Max Everest-Phillips

Nation Of Devils Democratic Leadership And The Problem Of Obedience:

Nation of Devils Stein Ringen, 2013-09-24 How does a government get the people to accept its authority Every government must make unpopular demands on its citizens the challenge is that power is not enough the populace must also be willing to be led

Nation of devils Stein Ringen, **Russia's Visionaries** Alexander Burak, 2020-11-25 This book examines the latest thinking regarding Russia's present position and its anticipated future by leading Russian philosophers political scientists economists and cultural figures to whom the author refers as visionaries These thinkers position Russia as a global protector of fairness and a safeguard against any single nation's world hegemony Despite Russians' abiding tendency to underestimate and undervalue their achievements they are increasingly coming to realize that Russia's historical record is on the whole outstanding The book's 17 chapters including many original translations of spoken discussions argue that Russia has all the prerequisites for and is in fact already well on the way toward becoming a global Noah's Ark of Western civilization

Rethinking Democratic Innovation Frank Hendriks, 2023-08-25 Rethinking Democratic Innovation takes a fresh look at diverging visions of improving democratic governance and asks whether these existing tensions could be made productive Could different visions of democratic revitalisation complement and correct each other in ways that are good for democracy Is it conceivable that combined approaches address a larger part of the democratic challenge while isolated approaches centralizing deliberative or plebiscitary democracy are confined to more limited areas of concern This book ultimately provides an affirmative answer outlining the scope for hybrid democratic innovations that thrive on exploiting not eliminating tensions between diverging visions of improved democracy Supplementing democratic theory with a cultural perspective this book contributes to a deeper understanding of plans and methods geared toward improving democratic governance Revisiting Mary Douglas's seminal take on culture as pollution reduction processes of democratic innovation are understood as instances of cultural cleaning in public governance The book recognizes that democratic cleaning will never be finished but can be done in ways that are more productive Reflecting on varieties of hybrid democratic innovation deliberative referendums participatory budgeting new style and more the author posits that more versatile connective and embedded innovations stand a better chance of high performance on a broader spectrum than democratic innovations falling short of these qualities

The Routledge History of the Devil in the Western Tradition Richard Raiswell, Michelle D. Brock, David R. Winter, 2025-05-29 Covering a period of 2000 years this book offers an interdisciplinary exploration of the devil's role in the Western tradition and draws from history religion art literature media studies and anthropology to provide a multifaceted view of the devil over time The Routledge History of the Devil in the Western Tradition examines topics such as the devil's scriptural origins medieval development and role in witch hunting and possession cases as well as the influence of the demonic on contemporary issues like terrorism political polarisation and digital culture Collectively this volume demonstrates that the demonological imagination has served as part of the glue holding Western societies together While

contexts misfortunes and anxieties have shifted according to time and place many of the dynamics that underlie the devil's construction and detection have important continuities This book then provides an innovative history of the anti West the West as seen through its anxieties fears and attempts to define and police itself and its boundaries With contributions from 28 leading scholars in the field this volume is of interest to all students and scholars of the devil in the Western world The Perfect Dictatorship Stein Ringen, 2016-05-01 The Chinese system is like no other known to man now or in history This book explains how the system works and where it may be moving Drawing on Chinese and international sources on extensive collaboration with Chinese scholars and on the political science of state analysis the author concludes that under the new leadership of Xi Jinping the system of government has been transformed into a new regime radically harder and more ideological than the legacy of Deng Xiaoping China is less strong economically and more dictatorial politically than the world has wanted to believe By analysing the leadership of Xi Jinping the meaning of socialist market economy corruption the party state apparatus the reach of the party the mechanisms of repression taxation and public services and state society relations the book broadens the field of China studies as well as the fields of political economy comparative politics development and welfare state studies A new interpretation of the Chinese party state shows the advantage that derives from a comparative theorist looking at the Chinese system Tony Saich Harvard University This is an excellent book which asks important questions about China's future In a lively and persuasive manner the author vividly analyses key data in a comparative and theoretical manner Far and away the best introduction to how the CCP dictatorship works Edward Friedman University of Wisconsin Madison There is no lack of scholars and pundits abroad who tell us that dictatorship in China is for the greater good In a timely and engagingly written book Stein Ringen systematically demolishes all the components of this claim Frank Dikter University of Hong Kong Stein Ringen shows how the Chinese state has used both fear and material inducements to build a controlocracy of a size and complexity unprecedented in world history Perfect as a dictatorship but brutal destructive and wasteful The author's encyclopedic understanding of his topic is based on a mastery of relevant scholarship and is delivered in clear no nonsense prose that bows to no one Ideal as a textbook Perry Link University of California Riverside China is a complex country and there is a range of reasonable interpretations of its political system Professor Ringen's interpretation is different than my own but China watchers need to engage with his thought provoking and carefully argued assessment If current trends of repression intensify less pessimistic analysts will need to recognise that Ringen's analysis may have been prescient Daniel A Bell Tsinghua University Inspirational and trenchant Stein Ringen's book is a must read to understand China's politics economy ideology and social control and its adaptability and challenges under the CCP's rule especially in the 21st century Teng Biao Harvard Law School and New York University Stein Ringen's insights as a prominent political scientist enable a powerful examination of the Chinese state in a penetrating analysis that reaches strong conclusions which some will see as controversial The book is scholarly objective and free from ideological partiality or insider

