Handbook on the Historical Books Victor P.

Hamilton, 2008-03-01 From the tumbling walls of Jericho to a Jewish girl who became the queen of Persia the historical books of the Bible are intriguing and unquestionably fascinating In this comprehensive introduction veteran Old Testament professor Victor Hamilton demonstrates the significance of the messages contained in these biblical books by carefully examining content structure and theology He details the events and implications of each book chapter by chapter providing useful commentary on overarching themes and the connections and parallels between Old Testament texts Now in paper

Mothers on the Margin? E. Anne Clements, 2014-05-01 The Gospel of Matthew opens with a patrilineal genealogy of Jesus that intriguingly includes five women Tamar Rahab Ruth she of Uriah and Mary In a gospel that has a strongly Jewish and male orientated outlook why are women incorporated In particular why include these four Old Testament women alongside Mary Rejecting traditional as well as feminist views Anne Clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented All are significant scriptural figures on the margins of Israelite society From this intertextual world established by Matthew Clements explores why Matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative *Mothers on the*

Margin argues that Matthew's Gospel contains a counter narrative focused on women. The presence of the five women in the genealogy indicates that the birth of the Messiah will bring about a crisis in Israel's identity in terms of ethnicity, marginality, and gender. The women signal that Matthew's Gospel is concerned with the construal of a new identity for the people of God.

The Character of God in the Book of Genesis, 2001-01-01 By using recent developments in literary theory, W. Lee Humphreys uses Genesis to show how God functions as a character in the Genesis narrative. Very creatively, Humphreys explores the coherence and consistency of God as a character, the way in which God's character changes and develops throughout the narrative, and how giving attention to the character of God enriches our experience of reading Genesis.

The Invasion of Sennacherib in the Book of Kings, Paul S. Evans, 2009 The invasion of Sennacherib in 701 BCE is a classic issue for both biblical scholars and historians alike. Extant Assyrian, Biblical, and even Greek texts all refer to Sennacherib, and many different theories have been put forward in attempts to understand the relationship between these various accounts. Despite the rise of new literary rhetorical criticism in biblical studies, studies tackling the problem of Sennacherib's invasion have been dominated by historical critical work on the issue and have virtually ignored rhetorical methodology. Against this trend, this book employs both traditional historical critical methods and newer rhetorical methods in an effort to utilize the biblical texts in a historical reconstruction of this famous Assyrian assault on ancient Judah.

The End of Mark's Story, Danove, 2022-07-04 This volume generates a narrative grammar which unites linguistic, structuralist, rhetorical, and reader response methods, and then uses it to investigate the textual indicators for interpreting the ending of the Gospel of Mark. The first part of this book generates the narrative grammar in response to significant contemporary writings on methods of narrative analysis. The second part provides a detailed analysis of the Gospel's larger narrative units. The analysis isolates narrative units according to a consistent set of criteria, grounds the interpretation on a limited number of qualifications of the implied reader, indicates the centrality of the literary and rhetorical traditions of the Hebrew Bible for interpretation, clarifies the model of irony used in the narrative, and accounts for the negative presentation of the disciples on narrative grounds.

Three Faces of a Queen, Linda Day, 1995-03-01 This original study offers for the first time an analysis of the characterization of Esther as she is portrayed in each of the three primary versions of the book of Esther: the Masoretic text, the Septuagint text, and the Greek text. This study of characterization has implications beyond itself. It permits a reassessment of relations between the book of Esther and other literature of the time; it sheds light on the place of origin of the ancient versions of Esther; and it raises serious feminist and canon critical questions about the role of the book.

Redditt, 2000-06-30 Does God in fact always show love toward those who love him and faithfully serve him Even apart from the fact that God punishes those who clearly deserve his wrath and even apart from his hostility to Israel s enemies what do we do with the not insignificant number of passages in the Old Testament Hebrew Bible where it could be said that he turns against his own people or members of that people attacking them without cause or at least with excessive violence Professor James Crenshaw perhaps more than any other single scholar of this generation has led the way into discussion of this pivotal matter and the essays included in this volume are based on or react to his seminal contributions to the topic **Satanic Conflict and the Plot of Matthew** Robert Charles Branden, 2006 Recent gospel studies have capitalized on the advance in scholarship of narrative criticism Conversely gospel studies have suffered from a general lack of appreciation for and

application of first century demonology in Judaism A combination of these two critical tools sheds great light not only on the plot of Matthew but also on the understanding of selected problem passages The success of this approach makes Satanic Conflict and the Plot of Matthew an indispensable method of gospel criticism **Essential Bible Study Tools for Ministry**
