Nice Book Inclusion Without Representation Latin America:

Inclusion without Representation in Latin America Mala Htun, 2016-01-14 This book analyzes why and how fifteen Latin American countries modified their political institutions to promote the inclusion of women Afrodescendants and indigenous peoples Through analysis and comparison of experiences in Argentina Bolivia Brazil Chile Colombia and Mexico the book accounts for the origins of quotas and reserved seats in international norms and civic mobilization It shows how the configuration of political institutions and the structure of excluded groups set the terms and processes of inclusion Arguing that the new mechanisms have delivered inclusion but not representation the book demonstrates that quotas and reserved seats increased the presence in power of excluded groups but did not create constituencies or generate civic movements able to authorize or hold accountable their representatives *Inclusion without Representation in Latin America* Mala Htun, 2016-01-14 This book analyzes how Latin American countries modified their institutions to promote the inclusion of women Afrodescendants and indigenous peoples *Gender and Representation in Latin America* Leslie A. Schwindt-Bayer, 2018 In the past thirty years women s representation and gender equality has developed unevenly in Latin America Some countries have experienced large increases in gender equality in political offices whereas others have not and even within countries some political arenas have become more gender equal whereas others continue to exude intense gender inequality These patterns are inconsistent with explanations of social and cultural improvements in gender equality leading to improved gender equality in political office Gender and Representation in Latin America argues instead that gender inequality in political representation in Latin America is rooted in institutions and the democratic challenges and political crises facing Latin American countries and that these challenges matter for the number of women and men elected to office what they do once there how much power they gain access to and how their presence and actions influence democracy and society more broadly The book draws upon the expertise of top scholars of women gender and political institutions in Latin America to analyze the institutional and contextual causes and consequences of women s representation in Latin America It does this in part 1 with chapters that analyze gender and political representation regionwide in each of five different arenas of representation the presidency cabinets national legislatures political parties and subnational governments In part 2 it provides chapters that analyze gender and representation in each of seven different countries Argentina Chile Costa Rica Uruguay Mexico Brazil and Colombia The authors bring novel insights and impressive new data to their analyses helping to make this one of the most comprehensive books on gender and political representation in Latin America today *Routledge Handbook of Afro-Latin American Studies* Bernd Reiter, John Antón Sánchez, 2022-11-08 This Handbook provides a comprehensive roadmap to the burgeoning area of Afro Latin American Studies Afro Latins as a civilization developed during the period of slavery obtaining cultural contributions from Indigenous and European worlds while today they are enriched by new social configurations derived from contemporary migrations from Africa The essays

collected in this volume speak to scientific production that has been promoted in the region from the humanities and social sciences with the aim of understanding the phenomenon of the African diaspora as a specific civilizing element. With contributions from world leading figures in their fields overseen by an eminent international editorial board, this Handbook features original authoritative articles organized in four coherent parts: Disciplinary Studies, Problem Focused Fields, Regional and Country Approaches, and Pioneers of Afro Latin American Studies. The Routledge Handbook of Afro Latin American Studies will not only serve as the major reference text in the area of Afro Latin American Studies but will also provide the agenda for future new research.

Voting and Political Representation in America Mark P. Jones, 2020-02-24. Examines voting trends and political representation in the United States today with a special focus on debates over voting rights, voter fraud and voter suppression, and election rules and regulations including those related to gerrymandering, campaign fundraising, and other controversial subjects. Do average Americans have a voice in Washington? Are they well represented or are they marginalized? Do elections reflect fundamental democratic institutions and values or are they tarnished by voter suppression, voter fraud, gerrymandering, or other factors? To what extent do America's elected officials reflect the diversity of race, religion, gender, socioeconomic background, sexual orientation, and political views of the wider American population? This encyclopedia explores all these questions and more. It examines important mechanisms and laws shaping political representation in America in the 21st century such as term limits, gerrymandering, the Electoral College, and direct democracy, ballot initiatives, and referendums, and the degree to which various demographic groups are represented in state and federal legislatures, from Latinos and senior citizens to atheists and residents of rural states. It also explains the basis for escalating concerns about both voter fraud and voter suppression.

