Mind T H Cooper Macabre:

The Mind of T. H. Cooper Thomas H. Cooper, 2017-12-26 I call these stories macabre humoresques The macabre part is about death but the humoresque part is borrowed from a form of music that is whimsical or fanciful Many of these stories are about death but more often than not the subject is dealt with tongue in cheek They are not for everybody They are not liable to appeal to those who enjoy stories written in the genre of horror that is very popular today There are no complicated twists no complexity of plotline and there is very little blood or gore But they are creepy storietales you might read while seated comfortably in a nice easy chair in front of a fire with a glass of good sherry nearby They are the kinds of tales one might hear around the campfire They are the kinds of tales I used to enjoy reading in old books from the library or would chance upon in a bookstore

Animals and Human Society Colin G. Scanes, Samia Toukhsati, 2017-09-18

Animals and Human Society provides a solid scientific research based background to advance understanding of how animals impact humans. Animals have had profound effects on people from the earliest times ranging from zoonotic diseases to the global impact of livestock, poultry and fish production to the influences of human associated animals on the environment on extinctions, air and water pollution, greenhouse gases etc to the importance of animals in human evolution and hunter gatherer communities. As a resource for both science and non science, *Animals and Human Society* can be used as a text for courses in *Animals and Human Society* or *Animal Science* or as supplemental material for *Introduction to Animal Science*. It offers foundational background to those who may have little background in animal agriculture and have focused interest on companion animals and horses. The work introduces livestock production including poultry and aquaculture but also includes coverage of companion and lab animals. In addition, animal behavior and animal perception are covered. *Animals and Human Society* is likewise an excellent resource for researchers, academics or students newly entering a related field or coming from another discipline and needing foundational information as well as interested laypersons looking to augment their knowledge on the many impacts of animals in human society. Features research based and pedagogically sound content with learning goals and textboxes to provide key information. Challenges readers to consider issues based on facts rather than polemics. Poses ethical questions and raises overall societal impacts. Balances traditional animal science with companion animals, animal biology, zoonotic diseases, animal products, environmental impacts and all aspects of human animal interaction.

Cooper's Snoopers and Other Follies Peter Johnston, 2002. Peter Johnston, retired ambassador, tells a story of five years in the Canadian Army in the Second World War, much of them spent as a sergeant in counter intelligence including close to two years rounding up amateur spies and other nasties in Italy. He writes of later years in the Canadian foreign service, some of them working with the Royal Canadian Mounted Police Security Service and many of them engaged in examining assessments of intelligence during the Cold War, entailing close contacts with the British and American intelligence authorities. He also writes of his life as an ambassador in Indonesia and of his subsequent adventures as an elections monitor in Nicaragua, El Salvador and Angola. Reviewing Johnston's book in the November issue of the *Rockcliff News*, Charles King, one time Chief of the Ottawa Bureau of Southam News Services and former Associate Editor of the *Ottawa Citizen*, spoke of the author as a snoop with a difference, as an unconventional outsider looking in on the refinements of a diplomatic life as an intelligence officer in the dim secret world of counter espionage who in all his adventures was sustained by an impish sense of the ridiculous nature of his role. Similar reactions were expressed in *Bout de Papier*, the quarterly journal of the Professional Association of Foreign Service Officers. David Peel, retired ambassador and Inspector General of the Canadian Security and Intelligence Service, 1994-98, began his review by expressing his big disappointment for which you should prepare yourself when you get to page 164 of this little book, it ends far too soon. Among Peel's comments on Johnston's

experiences in the Second World War he noted that he makes his adventures in the long advance of the Canadians up the boot of Italy sound funny ridiculous and touching but they give a vivid picture of war and the men who fought in it On his life as a diplomat and civil servant Peel suggested that His age and experience gave him a perspective that other newcomers lacked and his stories and comments on the situations and people he encountered are while generally kind great fun and sometimes scathing the sort of thing we all wish we d had the courage to say at the time Peel concluded his summary of the book s contents by referring back to his opening remark that at page 164 that s just how I felt about his book reluctant to let go
