Eschatology of the Millennial Cults Harry Benjamin Gray, 1956 Images of the New Ierusalem Craig S. Campbell, 2004 The Kansas City suburb of Independence Missouri is associated primarily with its most famous son President Harry Truman Yet Independence is also home to a unique and complex religious landscape regarded as sacred space by hundreds of thousands of people associated with the Latter Day Saint family of churches In 1831 Joseph Smith the founder of the Latter Day Saint LDS movement declared Independence the site of the New Jerusalem where followers would build a sacred city the center of Zion Smith prophesied that Jesus Christ would return in millennial and glorious advent to Independence an act that would make the city an American counterpart to old world Jerusalem Smith's plan would have mixed the best qualities of nineteenth century American pastoral and urban psyche However the great splintering among returning Latter Day Saint groups has led to divergent beliefs and multiple interpretations of millennial place Images of the New Jerusalem culls viewpoints from publications and interviews and contrasts them with official church doctrines and mapped land holdings For example with a desire to attract mainstream American the Western LDS Church which holds the largest amount of land in northwestern Missouri keeps fairly silent on the New Jerusalem while the RLDS Church now the Community of Christ has dropped millennial claims gradually adopting a liberal secular style of pseudo Protestantism Smaller groups independent of these two see sacred space in more spatially and doctrinally limited ways. The religious ecology among Latter Day Saint churches allows each group its place in the public spotlight and a number of sociopolitical mechanisms reduce conflict among them Nonetheless Independence has developed many traits of the world's most seasoned and conflicted sacred places over a relatively short time This book opens the field of scholarship on this region where profound spatial and doctrinal variation continues Craig S Campbell is professor of geography at Youngstown State University He has published articles in Journal of Cultural Geography Cartographica The Professional Geographer Political Geography and **The Imminent Second Coming** Lewis S. **Gospel Themes** Orson Ferguson Whitney, 1914 other journals Brownlow, 2012-09-18 The Second Coming of the Lord Jesus Christ is a familiar and well loved theme to Latter Day Saints and Christians generally The associated signs of the times have been debated and discussed many times However this book approaches the subject from unusual angles and describes signs of the times that have not previously been presented in such a book The evidence from such signs is compellingthe upheavals of nature which will precede the second coming are imminent and we should heed the words of the prophets and be prepared Encyclopedia of the American Religious

Experience Charles H. Lippy, 1988 Contains 105 essays that examine the role of religion in North American society from the time of Native American tribal cultures to the age of the electronic church Organized by topic with cross references bibliographies and a detailed index America in Perspective Andrew S. Weeks, 2000-08 Numerous books and pamphlets have been written on what the author calls the American theme However many of these publications are nothing more than a synopsis of American tragedy and government corruption This book has a larger more ideal ambition says the author In the truest sense America in Perspective is not as much a book about what s wrong with America as it is a book about what s right or will be right with America America in Perspective is a catchy book different than the masses The author writes of America s past present and future as seen through a religious perspective Though primarily LDS Latter day Saint or Mormon oriented America in Perspective can inspire anyyone who has even an inkling of American patriotism With numerous guotes from scripture past and present religious authorities political leaders and other sources America in Perspective is a classy book that fills a contemporary need THE LATTER-DAY SAINTS' MILLENIAL STAR ,1852 **Terrible Revolution** Christopher James Blythe, 2020 Terrible Revolution is the history of apocalyptic visions in the Mormon experience Christopher James Blythe follows how last days beliefs informed the Church of Jesus Christ of Latter day Saints relationship with the United States and how the role of lay visionaries in the tradition changed Blythe s work draws on hundreds of little known archival sources to capture for the first time in scholarship the 200 year history of Mormon apocalypticism The Second Coming of Jesus the Messiah E. Keith Howick, 2003 The Life of Jesus the Messiah is a five volume set that discusses the life of Jesus Christ topically In volume 5 the second coming of Jesus is discussed The signs of His coming are explained both in historical context when prophesied to the Jews of Jesus time and in relation to our own day The volume's organization makes it an ideal resource for both students and instructors The volume includes complete scriptural references to the King James Bible footnotes a complete index and a scripture index allowing readers to guickly find relevant commentary A House for the **Most High** Matthew McBride, 2002-01-01 This awe inspiring book is a tribute to the perseverance of the human spirit A House for the Most High is a groundbreaking work from beginning to end with its faithful and comprehensive documentation of the Nauvoo Temple's conception The behind the scenes stories of those determined Saints involved in the great struggle to raise the sacred edifice bring a new appreciation to all readers McBride's painstaking research now gives us access to valuable first hand accounts that are drawn straight from the newspaper articles private diaries journals and letters of the steadfast participants The opening of this volume gives the reader an extraordinary window into the early temple building labors of the besieged Church of Jesus Christ of Latter day Saints the development of what would become temple related doctrines in the decade prior to the Nauvoo era and the 1839 advent of the Saints in Illinois The main body of this fascinating history covers the significant years starting from 1840 when this temple was first considered to the temple s early destruction by a devastating natural disaster A well thought out conclusion completes the epic by telling of the repurchase of

the temple lot by the Church in 1937 the lot's excavation in 1962 and the grand announcement in 1999 that the temple would indeed be rebuilt Also included are an astonishing appendix containing rare and fascinating eyewitness descriptions of the temple and a bibliography of all major source materials Mormons and non Mormons alike will discover within the pages of this book a true sense of wonder and gratitude for a determined people whose sole desire was to build a sacred and holy temple for the worship of their God
