Schwarz, 2012-05-29 A timely and provocative book exploring the origins of the national security state and the urgent challenge of reining it in The Washington Post From Dick Cheney s man sized safe to the National Security Agency s massive intelligence gathering secrecy has too often captured the American government s modus operandi better than the ideals of the Constitution In this important book Frederick A O Schwarz Jr who was chief

Enhanced Interrogation James E. Mitchell, Ph.D., Bill Harlow, 2016-11-29 In the dark days immediately after 9 11 the CIA turned to Dr James Mitchell to help craft an interrogation program designed to elicit intelligence from just captured top al Qaeda leaders and terror suspects A civilian contractor who had spent years training U S military members to resist interrogation should they be captured Mitchell aware of the urgent need to prevent impending catastrophic attacks worked with the CIA to implement enhanced interrogation techniques which included waterboarding In Enhanced Interrogation Mitchell now offers a first person account of the EIT program providing a contribution to our historical understanding of one of the most controversial elements of America's ongoing war on terror Readers will follow him inside the secretive black sites and cells of terrorists and terror suspects where he personally applied enhanced interrogation techniques Mitchell personally questioned thirteen of the most senior high value detainees in U S custody including Abu Zubaydah Abd al Rahim al Nashiri the amir or commander of the USS Cole bombing and Khalid Sheikh Mohammed the mastermind behind the September 11 2001 terror attacks obtaining information that he maintains remains essential to winning the war against al Qaeda and informing our strategy to defeat ISIS and all of radical Islam From the interrogation program's earliest moments to its darkest hours Mitchell also lifts the curtain on its immediate effects the controversy surrounding its methods and its downfall He shares his view that EIT when applied correctly were useful in drawing detainees to cooperate and that when applied incorrectly they were counter productive He also chronicles what it is like to undertake a several years long critical mission at the request of the government only to be hounded for nearly a decade afterward by congressional investigations and Justice Department prosecutors Gripping in its detail and deeply illuminating Enhanced Interrogation argues that it is necessary for America to take strong measures to defend itself from its enemies and that the country is less safe now without them than it was before 9 11