The Logics of

Gender Justice Mala Htun, S. Laurel Weldon, 2018-03-01 When and why do governments promote women's rights Through comparative analysis of state action in seventy countries from 1975 to 2005 this book shows how different women's rights issues involve different histories trigger different conflicts and activate different sets of protagonists Change on violence against women and workplace equality involves a logic of status politics feminist movements leverage international norms to contest women's subordination Family law abortion and contraception which challenge the historical claim of religious groups to regulate kinship and reproduction conform to a logic of doctrinal politics which turns on relations between religious groups and the state Publicly paid parental leave and child care follow a logic of class politics in which the strength of Left parties and overall economic conditions are more salient The book reveals the multiple and complex pathways to gender justice illuminating the opportunities and obstacles to social change for policymakers advocates and others seeking to advance women's rights

Negotiating Gender Equity in the Global South Sohela Nazneen, Sam Hickey, Eleni Sifaki, 2019-03-04 The Open Access version of this book available at <https://doi.org/10.4324/9781351245623> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license The fact that women have achieved higher levels of political inclusion within low and middle income countries has generated much speculation about whether this is reaping broader benefits in tackling gender based inequalities This book uncovers the multiple political dynamics that influence governments to adopt and implement gender equity policies pushing the debate beyond simply the role of women's inclusion in influencing policy Bringing the politics of development into discussion with feminist literature on women's empowerment the book proposes the new concept of power domains as a way to capture how inter elite bargaining coalitional politics and social movement activism combine to shape policies that promote gender equity In particular the book investigates the conditions under which countries in sub Saharan Africa and South Asia have adopted legislation against domestic violence which remains widespread in many developing countries The book demonstrates that women's presence in formal politics and policy spaces does not fully explain the pace in adopting and implementing domestic violence law Underlying drivers of change within broader domains of power also include the role of clientelistic politics and informal processes of bargaining coalition building and persuasion the discursive framing of gender equitable ideas and how transnational norms influence women's political inclusion and gender inclusive policy outcomes The comparative approach across Uganda Rwanda South Africa Ghana India and Bangladesh demonstrates how advancing gender equality varies by political context and according to the interests surrounding a particular issue *Negotiating Gender Equity in the Global South* will be of interest to students and scholars of gender and development as well as to activists within governments political parties nongovernmental organizations women's movements and donor agencies at national and international levels who are looking to develop effective strategies for advancing gender equality

Elections in Latin America Kevin Pallister, 2024-02-27 Even as several Latin American countries have regressed to authoritarian rule in the first two decades of

the twenty first century elections remain permanent and vital features of the region's political life Kevin Pallister provides an accessible overview of elections throughout Latin America including formal electoral institutions informal practices and the behavior of voters and candidates Through a wide ranging synthesis of scholarly literature and sources it offers a descriptive and analytical look at how elections in the region work from the legal rules of the game to the final counting of the votes and provides an even handed discussion of its complexities such as electoral integrity gender quotas the role of social media corruption in campaign finance and how elections can be instruments of both democracy and autocracy This comprehensive narrative from Mexico to Argentina is complemented with illustrative examples case studies and data By understanding how elections in Latin America work as flawed but indispensable institutions of democracy students and other readers will enhance their knowledge of contemporary Latin American politics and the important process of democratization in the region

Equality Unfulfilled James N. Druckman, Elizabeth A. Sharrow, 2023-07-20 Fifty years after the passage of Title IX the institutions that govern college sports undermine initiatives for advancing gender equality Sex based segregation androcentric organizational cultures and overbearing market incentives prevent policy change These institutional barriers can sideline any marginalized group from achieving equality **Women, Power, and Property** Rachel E Brulé, 2020-10-22 Quotas for women in government have swept the globe Yet we know little about their capacity to upend entrenched social political and economic hierarchies Women Power and Property explores this question within the context of India the world's largest democracy Brul employs a research design that maximizes causal inference alongside extensive field research to explain the relationship between political representation backlash and economic empowerment Her findings show that women in government gatekeepers catalyze access to fundamental economic rights to property Women in politics have the power to support constituent rights at critical junctures such as marriage negotiations when they can strike integrative solutions to intrahousehold bargaining Yet there is a paradox quotas are essential for enforcement of rights but they generate backlash against women who gain rights without bargaining leverage In this groundbreaking study Brul shows how well designed quotas can operate as a crucial tool to foster equality and benefit the women they are meant to empower

