**The Digital Crown** Ahava Leibtag,2013-09-17 In 1997 Bill Gates famously said Content is king Since then the digital marketing world has been scrambling to fulfill this promise as we finally shift our focus to what consumers really want from our brands a conversation The Digital Crown walks you through the essentials of crafting great content the fundamentals of branding messaging business goal alignment and creating portable mobile content that is future ready Systems create freedom and within this book you ll learn the seven critical rules to align your internal and external content processes including putting your audience first involving stakeholders early and often and creating multidisciplinary content teams Complete with case studies and experience drawn directly from global content projects you are invited to observe the inner workings of successful content engagements You ll learn how to juggle the demands of IT design and content teams while acquiring all the practical tools you need to devise a roadmap for connecting and engaging with your customers This is your next step on the journey to creating and managing winning content to engage your audience and keep them coming back for more Discover easy to follow simple breakdowns of the major ideas behind engaging with your customer Learn both the theoretical and practical applications of content and communication on line Maximize on the case studies and real world examples enabling you to find the best fit for your own business

**Sarbanes-Oxley IT Compliance Using Open Source Tools** Christian B Lahti,Roderick Peterson,2007-12-19 The Sarbanes Oxley Act officially titled the Public Company Accounting Reform and Investor Protection Act of 2002 signed into law on 30 July 2002 by President Bush is considered the most significant change to federal securities laws in the United States since the New Deal It came in the wake of a series of corporate financial scandals including those affecting Enron Arthur Andersen and WorldCom The law is named after Senator Paul Sarbanes and Representative Michael G Oxley It was approved by the House by a vote of 423 3 and by the Senate 99 0 This book illustrates the many Open Source cost saving opportunities that public companies can explore in their IT enterprise to meet mandatory compliance requirements of the Sarbanes Oxley act This book will also demonstrate by example and technical reference both the infrastructure components for Open Source that can be made compliant and the Open Source tools that can aid in the journey of compliance Although many books and reference material have been authored on the financial and business side of Sox compliance very little material is available that directly address the information technology considerations even less so on how Open Source fits into that discussion The format of the book will begin each chapter with the IT business and

executive considerations of Open Source and SOX compliance The remaining chapter verbiage will include specific examinations of Open Source applications and tools which relate to the given subject matter Only book that shows companies how to use Open Source tools to achieve SOX compliance which dramatically lowers the cost of using proprietary commercial applications Only SOX compliance book specifically detailing steps to achieve SOX compliance for IT Professionals

Message Not Received Phil Simon, 2015-02-18 Get your message across the right way with clear communication Message Not Received provides the tools and techniques that make an effective writer and public speaker Particularly on topics related to data and technology effective communication can present a challenge in business settings This book shows readers how those challenges can be overcome and how to keep the message from getting lost in the face of mismatched levels of knowledge various delivery media and the library of jargon that too often serves as a substitute for real meaningful language Coverage includes idea crystallization the rapidly changing business environment Kurzweil's law of accelerating change and our increasing inability to understand what we are saying to each other Rich with visuals including diagrams slides graphs charts and infographics this guide provides accessible information and actionable guidance toward more effectively conveying the message Today few professionals can ignore the tsunami of technology that permeates their lives advancing far more rapidly than most of us can handle As a result too many people think that successful speaking means using buzzwords jargon and invented words that sound professional but don't actually communicate meaning This book provides a path through the noise helping readers get their message across succinctly efficiently and effectively Adapt your approach for more effective communication Learn the critical skill of crystallizing ideas Tailor your style to the method of delivery Ensure that your message is heard understood and internalized It doesn't matter whether you're pitching to a venture capitalist explaining daily challenges to a non-tech manager or speaking to hundreds of people jargon-filled word salad uses a lot of words to say very little Better communication requires a different approach and Message Not Received gives you a roadmap to more effective speaking and writing for any audience or medium , The Gen Z Effect Tom Koulopoulos, Dan Keldsen, 2014-11-11 One of the most profound changes in business and society is the emergence of the post-Millennial generation Gen Z While every new generation has faced its share of disruption in technology economics politics and society no other generation in the history of mankind has had the ability to connect every human being on the planet to each other and in the process to provide the opportunity for each person to be fully educated and socially and economically engaged What might this mean for business markets and educational institutions in the future In this revolutionary new book The Gen Z Effect The Six Forces Shaping the Future of Business authors Tom Koulopoulos and Dan Keldsen delve into a vision of the future where disruptive invention and reinvention is the acknowledged norm touching almost every aspect of how we work live and play From radical new approaches to marketing and manufacturing to the potential obliteration of intellectual property and the shift to mass innovation to the decimation of our oldest learning institutions through open source and

adaptive learning The Gen Z Effect provides a mind bending view of why we will need to embrace Gen Z as the last best hope for taking on the world s biggest challenges and opportunities and how you can prepare yourself and your business for the greatest era of disruption prosperity and progress the world has ever experienced
