

Scientific evidence of remarkable near-death and out-of-body experiences in which the blind can see with a unique kind of perception.

Mindsight

Second Edition

Near-Death and
Out-of-Body
Experiences in the Blind

King and Cooper explore evidence that even those blind from birth can "see" during near-death experiences. Their evidence reveals a unique type of perception. More than just "seeing," it involves a deep awareness and profound ability to know that the authors have called "Mindsight."

- Near-death cases in which the blind report "seeing"
- Evidence for transcendent visual abilities
- Scientific investigation of 31 NDE and OBE cases

Mindsight Near Death And Out Of Body Experiences In The Blind:

Mindsight Kenneth Ring, Sharon Cooper, 2008-03 This book investigates the astonishing claim that blind persons including those blind from birth can actually see during near death or out of body episodes The authors present their findings in scrupulous detail investigating case histories of blind persons who have actually reported visual experiences under these conditions There is fascinating evidence that the blind do see in these moments but it is not sight as we think of it Ring and Cooper suggest a kind of transcendental awareness they refer to as Mindsight It involves seeing in detail sometimes from all angles at once with everything in focus and a sense of knowing the subject not just visually but with multisensory knowledge Human beings may be more talented than we think gifted with amazing abilities of perception This book is an opportunity to assess the evidence for yourself The Everything Guide to Evidence of the Afterlife Joseph M Higgins, Chuck Bergman, 2011-01-18 Find out the truth about the other side Is there life after death Or is the end of our physical existence really the end of us In this thought provoking guide you will examine scientific evidence so you can decide for yourself whether or not there is an afterlife Medium Joseph M Higgins and Psychic Cop Chuck Bergman attempt to answer questions like Does consciousness survive death Is communication possible between the living and the dead Are mediums real or frauds What happens to us during near death experiences Where do we go when we die Are we heaven and hell actualities What is life like after death Is reincarnation real and is everyone reincarnated Including an overview of various religious afterlife traditions The Everything Guide to Evidence of the Afterlife introduces you to the unlimited possibilities of what we face after our release from the physical world *Spirituality Beyond Science and Religion* Lillian Stover Wells, Jack McMahan, William Pillow, 2012-05-25 Spirituality means something different to everyone Some may believe it involves participating in organized religion Others may prefer it to be more personal like getting in touch with ones inner self through yoga meditation quiet reflection or even long walks A few may find that it lies in finding a new sense of purpose for their lives Spirituality Beyond Science and Religion addresses all of these and more through a new paradigm about life and death It lifts readers above their daily press for competitive survival and success by going to the heart of all spirituality The book disputes traditional sciences claim that physical matter is the only reality It also helps explain enigmas that have confronted orthodox religion for centuries To do so this book correlates published research from nearly one hundred and fifty authors and professionals in medicine neuroscience psychology theology history and metaphysics It explores new insights being revealed through thousands of subjective experiences around the world all of them beyond the ability of science or religion to explain The book therefore not only offers reassurance that death is not final but it also discloses profound implications for how we live our lives on earth The US Review of Books Spirituality Beyond Science and Religion by William Pillow with Jack McMahan and Lillian Stover Wells iUniverse reviewed by Priscilla Estes but deep inside us is the recognition that life can and should have more meaning one that reaches far beyond traditional science and orthodox religion and one that involves all of us The mind

