Kristeva, Psychoanalysis and Culture Sylvie Gambaudo, 2016-12-05 Examining Julia Kristeva's contention that contemporary Western society is witnessing a crisis of subjectivity due to the failure of the paternal function Gambaudo places Kristeva's thesis within the context of Freudian psychoanalytic thought and shows how Kristeva defends her position against a cultural climate privileging scientific and cognitive answers to aesthetic concerns Gambaudo argues that while Kristeva's position might be construed as defensive and a reactive clinging on to paternal modes of organisation of

subjectivity it also offers a unique and visionary analysis of subjectivity that rescues the paternal project from its decline
