the renewal of the local church Faced with the unsustainability of many inherited patterns of church the temptation may be to fall into despondency rather than seeking to regenerate patterns of mission and ministry This book is the result of a two year research project aimed at enabling local churches to regain a sense of confidence through exploring God's blessing and how that might be shared with the communities they serve In Part One Robin Greenwood explores the meaning of blessing and the power of face to face group conversations to transform church congregations Part Two of the book contains outlines for five guided conversations for change on the theme of blessing Part Three contains case study material of how this material has been used in different contexts including for Mission Action Planning MAP How Fear Works Frank

Furedi, 2018-06-14 In 1997 Frank Furedi published a book called Culture of Fear It was widely acclaimed as perceptive and prophetic Now Furedi returns to his original theme as most of what he predicted has come true In How Fear Works Furedi seeks to explain two interrelated themes why has fear acquired such a morally commanding status in society today and how has the way we fear today changed from the way that it was experienced in the past Furedi argues that one of the main drivers of the culture of fear is unravelling of moral authority Fear appears to provide a provisional solution to moral uncertainty and is for that reason embraced by a variety of interests parties and individuals Furedi predicts that until society finds a more positive orientation towards uncertainty the politicisation of fear will flourish Society is continually bombarded with the message that the threats it faces are incalculable and cannot be managed or contained The ascendancy of this outlook has been paralleled by the cultivation of helplessness and passivity all this has heightened people's sense of powerlessness and anxiety As a consequence we are constantly searching for new forms of security both physical and ontological What are the drivers of fear what is the role of the media in its promotion and who actually benefits from this culture of fear These are some of the issues Furedi tackles to explain the current predicament He believes that through understanding how fear works we can encourage attitudes that will help bring about a less fearful future **Career Finder**
