

YOUR FIRST DAY

Welcome to your first Minecraft world! There's so much to explore, but we'll get to that later. Right now, you only have 15 minutes of daylight before night falls, and the monsters come out. Don't worry – if you follow these steps, you'll be fine!

1

FIND A TREE

As an adventurer, you need some way "home" to sleep at night.

2

COLLECT A BLOCK

After a moment, the block you were going at will "float" into a smaller version of it floating just above the ground. Pick it up with a pickaxe and it will go into your pocket.

WELL DONE

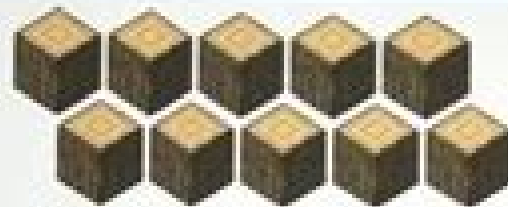

You've just collected your first block! It's a wooden pickaxe, which you can use to break down a tree. The "floating" version of the block is a sign that you're on the right track.

3

KEEP PICKING

Let's collect 10 more blocks. Starting at the point of trees that you saw earlier, then find another tree and go the same way.

4

OPEN YOUR INVENTORY

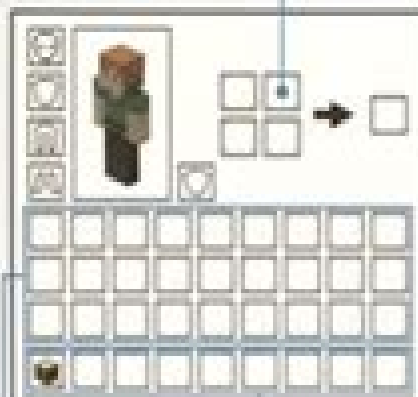

Refer back to pages 6 & 7 to check how to open your inventory on your device.

EMPTYING A SLOT

This shows you what you can make with your materials. If something is in a red square, you don't have all the ingredients.

EMPTY TOOL BAR

This 2 x 2 crafting grid is where you can make simple items like tools and blocks before you have a crafting table.

INVENTORY

Use these 27 handy slots for storing the various things you might need when you're exploring, like food and spare weapons.

HOTBAR

These 9 slots are easy to pick out, which makes them ideal for storing the items you use most often and can't live without in an emergency.