bias Whether one ultimately wishes to challenge or embrace his findings the book should be read Lina Song University of Nottingham Click on these links for more information Blog <https://thechinesestate.com> Facebook <https://www.facebook.com/stein.ringen.7> about

The Routledge Companion to Leadership John Storey, Jean Hartley, Jean-Louis Denis, Paul 't Hart, David Ulrich, 2016-09-13 Leadership has never been more important and divisive than it is today The idea and discourse of the leader remains a critical factor in organizational and societal performance but there is evident tension between the persistent focus on the critical importance of individual leaders and the increasing emphasis on collective leadership The Routledge Companion to Leadership provides a survey of the contentious and dynamic discipline of leadership This collection covers key themes in the field including advances in leadership theory leadership in a range of contexts and geographies leadership failure leadership process and leadership development Topics range from micro studies to wider political analyses of leadership taking in unusual but important aspects such as portrayals of leadership in architecture media and science fiction Contributions from 61 internationally renowned authors from 16 countries make available the full range of perspectives approaches and insights on the idea of leadership Providing both a social sciences and a psychological approach these go beyond common themes to offer diverse perspectives on such topics as emotion and leadership portrayals of leadership This volume situates leadership debates and evidence within contemporary leadership crises while ensuring that the explorations of the issues are of enduring relevance With wide and critical coverage of the key topics and potent contextualization of themes in current events The Routledge Companion to Leadership is the ideal resource for graduate study in leadership

The Story of Scandinavia Stein Ringen, 2023-09-14 In The Story of Scandinavia political scholar Stein Ringen chronicles more than 1 200 years of drama economic rise and fall crises kings and queens war peace language and culture Scandinavian history has been one of dramatic discontinuities of collapse and restarts from the Viking Age to the Age of Perpetual War to the modern age today For a thousand years the Scandinavian countries were kingdoms of repression where monarchs played at the game of being European powers at the expense of their own populations The brand we now know as Scandinavia is a recent invention During most of its history Denmark and Sweden and to some degree Norway were bloody enemies These sentiments of enmity have not been fully settled Under the surface of collaboration remain undercurrents of hatred envy contempt and pity What does it mean today to be Scandinavian For the author whose identity is Scandinavian but his life European this masterly history is a personal exploration as well as a narrative of compelling scope

