Onthou In Die Skaduwee Van Die Galg:

The Anglo-Boer War 1899-1902: 963 Days Pieter G Cloete, 2021-12-01 Since the start of the Anglo Boer War today 120 years ago thousands of publications written or typed reports and other creations have been produced to narrate the war events express opinions on its origins causes course results and legacy and on participants in the struggle This process is ongoing since the debate amongst both professional historians and interested amateurs on exactly what happened and why is still raging and new information on the war still crops up The history of the Anglo Boer War is truly a neverending discourse As the author of a number of books on the war I have consulted hundreds of both published and unpublished sources Some were of limited value but a small percentage of the published books were of such high value that they formed part of a small stack of books that found a permanent home on my desktop while I was in the writing process Pieter Cloete's *The Anglo Boer War A Chronology* both the original English version and the enlarged Afrikaans version published in 2010 was always part of that stack It is to me a privilege to write a foreword for the user friendly and meticulously researched book It not only contains a wealth of information but a detailed source list and an extensive index There are few if any more helpful reference books on the war and thus represents an essential resource to anyone with a more than superficial interest in the Anglo Boer War DR JACKIE GROBLER Historian and author Recently retired after 40 years at the Department of Historical and Heritage Studies The University of Pretoria

Crime and Empire 1840 - 1940 Barry Godfrey, Graeme Dunstall, 2013-06-17 This book is a major contribution to the comparative histories of crime and criminal justice focusing on the legal regimes of the British empire during the nineteenth and early twentieth centuries Its overarching theme is the transformation and convergence of criminal justice systems during a period that saw a broad shift from legal pluralism to the hegemony of state law in the European world and beyond

Mourning Become... Liz Stanley, 2006-10-17 This work demonstrates that much of what we have traditionally understood about concentration camps run by the British during the South African War originates with the testimony solicited from Boer proto nationalist circles Using detailed archival evidence Stanley shows that much of the history of the camps results from a deliberate imposition of post memory a process by which memory shapes and supports a racialized nationalist framework
