B. Abe,1993-10 **Secrets of the Truth** Gary Scrimnger,2010-08-04 It does not matter who or what you are As long as you are a normal thinking human being it is clear Unless we change something our future is shrouded in calamity Whether it be self destruction nuclear or otherwise religious apocalypse who knows maybe chemical bacterial viral or some natural disaster bound to annihilate earth we are here now in this time and we have the capacity to impact change and affect the future as no other earthly being that we are aware of is capable of doing The window of opportunity is staring us in the face and we don t see it grasp it or realize it for we are too preoccupied with the current system of survival and control You do not have to acquire this book to discover its mission for the clue lies within all of us as to what we are to do about this condition We all want and desire change but each and every one of us feels disempowered disenfranchised and incapable of affecting the world around us That is so by design and intent And the answer to this condition lies within us and is brought to the fore by the many spiritual and religious belief systems we so dearly cling to but we do not practice it If you have now figured it out then bring your force into action because that is exactly what this book is a means to expose uncover and mobilize the forces within and around us And in so doing create a destiny closest aligned to what the Creator intended for all of us and our futures The Way the Universe Reveals Its Secret Micah R. and the efforts of one or two bright minds to uncover it No doubt it will cause its own controversy However at its core it merely reveals what it means to be human a secret that can not be allowed to stay hidden if we are to heal ourselves our generation our planet Bruno Curfs Revelations Paul Roland,1995 **Revelations** Paul Roland,1995 The Secret Revelation : a Bid for Happiness Alfred J.