China Horizon, The: Glory And Dream Of A Civilizational State Weiwei Zhang, 2016-05-10 This is a book of China's own political narrative written by one of China's leading and best known thinkers It is the last part of the author's China Trilogy which is a best seller in China with over one million copies sold The book in itself is a centerpiece of the unfolding debate within China on the nature and future of the country and how it compares with the West It addresses a hugely important issue of the day i.e. in what way China is overtaking or may overtake the United States as the world's preeminent

power The author provides an original and thought provoking study on how China has managed through its own development model to catch up and even surpass to various extents the United States in terms of gross GDP net household assets and social protection The book elaborates on how China has engaged itself in reshaping its institutions to ensure its smooth rise drawing on the strengths of its own traditions socialist legacies and elements from the West It analyzes the weakness of the Western political institutions and discusses how China has developed its own institutional edge over the West The author argues that as a civilizational state China has evolved a logic of its own for development and its own political discourse which questions seriously many Western assumptions about democracy good governance and universal values The book recaptures the essence of China's past glory and discusses the horizon of the Chinese dream as well as how China should meet the various challenges ahead It offers a unique and original perspective on the future of this coming superpower Like The China Wave this book is both discerning and provocative and serves as a required reading for everyone concerned with the rise of China and its global implications

How Democracies Live Stein Ringen, 2022-05-06 Times have not been kind to democracy This book is in its defense In the new century the triumph of democracy at the end of the Cold War turned to retrenchment The core democracies in America and Britain succumbed to polarization and misrule Dictatorships such as China made themselves assertive New democracies in Central Europe turned to muddled ideologies of illiberal democracy In this book Stein Ringen offers a meditation on what democracy is the challenges it faces and how it can be defended Ringen argues that democracy must be rooted in a culture that supports the ability of citizens to exchange views and information among themselves and with their rulers Drawing on the ideas of Machiavelli Aristotle Tocqueville Max Weber and others Ringen shows how power is the fuel of government and statecraft turns power into effective rule Democracy should prize freedom and minimizing unfairness especially poverty Altogether Ringen offers powerful insight on the meaning of democracy including a new definition and how countries can improve upon it and make it function more effectively Timely and thought provoking *How Democracies Live* is a sober reminder of the majesty of the democratic enterprise

Introduction to Politics Robert Garner, Peter Ferdinand, Stephanie Lawson, 2016 Combining theory comparative politics and international relations *Introduction to Politics* provides a perfect introduction to the subject for students embarking on university level study As the only introductory text to cover both comparative politics and international relations and contextualise this material with a wide range of international examples it is the most comprehensive authoritative and global introductory politics textbook on the market Written by three experts in the field this book takes a balanced approach to the subject serving as a strong foundation for further study The material is explored in an accessible way for introductory study but takes an analytical approach which encourages more critical study and debate helping students to develop the vital skills they need for a politics degree An Online Resource Centre accompanies this text and includes a range of resources for both students and lecturers For students Learn more about the people behind the theory with the Key Thinkers resource Test your

understanding of the chapter content and receive instant feedback with self marking multiple choice questions Revise key terms and concepts with an online flashcard glossary For registered lecturers Encourage students to think critically with political scenario exercises Reinforce key themes from each chapter with suggested discussion questions for use in seminars Use the adaptable PowerPoint slides as the basis for a lecture presentation or as hand outs in class Save time preparing assessments and seminars with a fully updated test bank of questions

Democracy Rules Jan-Werner Müller, 2021-07-06 A much anticipated guide to saving democracy from one of our most essential political thinkers Everyone knows that democracy is in trouble but do we know what democracy actually is Jan Werner Müller author of the widely translated and acclaimed *What Is Populism* takes us back to basics in *Democracy Rules* In this short elegant volume he explains how democracy is founded not just on liberty and equality but also on uncertainty The latter will sound unattractive at a time when the pandemic has created unbearable uncertainty for so many But it is crucial for ensuring democracy's dynamic and creative character which remains one of its signal advantages over authoritarian alternatives that seek to render politics and individual citizens completely predictable Müller shows that we need to re invigorate the intermediary institutions that have been deemed essential for democracy's success ever since the nineteenth century political parties and free media Contrary to conventional wisdom these are not spent forces in a supposed age of post party populist leadership and post truth Müller suggests concretely how democracy's critical infrastructure of intermediary institutions could be renovated re empowering citizens while also preserving a place for professionals such as journalists and judges These institutions are also indispensable for negotiating a democratic social contract that reverses the secession of plutocrats and the poorest from a common political world