body spirit MBS publishing industry has come a long way since the 1960s and 1970s when Aldous Huxley Hermann Hesse and Carlos Castaneda combined Eastern and Western thought in the best sellers *Doors of Perception* *Siddhartha* and *The Teachings of Don Juan* respectively In fact according to religion and publishing expert Elizabeth Puttick MBS publishing is the fastest growing non fiction genre which a quick examination of virtual and real bookstores supports More than ever before great minds race to close the gap between science and religion to answer the questions of where do we come from why are we here and where do we go after death We search for answers inside the human brain the psyche the fetus gravity energy fields near death experiences NDEs universal consciousness time travel soul travel quantum medicine karma dharma and more it's hard for the average person to comprehend let alone keep up Finally here is a book that helps pull it all together for us written by William Pillow ex US Air Force and retired pharmacist with thirty four years at Eli Lilly Pillow began a quest to discover where we go after death and why when a long and lingering illness befell his wife and he confronted aging Initially a Southern Baptist and a skeptic about all things metaphysical he changed his mind while reading the incredible body of research on soul survival After prodigious investigation much of which concerns NDEs and studies on fetal awareness Pillow concluded there is a soul a God and a Heaven His conclusions may challenge your philosophy but parenthetical documentation and a fifteen page bibliography encourage independent verification The book starts slowly and carefully as Pillow builds his case by conscientiously stitching together scientific religious and metaphysical literature both ancient and modern on the nature of God the spark of life souls the human superconsciousness and Heaven the spirit world The brain begins to smoke while chugging through study after study on NDEs shared NDEs life between lives LBL out of body experiences OBE past life regression after death communications ADC pre birth visions neurological pathways the transcendent source of consciousness the ego and more We long for an index a glossary and less use of quotes around words that don't require them Halfway through our mental labors are rewarded with chapter 7 *Our Incomparable Souls* This is the heart of the book a behind the scenes look at the soul and a parting of the veil of forgetfulness produced by the ego Pillow discusses studies on fetal consciousness which provide the strongest circumstantial evidence for existence of the soul and gives a moving testament to the soul's purpose to instill compassion empathy and benevolence in its human host The second half of the book flies by as we greedily gobble mainstream studies on energy healing brain waves and the need for face to face friendships in an electronically connected world Tucked unobtrusively at the end of chapter 11 are three paragraphs titled *For Me Personally* in which the author shares his private definition of faith Such unheralded brevity from a man who once considered entering the Christian ministry shows great respect for the reader and for the role of science in decoding religion and spirituality The final chapter implores us to at least consider the possible importance of these concepts and commentaries for your loved ones and for you Pillow believes that by knowing there is a God a soul and a Heaven we can sustain our inner journey toward purpose and meaning in our lives and that by recognizing our shared humanity we can save

Satan in Our Daily Lives* Robert Spitzer, 2020-10-27 Spiritual writer theologian and philosopher Jesuit Fr Robert Spitzer tackles the topic of recognizing and overcoming spiritual evil His focus is the human heart His goal our moral and spiritual transformation which leads to true peace and genuine happiness The book is divided into two main parts the realities of God's goodness and of spiritual evil and recognizing and overcoming diabolical tactics which range from temptation and deception to the Deadly Sins Father Spitzer shows readers how to experience God's peace even during times of suffering and persecution He examines the basics of the spiritual life and Christian mysticism including the contemplative dimension He explains the purgative illuminative and unitive aspects of spirituality as well as the Lord's consolation and the passive Dark Night of the Spirit Father Spitzer provides the biblical and theological background of Jesus' victory over Satan The author also explores the reality of the Devil including extraordinary manifestations of diabolic activity such as possession He recalls the true story of the famous possession case on which the novel and film *The Exorcist* were based In the final sections of the book the author explains how diabolical spiritual forces operate how temptation works and what to do to defeat it the deadly sins and how to overcome them *Spook* Mary Roach, 2025-04-25 The best selling author of *Stiff* and *Bonk* trains her considerable wit and curiosity on the human soul What happens when we die Does the light just go out and that's that the million year nap Or will some part of my personality my me-ness persist What will that feel like What will I do all day Is there a place to plug in my lap top In an attempt to find out Mary Roach brings her tireless curiosity to bear on an array of contemporary and historical soul searchers scientists schemers engineers mediums all trying to prove or disprove that life goes on after we die *What is Reality?* Ervin Laszlo, 2016-10-04 Ervin Laszlo's tour de force *What is Reality* is the product of a half century of deep contemplation and cutting edge scholarship Addressing many of the paradoxes that have confounded modern science over the years it offers nothing less than a new paradigm of reality one in which the cosmos is a seamless whole informed by a single coherent consciousness manifest in us all Bringing together science philosophy and metaphysics Laszlo takes aim at accepted wisdom such as the dichotomies of mind and body spirit and matter being and nonbeing to show how we are all part of an infinite

cycle of existence unfolding in spacetime and beyond Augmented by insightful commentary from a dozen scholars and thinkers along with a foreword by Deepak Chopra and an introduction by Stanislav Grof What is Reality offers a fresh and liberating understanding of the meaning and purpose of existence

