Online Muslim Integration Fails Christian Heritage Societies:

Why Muslim Integration Fails in Christian-Heritage Societies Claire L. Adida, David D. Laitin, Marie-Anne Valfort, 2016 Amid mounting fears of violent Islamic extremism many Europeans ask whether Muslim immigrants can integrate into historically Christian countries In a groundbreaking ethnographic investigation of France's Muslim migrant population *Why Muslim Integration Fails in Christian Heritage Societies* explores this complex question The authors conclude that both Muslim and non Muslim French must share responsibility for the slow progress of Muslim integration Using a variety of resources research methods and an innovative experimental design the authors contend that while there is no doubt that prejudice and discrimination against Muslims exist it is also true that some Muslim actions and cultural traits may at times complicate their full integration into their chosen domiciles This book is timely more so in the context of the current Syrian refugee crisis its insights keen and astute the empirical evidence meticulous and persuasive and the policy recommendations reasonable and relevant A Ahmad Choice [Shooting a Revolution](#) Donatella Della Ratta, 2018-11-20 From ISIS propaganda videos to popular regime backed TV series and digital activism the Syrian conflict has been dramatically affected by the production of media at the same time generating in its turn an impressive visual culture Yet what are the aesthetic political and material implications of the collusion between the production of this sheer amount of visual media being continuously shared and re manipulated on the Internet and the performance of the conflict on the ground This ethnography uses the Syrian case to reflect more broadly on how the networked age reshapes contemporary warfare and impacts on the enactment of violence through images and on images In stark contrast to the techno utopias celebrating digital democracy and participatory cultures Donatella Della Ratta's analysis exposes the dark side of online practices where visual regimes of representation and media production dramatically intertwine with modes of destruction and the performance of violence Exploring the most socially mediated conflict of contemporary times the book offers a fascinating insight into the transformation of warfare and life in the age of the internet

Current Perspectives on Immigrant Integration in Europe and Beyond Boris Heizmann, Reinhard Schunck, 2022-08-02 **The Outsiders** Philipp Ther, 2021-11-30 The history of Europe as a continent of refugees European history has been permeated with refugees The *Outsiders* chronicles every major refugee movement since 1492 when the Catholic rulers of Spain set in motion the first mass flight and expulsion in modern European history Philipp Ther provides needed perspective on today's refugee crisis demonstrating how Europe has taken in far greater numbers of refugees in earlier periods of its history in wartime as well as peacetime His sweeping narrative crosses the Mediterranean and the Atlantic taking readers from the Middle East to the shores of America In this compelling book Ther examines the major causes of mass flight from religious intolerance and ethnic cleansing to political persecution and war He describes the perils and traumas of flight and explains why refugees and asylum seekers have been welcomed in some periods such as during the Cold War and why they are rejected in times such as

our own He also examines the afterlives of the refugees in the receiving countries which almost always benefited from admitting them Tracing the lengthy routes of the refugees he reconceptualizes Europe as a unit of geography and historiography Turning to the history of refugees in the United States Ther also discusses the anti refugee politics of the Trump administration explaining why they are un American and bad for the country By setting mass flight against fifteen biographical case studies and drawing on his subjects experiences itineraries and personal convictions Ther puts a human face on a global phenomenon that concerns all of us

Terrorist Recruitment, Propaganda and Branding Anna Kruglova,2022-08-05 This book analyses the marketing techniques that terrorist organisations employ to encourage people to adopt their ideology and become devoted supporters The book s central thesis is that due to the development of digital technologies and social media terrorist groups are employing innovative marketing techniques and advertising strategies to foster an emotional connection with their audiences particularly those in younger demographics By conducting thematic and narrative analyses of Islamic State of Iraq and Syria ISIS propagandist magazines as well as looking at the group s online communities the book demonstrates that terrorist groups behave as commercial brands by establishing an emotional connection with their potential recruits Specifically groups and their potential supporters follow the logic of emotional choice The book emphasizes that while ISIS became the first group that discovered and benefited from the power of marketing it did not have a supernatural power and thus it is possible to find a response to it which is particularly important now The book eventually poses a question about whether terrorism has become the product of marketing in the same way as any mainstream consumer product is and asks what can we do to battle the appeal of marketing savvy terrorist groups This book will be of interest to students of terrorism studies radicalisation and propaganda communication and security studies