Making Gender Salient Ana Catalano Weeks, 2022-06-30 This book offers and tests a novel theory of when and how gender quota laws change policy Women and Political Inequality in Japan Mikiko Eto, 2020-12-17 Why are there so few Japanese women involved in the political system In 2019 Japanese women made up 10% of the national Lower House 21% of the Upper House and 14% of local assemblies According to the Inter Parliamentary Union this places Japan 164th out of 193 countries when it comes to women's representation in the legislature The percentage of women in the Lower House has only increased by fewer than two percentage points since women gained full suffrage and the right to stand for election in Japan in 1946 Eto analyses the various factors that have led to women's low presence in the Japanese legislature She evaluates ways in which it might be possible for Japan to catch up and in doing so examines how Japanese society continues to

perpetuate gender rigid expectations of people This text is a valuable study for scholars of Japanese politics and society and for readers with an interest in the broader issue of the representation of women in politics

Principles of Comparative Politics , Women and Power in Africa Leonardo Arriola, Martha Johnson, Melanie Phillips, 2021-09-21 Women and Power in Africa Aspiring Campaigning and Governing examines women s experiences in African politics as aspirants to public office as candidates in election campaigns and as elected representatives Part I evaluates women s efforts to become party candidates in four African countries Benin Ghana Malawi and Zambia The chapters draw on a variety of methods including extensive interviews with women candidates to describe and assess the barriers confronted when women seek to enter politics The chapters help explain why women remain underrepresented as candidates for office particularly in countries without gender based quotas by emphasizing the impact of financial constraints fears of violence and resistance among party leaders Part II turns to women s experiences as candidates during elections in Kenya and Ghana One chapter provides an in depth account of a woman s presidential bid in Kenya demonstrating how gendered ethnicity undermined her candidacy and another chapter presents a novel evaluation of the media s coverage of women candidates in Ghana Part III turns to women as legislators in Namibia Uganda and Burkina Faso asking whether women engage in substantive representation on gendered policy issues once in office The chapters challenge the assumption that a critical mass of women is necessary or sufficient to achieve substantive representation Taken together the book s chapters problematize existing hypotheses regarding women in political power drawing on understudied countries and variety of empirical methods By following political pathways from entry to governance the book uncovers how gendered experiences early in the political process shape what is possible for women once they attain political power Oxford Studies in African Politics and International Relations is a series for scholars and students working on African politics and International Relations and related disciplines Volumes concentrate on contemporary developments in African political science political economy and International Relations such as electoral politics democratization decentralization the political impact of natural resources the dynamics and consequences of conflict and the nature of the continent s engagement with the East and West Comparative and mixed methods work is particularly encouraged Case studies are welcomed but should demonstrate the broader theoretical and empirical implications of the study and its wider relevance to contemporary debates The series focuses on sub Saharan Africa although proposals that explain how the region engages with North Africa and other parts of the world are of interest Series Editors Nic Cheeseman Professor of Democracy and International Development University of Birmingham and Ricardo Soares de Oliveira Professor of the International Politics of Africa University of Oxford

Has Democracy Failed Women? Drude Dahlerup, 2017-11-10 Why are women still under represented in politics Can we speak of democracy when women are not fully included in political decision making Some argue that we are on the right track to full gender equality in politics while others talk about women hitting the glass ceiling or being included in institutions with shrinking power not least as a result

of neo liberalism In this powerful essay internationally renowned scholar of gender and politics Drude Dahlerup explains how democracy has failed women and what can be done to tackle it Political institutions including political parties she argues are the real gatekeepers to elected positions all over the world but they need to be much more inclusive By reforming these institutions and carefully implementing gender quotas we can move towards improved gender equality and greater democratization

Foundations of Comparative Politics William Roberts Clark, Matt Golder, Sona Nadenichek Golder, 2024-07-26 Adapted from the groundbreaking bestseller Principles of Comparative Politics Fourth Edition Foundations of Comparative Politics Second Edition presents a scientific approach to the rich world of comparative inquiry research and scholarship providing a guide to cross national comparison and why it matters This condensed more accessible format introduces students to the key questions in comparative politics using brief insights from tools such as decision social choice and game theory to help them understand clearly why some explanations for political phenomena are stronger than others William Roberts Clark Matt Golder and Sona Nadenichek Golder concentrate on describing the core features of regimes and institutions and on analyzing how these fundamental attributes drive variation in the economic and political outcomes we care about most This approach constructing and testing theories on political phenomena over basic memorization of country specific facts more closely replicates what comparative scholars do to explain rather than describe Current examples that show the application of theory help students develop invaluable real world skills in critical thinking and empirical analysis that they will carry with them long after the course is over Included with this title LMS Cartridge Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site Select the Resources tab on this page to learn more