In My Time of Dying Sebastian Junger, 2024-05-21 A near fatal health emergency leads to this powerful reflection on death and what might follow by the bestselling author of Tribe and The Perfect Storm For years as an award winning war reporter Sebastian Junger traveled to many front lines and frequently put his life at risk And yet the closest he ever came to death was the summer of 2020 while spending a quiet afternoon at the New England home he shared with his wife and two young children Crippled by abdominal pain Junger was rushed to the hospital by ambulance Once there he began slipping away As blackness encroached he was visited by his dead father inviting Junger to join him It s okay his father said There s nothing to be scared of I ll take care of you That was the last thing Junger remembered until he came to the next day when he was told he had suffered a ruptured aneurysm that he should not have survived This experience spurred Junger a confirmed atheist raised by his physicist father to respect the empirical to undertake a scientific philosophical and deeply personal examination of mortality and what happens after we die How do we begin to process the brutal fact that any of us might perish unexpectedly on what begins as an ordinary day How do we grapple with phenomena that science may be unable to explain And what happens to a person emotionally and spiritually when forced to reckon with such existential questions In My Time of Dying is part medical drama part searing autobiography and part rational inquiry into the ultimate unknowable mystery

Digital Consciousness: A Transformative Vision Jim Elvidge, 2018-12-14 What could be a more compelling read than a book that explains the greatest mysteries known to man in one fell swoop Who is God What happens after we die What the heck is quantum entanglement Why did Dolly s braces disappear in the movie Moonraker Our reality is not what it appears to be The latest physics experiments demonstrate that an objective reality doesn t exist And no one truly knows what consciousness is or where the mind resides Strange interconnectedness anomalous events and changing histories confound even the most open minded of scientists No single theory seems to be able to explain it all Until now

Afterlife Encounters Dianne Arcangel, 2005-09-02 Never before released research proves the dead communicate with us As a former hospice worker and director of the Elisabeth K bler Ross Center Dianne Arcangel was certain that visitations from beyond death provided comfort and hope for loved ones still grappling with their loss As a researcher however she was unable to find specific data to measure that comfort and hope To remedy this lack of information she created the Afterlife Encounters Survey a five year international survival study Afterlife Encounters reveals the results of this landmark study and for the first time offers a systematic categorization of such encounters explaining when these encounters are most likely to