Invisible Barriers Stephane Carcillo,Marie-Anne Valfort,2025-05-27 An essential resource for anyone committed to fostering equality and fairness in employment with actionable proposals for public policy that can address these inequities In a world where discrimination against minorities remains a pressing issue even in economically and socially advanced countries Invisible Barriers delves into the multifaceted nature of this pervasive problem Drawing on extensive research from economics management psychology and sociology St phane Carcillo and Marie Anne Valfort present a comprehensive examination of discriminatory practices in employment and their profound social and economic impacts The first part of the book methodically explores the forms sources and consequences of discrimination in the labor market offering readers a solid understanding of the approaches used to measure and identify discriminatory practices In the second part the book details research findings on specific groups illustrating how discrimination manifests uniquely across different demographics women ethnic minorities older workers LGBTIQ and more From recruitment biases to career advancement hurdles the book sheds light on the varied and often hidden ways that discrimination operates Finally the authors discuss public policies aimed at mitigating discrimination advocating for a multifaceted approach that combines punitive measures with incentives

Edmund Fawcett, 2018-05-22 A compelling history of liberalism from the nineteenth century to today Despite playing a decisive role in shaping the past two hundred years of American and European politics liberalism is no longer the dominant force it once was In this expanded and updated edition of what has become a classic history of liberalism Edmund Fawcett traces its ideals successes and failures through the lives and ideas of exemplary thinkers and politicians from the early nineteenth century to today Significant revisions including a new conclusion reflect recent changes affecting the world political order that many see as presenting new and very potent threats to the survival of liberal democracy as we know it A richly detailed account of a vulnerable but critically important political creed this book reminds us that to defend liberalism it is vital to understand its character and history

How to Save a Constitutional Democracy Tom Ginsburg, Aziz Z. Huq, 2018-10-05 We can't afford to be complacent any more A formidable book extremely rich in historical examples case studies and quantitative data International Journal of Constitutional Law Democracies are in danger Around the world a wave of populist leaders threatens to erode the core structures of democratic self rule In the United States the tenure of Donald Trump marks a decisive turning point for many What kind of president intimidates jurors calls the news media the enemy of the American people and seeks foreign assistance investigating domestic political rivals Many think the Constitution will safeguard us from lasting damage But is that assumption justified Drawing on an array of other countries experiences Tom Ginsburg and Aziz Z. Huq show how constitutional rules can both hinder and hasten the decline of democratic institutions The checks and balances of the federal government a robust civil society and media and individual rights such as those enshrined in the First Amendment often fail as bulwarks against democratic decline The sobering reality they contend is that the US Constitution's design makes democratic erosion more not less likely Its structural rigidity has had unforeseen consequence leaving the presidency weakly regulated and empowering the Supreme Court to conjure up doctrines that ultimately facilitate rather than inhibit rights violations Even the bright spots in the Constitution the First Amendment for example may have perverse consequences in the hands of a deft communicator who can degrade the public sphere by wielding hateful language banned in many other democracies We and the rest of the world can do better and the authors conclude by laying out practical steps for how laws and constitutional design can play a more positive role in managing the risk This book makes a huge contribution to our understanding of how democracies erode and what institutional reforms would make it harder for authoritarian populists to entrench their power Yascha Mounk author of *The People vs Democracy* Whereas other recent books on the crisis of American democracy focus on what has gone wrong Ginsburg and Huq provide us with clear-eyed proposals including some bold constitutional reforms for how to fix it Steven Levitsky New York Times bestselling coauthor of *How Democracies Die*

Jona als Schlüssel zu Bibel und Koran Julia Bubenheim, 2021-10-20 Inwiefern ist Teilhabe christlicher SchülerInnen an Bibel und Koran im katholischen Religionsunterricht möglich Dieser Frage geht Julia Bubenheim

auf der Grundlage einer synchronen intertextuellen Exegese der Jona Erzählung in Bibel und Koran nach Dabei entwickelt sie überzeugend hermeneutisch exegetische Leitlinien für den Religionsunterricht Die Einbindung und Reflexion einer christlichen Lektörperspektive stellen Lernerträge für die Beschäftigung mit der alttestamentlichen Jona Erzählung und ihren neutestamentlichen Rezeptionen dar Sie bilden den Grundbaustein für eine biblisch fundierte Koran Lektüre aus christlicher Sicht Die intertextuelle Lektüre von Bibel und Koran leistet durch die kritische Reflexion eindimensionaler Konstruktionen von eigen und fremd einen wertvollen Beitrag im Umgang mit dem eigenen Anders Sein und der Begegnung mit Gott als dem ganz Anderen

