The Return of Planet-X Jaysen Q. Rand, 2007 The Return of Planet X is an educational informational source examining all aspects of this controversial subject including the record of X's Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth's many cultures throughout the millennia and their voluminous references to the reality of X's periodic passages The most current hypothesis used to examine X's next return through the solar system centers around the fact that X's extended orbit approximately every 3 600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases The first phase begins with X's initial pass through in 2009 separated by three years until its second phase This passage marks X's return leg back into deep space beginning again its 3 600 year long trek through the heavens X's last return visit through the solar system most likely coincided with the Hebrew's exodus from Egypt estimated around 1447 BC roughly 3 459 years ago Did God somehow come to Moses aid by staging a cosmic event that no one today understands The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012 According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012

**Prophecy in the New Millennium** Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life

The Year 2000 Charles B.