occur and what type of apparition is likely to appear Afterlife Encounters presents not only the data but also the stories beyond the numbers as friends and family members relate their visitation experiences in their own words Included are amazing stories of the dead returning to tell loved ones that they had been murdered and who it was that killed them apparitions revealing where family treasure was buried even one spirit who provided a remarkable account of the tragedies of 9 11 weeks before those events occurred The stats and stories that Arcangel shares are certain to stay with you for a long time as will her eye opening conclusion afterlife encounters provide real lasting comfort and hope to an astounding 97 percent of those loved ones who experience them *Lessons from the Light* Kenneth Ring,Evelyn Elsaesser,2024-07-08 No other researcher has been able to transmit to the rest of us the true meaning and impact of near death phenomena for the planet Bruce Greyson MD bestselling author of After A major contribution that offers a wealth of case materials together with balanced and insightful commentary Raymond A Moody PhD bestselling author of Life After Life While providing many remarkable accounts of near death experiences NDEs Lessons from the Light is much more than an inspiring collection of NDEs In clear language the practical lessons for living and dying are to be found from the study of these experiences Written by one of the foremost authorities on NDEs Lessons from the Light is a book for those looking to gain knowledge and wisdom to enhance their own lives by incorporating the insights stemming from what many people have come to believe is the ultimate spiritual experience Although Lessons from the Light recounts many moving stories of NDEs it is not just another book filled with inspiring testimonies it includes helpful guidance and practical exercises concerning how readers can make use of this knowledge to live with greater self insight self compassion and concern for others as well as be better prepared for death dying and bereavement Readers can easily apply what they have learned to their own lives and absorb and internalize these lessons from the Light in such a way as to lead to deep personal and spiritual transformation This edition replaces the previous edition ISBN 978 1 930491 11 3 and contains a new postscript by the author **Encyclopedia of the Unseen World** Constance Victoria Briggs,2025-09-12 An A Z encyclopedia of the unseen and the unknown world of psychics channeling mediums mystics near death experiences prophets shadow people death bed visions astral projection and more The Encyclopedia of the Unseen World includes concepts as well as descriptions of the spiritual world that have been extrapolated from a number of sources including Ancient and Channeled Writings Cultural Beliefs Mediums Mystics Near Death Experiences Psychics Prophets and Visionaries Scriptures and more *Windows to the Womb* David Chamberlain,2013-01-15 A pioneering birth psychologist combines a lifetime s worth of research with new findings to provide a fascinating look inside the minds of unborn children In the past the invisible physical processes of fetal development were mysterious and largely unexplainable But thanks to breakthroughs in embryology interuterine photography ultrasound and other sensitive instruments of measurement we can now make systematic observations inside the womb and can see that fetuses are fully sentient aware beings In this new climate of appreciation for the surprising dimensions of fetal behavior

sensitivity and intelligence Windows to the Womb brings a host of new information to light about the transformative journey each one of us undergoes in the womb Birth psychologist Dr David Chamberlain describes the amazing construction of our physical bodies the ultimate architecture and draws parallels with the expansion of our minds as our brains and senses develop and grow He also details new discoveries in embryonic and fetal research that support his own findings on the impact of the mother s emotional and physical state during pregnancy the importance of bonding at the earliest stages and the steps that expectant parents can take to ensure the most nurturing start in life for their children *Mapping the Perimeter of Death and Dying* Carol McAllum, Madeline Gorman, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Inasmuch that death is both universal as well as subject to varied registers of meaning death as a field of research occupies a necessarily inter disciplinary position This volume gathers multiple perspectives on death and dying composed by a selection of papers that were presented at the 9th Global Conference on Making Sense of Dying and Death held in Salzburg Austria in November 2012 Countering notions of death as mere negation these chapters map out regions of sense making along the perimeters of life It approaches death and dying from an array of scholarly theoretical and practical disciplines including philosophy psychology theology political science media studies education art studies anthropology sociology and health care **Between Lives** Andy Tomlinson, Reena Kumarasingham, 2025-05-13 Explores evidence that shows consciousness exists independent of the brain drawing on the latest research on savant syndrome lucid dreaming telepathy out of body experiences and past lives Draws comparisons and insights from case studies of between lives regression and near death experiences including one of the author s own to illustrate their commonalities and objective reality Offers tools to raise consciousness clear past traumas manage volatile energies maintain boundaries and transcend limitations While neuroscience reveals much about the brain it has not determined the precise relationship between the brain and consciousness In this book psychotherapist Andy Tomlinson and regression therapist Reena Kumarasingham probe the depths of this relationship while offering practical ways to develop and raise one s own consciousness The authors examine evidence that supports the existence of consciousness independent of the brain such as savant syndrome lucid dreaming telepathic communication in dreams mediumship and out of body experiences They also consider case studies of near death experiences including Kumarasingham s own finding commonalities across such phenomena particularly with between lives memories gleaned through regression hypnosis Readers will gain deeper awareness of the spiritual energy imbued within the physical world and learn how to transcend self imposed limitations The book also gives exercises to clear stagnant emotional patterns strengthen relationships better manage energies and build effective boundaries **Between Lives** offers readers a means to better understand the nature of their consciousness and more effectively embody and optimize their journey through their lives **Wisdom Seekers** Nevill Drury, 2011-03-16 *Wisdom Seekers The Rise of the New Spirituality* explores the origins and precursors of the New Age movement its consolidation within the American counterculture of the late 1960s

and its development into an international spiritual perspective in contemporary Western society The book considers the influence on the New Age of metaphysicians like Emanuel Swedenborg Mesmer Madame Blavatsky and Gurdjieff pioneering thinkers like Freud Jung and William James and the contribution to New Age thought of Indian spiritual traditions and transpersonal psychology Wisdom Seekers also describes the way in which the New Age paradigm has absorbed the most recent discoveries of quantum physics and consciousness research and it explores the New Age focus on personal spiritual experience rather than formal religious doctrines