Liberalismo Edmund Fawcett, 2022-07-01 O liberalismo domina a política de hoje assim como moldou decisivamente o passado da América e da Europa Esta cativante história do liberalismo traça seus ideais sucessos e fracassos através das vidas e ideias de um elenco riquíssimo de pensadores e políticos europeus e americanos partindo do início do século XIX até os dias de hoje Relato esclarecedor de uma crença política vulnerável mas de importância crítica Liberalismo a vida de uma ideia proporciona o contexto histórico e intelectual indispensável para o aprofundamento do pensamento a respeito do futuro da democracia liberal

There is a Crack in Everything—Education and Religion in a Secular Age K. H. (Ina) ter Avest, 2019-11-22 There are two constants in academic and theological discourse throughout history they are the debate around secularization and the dialogue concerning the intersection of religion and education Each age has had its debate about modernizing forces that drive concerns of impending secularization In this publication this theme is approached from perspectives of teachers of students of policy makers and situated in a politico historical context Aware of the fact that in today's plural societies one sacred canopy is non-existent anymore cracks of the sacred canopy canopies are described as well as the light that gets in the possible and challenging ways out are roughly sketched

Non-Muslims in Muslim Majority Societies Kajsa Ahlstand, Goran Gunner, 2011-09-29 In a world where almost all societies are multi religious and multi ethnic we need to study how social cohesion can be achieved in different contexts In some geographical areas as in the Middle East and the Indian subcontinent people of different religious belonging have through the ages lived side by side sometimes in harmony and sometimes in dissonance In other geographical regions as in Scandinavia societies have been quite religiously homogeneous but only recently challenged by immigration In both locations the relations between religious minority and majority are very much on the agenda In order to discuss the situation for non Muslims in Muslim majority societies a consultation was convened with both Muslim and Christian participants from Pakistan Palestine Lebanon and Sweden Some of the participants work in academic settings others in faith based organisations some in jurisprudence and others with theological issues Non Muslims in Muslim Majority Societies is the result of that consultation The intention of the book is to trigger reflection and further thinking through papers that discuss issues such as freedom of religion minority rights secular and religious legislation and inter religious dialogue in Muslim majority societies Although the articles are presented as works in progress and remain tentative in many of their conclusions this book is an important contribution to the global debate over religious tolerance and religious pluralism *Perceptions of Christianity Among South Asian Muslims in America* Paul S. Biswas, 2020-07-13 This book explores and articulates perceptions of Christianity

among South Asian Muslims in America The South Asian Muslim population in America includes many immigrants and their families This book analyzes the perceptions of Christianity held by South Asian Muslims in three areas theological sociocultural and ethical moral This book addresses both positive and negative perceptions of Christianity although it mainly focuses on the misperceptions that give rise to conflicting views between Muslim and Christian The primary goal of this book is to consider how flawed perceptions hinder the effective communication of the Christian gospel in efforts to witness to Muslims in America This book further explores the sociocultural and ethnic differences among South Asian Muslims and the ways in which their perceptions of Christianity differ More specifically this book identifies the factors most likely to influence both positive and negative perceptions of Christianity among South Asian Muslims in America This book also briefly explores the multi faceted historical background of Islam in South Asia and the impact Islam has had on the assumptions and perceptions of Christianity of South Asian people in general and specifically on the thinking and perceptions of South Asian Muslims in America This book includes qualitative research using an ethnographic case study approach Data presented in this book are collected from two different sources scholarly literature related to the focal group and structured interviews with a representative sample of South Asian Muslims in America The anticipated result is to provide useful information and insights so Christian practitioners can develop useful tools for building harmonious relationships with South Asian Muslims in America and effectively communicating the gospel to them
