**Sport Development in the United States** Peter Smolianov,Dwight Zakus,Joseph Gallo,2014-09-15 The development of both elite high performance sport and mass participation grassroots level sport are central concerns for governments and sports governing bodies This important new study is the first to closely examine the challenges and opportunities for sports development in the United States a global sporting giant with a unique market driven sporting landscape Presenting an innovative model of integrated sports development the book explores the inter relationship between elite and mass sport across history drawing on comparative international examples from Australia to the former USSR and Eastern bloc countries At the heart of the book is an in depth empirical study of three traditional and emerging sports in the US tennis soccer and rugby that offer important lessons on the development of elite sport methods for increasing participation and the establishment of new sports in new markets No other book has attempted to model sports development in the United States in such depth before Therefore this should be essential reading for all students researchers administrators or policy makers with an interest in sports development sports management sports policy or comparative international sport studies

Perspectives on Game-Based Coaching Shane Pill,2020-10-19 This book offers new perspectives on game based coaching GBC one of the most important practices for session design and instructional delivery in sport coaching GBC emphasises the sport coach as educator and the development of thinking players and this book demonstrates what that means in practice It brings together leading and innovative thinkers and practitioners in coaching pedagogy and aims to stimulate reflection by the reader on their own coaching practice Reviewing recent theoretical developments and current research in GBC the book provides in depth examples on how research can be applied in practice including the use of digital video games immersive scenario based coaching narratives and the Game Sense approach as play with purpose Representing the most up to date and engaging introduction to the theory and practice of GBC this book is invaluable reading for all students of physical education and sport coaching as well as practising coaches and coach educators

**Ethics in Youth Sport** Stephen Harvey,Richard Light,2013 The influence of

professional adult sport on youth sport is now a global concern Children are involved in high stakes competitive sport at national and international levels at an increasingly young age In addition the use of sport as a medium for positive youth development by governments and within the community has fuelled ambitious targets for young people s participation in sport at all levels In this important study of ethical issues in and around youth sport leading international experts argue for the development of strong ethical codes for the conduct of youth sport and for effective policy and pedagogical applications to ensure that the positive benefits of sport are optimized and the negative aspects diminished At the heart of the discussion are the prevailing standards and expectations of youth sport in developed societies typically consisting of the development of motor competence the development of a safe and healthy lifestyle and competitive style and the development of a positive self image and good relationship skills The book examines the recommendations emerging from the Panathlon Declaration and the debates that have followed and covers a wide range of key ethical issues including emotional and physical abuse aggression and violence doping and cheating values and norms teaching and coaching integrity management Ethics in Youth Sport is focused on the application of ethical policy and pedagogies and is grounded in practice It assumes no prior ethical training on the part of the reader and is essential reading for all students researchers policy makers and professionals working with children and young people in sport across school community and professional settings

Research into Talent Development in Youth Sports Carlos Eduardo Gonçalves,Humberto M. Carvalho,Arne Güllich,2023-11-16 The last decade witnessed a plethora of literature about talent identification and talent development Most of the research is descriptive In addition an enormous quantity of publications attempted to define normative guidelines but mostly with relatively little empirical evidence to support them We believe it is time to overview the field critically appraise the situation of research and map the topics trends and gaps The large part of recent research has focused on talent identification and the factors that reveal talents In contrast relatively less research has addressed the question how young talents develop in a long term process towards becoming senior high performers This is an evolving field and research is still in a primarily explorative stage A variety of different study designs and methodological approaches have been employed to explore different factors and outcomes of talent development yielding heterogeneous findings

Re-Designing Youth Sport John McCarthy,Lou Bergholz,Megan Bartlett,2016-02-26 Many observers have pointed out what is wrong with youth sport an emphasis on winning at all costs parental over involvement high participation costs that exclude many families lack of vigorous physical activity lack of player engagement and no focus on development Currently most attempts at righting the wrongs of youth sport have focused on coach education and curriculum but in this book the authors offer a different approach one that involves changing the game itself Re Designing Youth Sport combines vivid examples and case studies of innovative sport programs who are re designing their sport with a comprehensive toolkit for practitioners on how to change their game for bigger and better outcomes It offers a fresh and exciting perspective on the seemingly intractable issues in sport It presents

a practical and empowering pathway for readers to apply the examples and tools to the outcomes that they aspire to achieve in their sport such as increased fun and excitement life skills building gender inclusion increased sportspersonship greater parity and avoidance of one sided competition and positive parental roles The book also reveals how community leagues as well as national and international sport governing bodies are using re design to accelerate player skill development tactical awareness and physical fitness

Matt Dawson's Lions Tales Matt Dawson,2013-09-26 Matt Dawson s Lions Tales gives rugby fans a satisfying dose of wonderful Lions anecdotes epic stories of triumph and despair of camaraderie and controversy and stirring examples of that special bond that only competing in the white heat of battle halfway round the world against the mighty All Blacks Wallabies and Springboks can engender Lions Tales is peppered with insight and laugh out loud moments dredged from the memory banks of Dawson s own time in the iconic red shirt and also from his keen interest in the Lions remarkable 125 year traditions
