R. Elton, 2016-08-09 A classic account of the Reformation revealing the issues and preoccupations which seemed central to the age and portraying its leading figures with vigour and realism The book is an analysis of the religious economic cultural and political history of Europe during the period of the Reformation Author G R Elton examines the history of the period through the interrelationships between different forces in Europe at the time such as the Holy Roman Emperor Charles V the Papacy reformers such as Martin Luther John Calvin Martin Bucer and Zwingli and explores the resultant Counter Reformation and the beginnings of European colonisation of other parts of the world such as South America Its central focus is upon the conflict between Luther and Charles V A masterly survey by a fine historian He has gone to great pains to understand and do justice to the theological side and if political history is still his strength there is no doubt that this paperback in scholarship
