Climates of Reading Balachandra Rajan, Joseph A. Wittreich, 2006-01-01 Scholarly criticism of John Milton s writings has in recent decades been distinguished by a methodological prudence that separates it from other forms of literary scholarship One critic however stands apart from his colleagues and has consistently offered a corrective to this prudence Balachandra Rajan In Milton and the Climates of Reading Elizabeth Sauer undertakes the daunting work of bringing together a selection of Rajan s essays on Milton some hitherto unpublished in order to chart trends and changes in Milton scholarship over the last sixty years and to consider future directions in this vital field of inquiry This collection which is framed by Sauer s insightful introduction and an eloquent afterword by Joseph Wittreich demonstrates Rajan s critical range and his ability to adapt to new ideas always reformulating them in his own characteristic and individual manner Milton and the Climates of Reading offers timely statements about the ways in which Milton s writings not only addressed their own time but also speak profoundly and powerfully to ours **Roman Triumphs and Early Modern English Culture** Anthony Miller, 2001-06-07

This is the first comprehensive study of the revival and appropriation of the Roman triumph from the 1580s to the 1650s English versions of the triumph included ceremonial re enactments poetic or pictorial representations and stage performances As well as many non canonical writers Spenser Marlowe Shakespeare Marvell and Milton all produced versions The book includes an original survey of ancient literary models and the work of humanist antiquarians and shows how all its texts are implicated in contemporary political conflicts and discourses *Milton's Places of Hope* Mary C.

Fenton, 2017-03-02 In early modern culture and in Milton s poetry and prose this book argues the concept of hope is intrinsically connected with place and land Mary Fenton analyzes how Milton sees hope as bound both to the spiritual and the material the internal self and the external world Hope as Fenton demonstrates comes from commitment to literal places such as the land ideological places such as the nation and sacred interior places such as the human soul Drawing on an array of materials from the seventeenth century including emblems legal treatises political pamphlets and prayer manuals Fenton sheds light on Milton s ideas about personal and national identity and where people should place their sense of power and responsibility Milton s politics and where he thought the English nation was and where it should be heading and finally Milton s theology and how individuals relate to God The Oxford History of the British Empire: Volume I: The Origins of Empire : British Overseas Enterprise to the Close of the Seventeenth Century Nicholas Canny, 1998-05-28 Volume I of the Oxford History of the British Empire explores the origins of empire It shows how and why England and later Britain became

involved with transoceanic navigation trade and settlement during the sixteenth and seventeenth centuries The chapters by leading historians both illustrate the interconnections between developments in Europe and overseas and offer specialist studies on every part of the world that was substantially affected by British colonial activity As late as 1630 involvement with regions beyond the traditional confines of Europe was still tentative by 1690 it had become a firm commitment series blurb The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records It deals with the interaction of British and non western societies from the Elizabethan era to the late twentieth century aiming to provide a balanced treatment of the ruled as well as the rulers and to take into account the significance of the Empire for the peoples of the British Isles It explores economic and social trends as well as political

Taste Denise Gigante, 2008-10-01 div What does eating have to do with aesthetic taste While most accounts of aesthetic history avoid the gustatory aspects of taste this book rewrites standard history to uncover the constitutive and dramatic tension between appetite and aesthetics at the heart of British literary tradition From Milton through the Romantics the metaphor of taste serves to mediate aesthetic judgment and consumerism gusto and snobbery gastronomes and gluttons vampires and vegetarians as well as the philosophy and physiology of food The author advances a theory of taste based on Milton s model of the human as consumer and digester of food words and other commodities a consumer whose tasteful subliminal self remains haunted by its own corporeality Radically rereading Wordsworth s feeding mind Lamb s gastronomical essays Byron s cannibals and other deviant diners and Kantian nausea *Taste* resituates Romanticism as a period that naturally saw the rise of the restaurant and the pleasures of the table as a cultural field for the practice of aesthetics DIV

Milton & Toleration Sharon Achinstein, Elizabeth Sauer, 2007-08-02 Locating John Milton s works in national and international contexts and applying a variety of approaches from literary to historical philosophical and postcolonial *Milton and Toleration* offers a wide ranging exploration of how Milton s visions of tolerance reveal deeper movements in the history of the imagination Milton is often enlisted in stories about the rise of toleration his advocacy of open debate in defending press freedoms his condemnation of persecution and his criticism of ecclesiastical and political hierarchies have long been read as milestones on the road to toleration However there is also an intolerant Milton whose defence of religious liberty reached only as far as Protestants This book of sixteen essays by leading scholars analyses tolerance in Milton s poetry and prose examining the literary means by which tolerance was questioned observed and became an object of meditation Organized in three parts Revising Whig Accounts Philosophical Engagements Poetry and Rhetoric the contributors including leading Milton scholars from the USA Canada and the UK address central toleration issues including heresy violence imperialism republicanism Catholicism Islam church community liberalism libertinism natural law legal theory and equity A pan European perspective is presented through analysis of Milton s engagement with key figures and radical groups All of Milton s major works are given an airing including prose and poetry and the book

suggests that Milton's writings are a significant medium through which to explore the making of modern ideas of tolerance

Digressive Voices in Early Modern English Literature Anne Cotterill, 2004-02-19 *Digressive Voices in Early Modern English Literature* looks afresh at major nondramatic texts by Donne Marvell Browne Milton and Dryden whose digressive speakers are haunted by personal and public uncertainty To digress in seventeenth century England carried a range of meaning associated with deviation or departure from a course subject or standard This book demonstrates that early modern writers trained in verbal contest developed richly labyrinthine voices that captured the ambiguities of political occasion and aristocratic patronage while anatomizing enemies and mourning personal loss Anne Cotterill turns current sensitivity toward the silenced voice to argue that rhetorical amplitude might suggest anxieties about speech and attack for men forced to be competitive yet circumspect as they made their voices heard

Milton and the Politics of Public Speech Helen Lynch, 2016-04-22 Using Hannah Arendt's account of the Greek polis to explain Milton's fascination with the idea of public speech this study reveals what is distinctive about his conception of a godly republican oratory and poetics The book shows how Milton uses rhetorical theory its ideas techniques and image patterns to dramatise the struggle between good and bad oratory and to fashion his own model of divinely inspired public utterance Connecting his polemical and imaginative writing in new ways the book discusses the subliminal rhetoric at work in Milton's political prose and the systematic scrutiny of the power of oratory in his major poetry By setting Milton in the context of other Civil War polemicists of classical political theory and its early modern reinterpretations and of Renaissance writing on rhetoric and poetic language the book sheds new light on his work across several genres culminating in an extended Arendtian reading of his Greek drama *Samson Agonistes*

Domestic Georgic Katie Kadue, 2021-09-19 Inspired by Virgil's *Georgics* this study conceptualizes Renaissance poetry as a domestic labor When is literary production more menial than inspired more like housework than heroics of the mind In this revisionist study Katie Kadue shows that some of the authors we credit with groundbreaking literary feats including Michel de Montaigne and John Milton conceived of their writing in surprisingly modest and domestic terms In contrast to the monumental ambitions associated with the literature of the age and picking up an undercurrent of Virgil's *Georgics* poetic labor of the Renaissance emerges here as often aligned with so called women's work Kadue reveals how male authors' engagements with a feminized georgic mode became central to their conceptions of what literature is and could be This other georgic strain in literature shared the same primary concern as housekeeping the necessity of constant almost invisible labor to keep the things of the world intact *Domestic Georgic* brings into focus a conception of literary as well as scholarly and critical labor not as a striving for originality and fame but as a form of maintenance work that aims at preserving individual and collective life
