## **Mind Reach Scientists Look At Psychic Ability:**

*Mind-Reach* Russell Targ, Harold E. Puthoff, 2005-02-01 Originally published by Delacorte Mind Reach is the book that led to the U S Army s psychic spy program and the subsequent prominence of remote viewing The protocols that physicists Targ and Puthoff developed at the Stanford Research Institute are still in use today and have proven again and again in laboratory settings that psychic ability is universal Targ is the author of three recent books with New World Library Limitless Mind The Heart of the Mind and Miracles of Mind Mind Reach is the eleventh title in Hampton Roads Studies in Consciousness series

**Mind-reach** Russell Targ, Harold E. Puthoff, 1977 A new look at the phenomenon of remote viewing a human perceptual ability to access information by mental means alone *Astonishing Mind Powers* Carl R. Green, William R. Sanford, 2013-06 Explores the powers of the mind and extrasensory perception ESP including telepathy psychokinesis clairvoyance and precognition and looks at famous examples of these powers and how to test if they are real or fake Provided by publisher

*The Universal Mind* Xiphias Press, 2016-09-01 The Universal Mind The Evolution of Machine Intelligence and Human Psychology There is the perception of being totally omniscient where one has access to all knowledge having a complete understanding of everything There is also the perception of being totally One with the Universe One with Nature or the Universal Mind During this time one is also experiencing the feeling of total love acceptance and peace This book examines the relationship of mind as intelligence and consciousness to matter energy and space time The concepts of Universal Mind or Collective Unconsciousness are discussed and related to physical phenomena such as the holographic distribution of information throughout all of space and the universe From the paintings of Salvador Dal to Carl Jung s Archetypes and his Red Book and how they describe our collective subconscious to Machine Learning and Whole Genome Sequencing The Universal Mind explores the collective world consciousness super intelligence machine intelligence and the practical applications in engineering medicine law and politics 537 Pages Tags Philosophy Computer Science Collective Consciousness Artificial Intelligence Technological Singularity Analytical Psychology *Evidence for Psi* Damien Broderick, Ben Goertzel, 2014-11-19 Psi is the term used by researchers for a variety of demonstrable but elusive psychic phenomena This collection of essays provides a detailed survey of the evidence for psi at the level of scientific examination Key features of apparent psi phenomena are reviewed including precognition and remote perception knowledge of future or distant events that cannot be inferred from present information presentiment physiological responses to stimuli that have not yet occurred the effects of human emotions on globally dispersed machines the possible impact of local sidereal time on psi performance and the familiar feeling of knowing who is calling on the phone Special attention is given to those phenomena that make it difficult for scientists to get a clear understanding of psi The body of psi research while complex and frustrating is shown to contain sufficiently compelling positive evidence to convince the rational open minded observer that psi is real and that one or more physical processes probably underlie observed psi phenomena **The Story of Jesus** William H. Kautz, 2012-04

THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by his tor ical or literary means Some of them had demonstrated their unusual skill by probing deep ly into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical infor mation which was then verified scien tifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Test ament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illumi nating insights and a deep spiritual under standing of Jesus original and hidden teach ings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history      Professional Journal of the United States Army ,1980-07      **Quarterly Review of Military Literature** ,1980      The Adventure of Self-Discovery Stanislav Grof,1988-01-31 Here Grof presents a useful model of the psyche a model extended by his thirty years of studying non ordinary states of consciousness It is useful for understanding such phenomena as shamanism mysticism psychedelic states spontaneous visionary experiences and psychotic episodes The model is also useful in explaining the dynamics of experiential psychotherapies and a variety of sociopolitical manifestations such as war and revolution This book might have been entitled Beyond Drugs The second part describes the principles and process of the non pharmacological technique developed by the author and his wife Christina for self exploration and for psychotherapy Grof explores in detail the components of this technique He describes its method its effective mechanisms as well as its goals and potential Its practice is simple since it utilizes the natural healing capacity of the psyche      *Vibrational Medicine* Richard Gerber,2001-03-01 The original comprehensive guide to energetic healing with a new preface by the author and updated resources More than 125 000 copies sold Explores the actual science of etheric energies replacing the Newtonian worldview with a new model based on Einstein s physics of energy Summarizes key points at the end of each chapter to help the serious student absorb and retain the wealth of information presented Vibrational Medicine has gained widespread acceptance by individuals schools and health care institutions nationwide as the textbook of choice for the study of alternative medicine Trained in a variety of alternative therapies as well as conventional Western medicine Dr Gerber provides an encyclopedic treatment of energetic healing covering subtle energy fields acupuncture Bach flower remedies homeopathy radionics crystal healing electrotherapy radiology chakras meditation and psychic healing He explains current theories about how various energy therapies work and offers readers new insights into the physical and spiritual perspectives of health and disease      **Mutants & Mystics** Jeffrey J. **The Star Gate Archives** Edwin C. May, Sonali Bhatt Marwaha, 2019-04-24 Star Gate is the largest funded program in the history of psi research receiving about 19.933 million in funding from 1972 to 1995 Researchers from SRI International and later at Science Applications International Corporation in association with various U.S. intelligence agencies participated in this program Using the remote viewing method research focused on understanding the applicability and nature of psi in general but mostly upon informational psi Volume 1 Remote Viewing 1972-1984 and Volume 2 Remote Viewing 1985-1995 include all aspects of RV including laboratory trials and several

operational results Volume 3 Psychokinesis focuses on laboratory investigations Volume 4 Operational Remote Viewing Government Memorandums and Reports includes an analysis of the applied remote viewing program and a selection of documents that provide a narrative on the behind the scenes activities of Star Gate In a total of 504 separate missions from 1972 to 1995 remote viewing produced actionable intelligence prompting 89 percent of the customers to return with additional missions The Star Gate data indicate that informational psi is a valid phenomenon These data have led to the development of a physics and neuroscience based testable model for the underlying mechanism which considers informational psi as a normal albeit atypical phenomenon The Star Gate data found insufficient evidence to support the causal psi psychokinesis hypothesis

Psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena. The biological perspective describes how brains near death may produce soothing endorphins, optical illusions, and convincing hallucinations. Philosophers present empirical analyses and images in archetypal theories and the symbolic language of comparative phenomenological theories. **The Dreamwork Papers** Elizabeth L. Howard, Elizabeth Howard MA, 2005-11

For more than 20 years Elizabeth Howard has worked with dreams and dreamers to enable each person to discover the secrets of their dreams. In The Dreamwork Papers Howard introduces major theories and methods of dreamwork such as the work of Sigmund Freud and Carl Jung. She describes her own work and her studies of the work of Frederick and Laura Perls and their formulation of gestalt therapy. She tells how to create a helpful dream journal and how to use the magic cookie as an aid to remembering dreams. Elizabeth Howard lives in Gainesville, Florida. She studied psychology, dreams, and the gestalt approach with Vincent F. O'Connell, Ph.D. She has taught classes in the psychology of dreams in community college, offers lectures about dreams in the community, and facilitates individuals and groups centered on self-discovery through dreams. I've been fascinated by dreams for years; she says I don't know of anything else that reaches so deep into the soul of the individual. Dreams can bring laughter and tears, but to me, in the end, there always seems to be growth and moving on.
