offers suggestions for finding support coping with stress maintaining job satisfaction and ways of handling difficult situations