Probing Parapsychology Grant R. Shafer, 2023-05-16 Parapsychology is a science made controversial by its subjects extrasensory perception psychokinesis mind over matter and disembodied minds which imply life after death Moreover these parapsychological phenomena called psi challenge physicalism the philosophy that everything can be completely understood in terms of physics This book is a snapshot of the parapsychological field with essays written by authors of diverse academic backgrounds and experiences Essays examine parapsychological phenomena from prehistory through the founding of the science by intellectuals distressed by physicalism to the postmodern present It includes both experimental and theoretical evaluations of the phenomena Parapsychology is a science which may overturn the philosophy which has dominated science since Newton and may inspire curious readers who are disheartened by the consequent denial of the spirit

The Unholy Legacy of Abraham G. M. Woerlee, 2007 What are the consequences of living according to the Holy Laws of the Bible Torah or Koran The Unholy Legacy of Abraham discusses the biological basis of belief in religion before going on to analyse the Bible Koran and Torah and the effects of living strictly by the guidance of these holy texts

A Scientific Assessment of the Validity of Mystical Experiences Andrew Papanicolaou, 2021-04-14 In this book the approach of the natural sciences is adopted to confront the ontological question of how far mystical experiences can be considered as reports of an objective reality rather than reports of subjective delusions Moving beyond traditional philosophical or cultural and theological interpretations of mystical phenomena the author uses inductive inference to analyze claims made by secular and religious mystics highlight links between altered states of consciousness and neurochemistry and counters reductionist claims that mystical states are exclusively products of neurochemical neurophysiological or psychopathological factors The text also considers the positive long term effects of proper use of psychedelics and meditation This fresh approach to mystical experiences will be of interest to scholars researchers and postgraduate students working in the areas of psychology and neuroscience and with an interest in mysticism in religious studies and philosophy

Being and becoming Jose Luis Perez Velazquez, Vera Nenadovic, 2021-08-25 Many people spend considerable time seeking a sense of purpose in life and concomitant with that a sense of personal identity This book demystifies this search revealing why this search is a fallacy The purpose is to inform readers about results in neuroscience and biophysics that may guide us to some liberation needed in the current age of great complexity in life with a diverse burden of chores a deliverance from some afflictions that prevent individuals from achieving the true purpose of our lives

Among these afflictions we find two primordial concerns the belief and subsequent attachment to a self and the conviction that life must have a deep purpose in which we are major players While this is a scientific text it can easily be read by a lay audience written with minimal technical jargon and with references to scientific papers enough to satisfy the curious We have tried to extract the essence of scientific observations such that we can glimpse at those aforementioned concerns about the self and life observations which help us comprehend what we are and what we become the being and becoming of our own selves and natural phenomena around us Jose Luis Perez Velazquez received a PhD in Molecular Physiology Biophysics His research seeks principles of biological organisation He worked at the Hospital for Sick Children in Toronto and was Professor at the University of Toronto Currently he is a Research Scholar at the Ronin Institute and lives in the natural paradise of Asturias in Northern Spain Vera Nenadovic is a nurse practitioner neuroscientist and entrepreneur She has 30 years of experience in healthcare from First Nations communities to intensive care units Her research focuses on predicting brain injury outcomes She is a clinician and researcher at Holland Bloorview Kids Rehab Hospital Her startup company BrainsView is commercializing software that analyzes brainwaves to monitor brain function and recovery after head injury She is married and lives in Toronto with her husband and Rottweiler