Experimentalist Governance Bernardo Rangoi, 2023 This book demonstrates the conditions trajectories and mechanisms of non hierarchical experimentalist governance Analysing five crucial domains electricity gas communications finance and pharmaceuticals in the European Union it examines when how and why non hierarchical institutions affect policy processes and outcomes

Leading in Change Valerie A. Storey, 2019-03-01 *Leading in Change* Implications for School Leadership Preparation in England and the United States considers the ways in which school leadership and its preparation has changed and developed in response to a rapidly changing educational scenario over the past decade Drawing together leading thinkers researchers and practitioners in the field of school leadership and management this text takes an international perspective to consider what we know about school diversification and school leadership preparation Theoretically and conceptually informed the contributors draw on recent empirical research studies and practitioner experience into school leadership preparation to examine how neoliberal and neoconservative policies are working in unison to privatize and corporatize public schools It looks at how these policies have impacted the preparation of school leaders In addition to information critique and analysis multiple perspectives are provided that readers can draw upon to ensure aspiring school leaders are successfully prepared to lead in a diversified and corporate school context The book is

divided into three sections In the first section key topics covered include Relationship between school corporatization and leadership preparation in England and the United States Comparative analysis of US charter schools and UK academy trusts Section two is focused on England Key topics covered include System leadership and governance in networked systems Role of a specialist leader Role of social capital in the leadership of academy and free schools Building leadership capacity Women s leadership preparation in the independent sector Section three is focused on the United States Key topics covered include Overview of current education reform issues and challenges for school leadership Historical analysis of standards for educational leadership preparation programs Preparing charter school leaders emerging challenges and opportunities Role of a growth mindset in principal preparation programs School leadership preparation and development in one state Leading in Change Implications for School Leadership Preparation in England and the United States is essential reading for those who work study or research in k 12 school reform Contributors examine the current research and best practices on present school leadership preparation programs in England and the US adding to the discourse on effective training methods for 21st century school leaders Given the crucial importance of leadership for effective school performance a number of strategies are proposed by chapter authors to help future school leaders operate successfully in demanding and changing times

The Passionate Bureaucrat Max Everest-Phillips, 2018 Effective and impartial public administration is the foundation of state legitimacy This was understood 4 500 years ago when Urukagina the ruler of a small country in Mesopotamia proclaimed the first known reform of public service The quality of public administration will be even more important in the 21st century Successful states will be those that recognise public service as a key determinant of national competitive advantage That realisation will generate a radical change in the image of the civil servant from dull uninspired public official to passionate advocate of the common good This transformation will be the product of the complex challenges arising from the interweaving of globalisation with the 4th Industrial Revolution These and related developments are forcing governments around the world to search for public service that can respond to the unprecedented range of opportunities and threats emerging from a rapidly evolving international context In an increasingly frenetic world ruled by Wicked Ostriches and Black Elephants governments require a civil service capable of achieving five outcomes i unlocking the creativity and collaborative spirit needed to solve complex problems ii overcoming the fallacy that the private sector is inherently more innovative and efficient than the public service iii developing societies that are perceived by their citizens as fair iv fostering the trust of citizens in their governments and v bolstering the legitimacy of the state The author who is Director of the United Nations Development Programme s Global Centre for Public Service Excellence in Singapore suggests that these interconnected aims will result in a new phenomenon the public recognition by political leaders and citizens that future prosperity political stability environmental sustainability and social cohesion are dependent on committed and creative civil servants passionate about promoting the long term national interest Publisher s website [Trust in the Capacities of the People, Distrust in](#)

Elites Kenneth Good, 2014-10-15 Democratization is a sociopolitical process and the society that may grow out of it where people make decisions on matters affecting them It is an unending struggle to win such rights and power to hold and to extend them The contending classes are essentially the poor and weak majority of the people and the elite of wealth status and power This book begins with the study of politics in democratic Athens 508 322 BCE and how it revolved around the divisions between an uneducated poor majority of citizens and a small wealthy elite All citizens were deemed equally capable of holding political office and life in democratic Athens was itself an education through the wide political experience a citizen necessarily acquired The second study is of Britain's centuries long and profoundly incomplete democratization polarizing usually the urban poor unequally against the Grandees the oligarchy and subsequent elites A third exemplifier is South Africa beginning in the 1970s 80s when two big processes were going on simultaneously an external armed struggle led by the African National Congress ANC and a path breaking domestic democratization represented by the United Democratic Front and the trade unions The democratization that emerges here is a matter of aspiration and impulse by determined men and women which fail more often than they succeed yet appear again in other times and places Two main models of democracy are in contention A representative form revolving around free elections in which competing elites get themselves elected utilizing their wealth and celebrity The liberal form achieved preeminence in Britain and the United States over some 150 years but is now under serious threat from its own dysfunctions and the alienation of its citizens from its institutions and their elitist self serving values And there is the participatory model now being approached again since the mid 1970s in many places from Portugal Poland and Czechoslovakia to South Africa Tunisia Egypt and Iceland Many such impulses will fail but they offer hope and on the record immense satisfaction to their participants

System Leadership Susan Cousin, 2019-03-21 System leadership defined as leading beyond a single institution is a feature of the English education system which has been heralded as both the solution to school improvement and an extension to the school leadership career ladder However claims that it evidences a change of governance towards increasing self regulation of the education system are contested Susan Cousin explores the governance and policy perspectives of system leadership She captures rich narratives over several years from the lived experience of system leaders headteachers they worked with and those brokering the relationships The daily realities of the challenges they faced include tensions arising from conflicted governance environments where autonomy coexists with accountability and collaboration with competition Identifying four types of system leader the Hero head the Auditor the Protector and the Collaborator she presents a conceptual model of system leadership practice A clear explanation of how different approaches affect power relationships the nature of trust and types of learning the model can be used to inform decisions made by current and future system leaders and those who make policy The book concludes by reaffirming the power of system leadership to deliver educational reform and the need to avoid unintended consequences including the fragmentation of the system and increased inequality

Rise of Democracy Christopher Hobson, 2015-10-07 Explores

democracy's remarkable rise from obscurity to centre stage in contemporary international relations from the rogue democratic state of 18th Century France to Western pressures for countries throughout the world to democratise

Political Order and Political Decay Francis Fukuyama, 2014-09-30 In *The Origins of Political Order* Francis Fukuyama took us from the dawn of mankind to the French and American Revolutions Here he picks up the thread again in the second instalment of his definitive account of mankind's emergence as a political animal This is the story of how state law and democracy developed after these cataclysmic events how the modern landscape with its uneasy tension between dictatorships and liberal democracies evolved and finally how in the United States and in other developed democracies unmistakable signs of decay have emerged

Change Everything Natalie Bennett, 2024-03-21 We are living in a social political economic and environmental emergency The status quo is profoundly unstable change is inevitable Now is the time to get together to build a far healthier and more balanced world it is time to Change Everything Natalie Bennett is on a mission to transform the way we think about our world She explains how universal basic income will decommodify time and free people up to choose how best to use their energy and talents she emphasises the importance of free education for everyone for life she encourages the pooling of assets from sharing tools with your neighbour to fairly enjoying the planet's natural resources From organising a litter pick or petitioning for a pedestrian crossing from rethinking the financial markets and tax havens to re-evaluating the criminal justice system Natalie has formulated a holistic hopeful and practical vision for the future where people can really do politics If we can bring together the imagination talents and energy of everyone invested in change to rebuild and repair our societies then a positive future is within our reach

Nation Of Devils Democratic Leadership And The Problem Of Obedience Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Nation Of Devils Democratic Leadership And The Problem Of Obedience PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Nation Of Devils Democratic Leadership And The Problem Of Obedience PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can

enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Nation Of Devils Democratic Leadership And The Problem Of Obedience free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Nation Of Devils Democratic Leadership And The Problem Of Obedience Books

What is a Nation Of Devils Democratic Leadership And The Problem Of Obedience PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Nation Of Devils Democratic Leadership And The Problem Of Obedience PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools.
