Understanding African American Rhetoric Ronald L. Jackson II, Elaine B. Richardson, 2014-05-22 This is an extraordinarily well balanced collection of essays focused on varied expressions of African American Rhetoric it also is a critical antidote to a preoccupation with Western Rhetoric as the arbiter of what counts for effective rhetoric Rather than impose Western terminology on African and African American rhetoric the essays in this volume seek to illumine rhetoric from within its own cultural expression thereby creating an understanding grounded in the culture s values The consequence is a richly detailed and well researched set of essays The contribution of African American rhetoric can no longer be rendered invisible through neglect of its tradition The essays in this volume neither seek to displace Western Rhetoric nor function as an uncritical paen to Afrocentricity and Africology This volume is both timely and essential timely in advancing a better understanding of the richly textured history that is expressed through African American discourse and essential as a counterpoint to the hegemonic influence of Greek and Roman rhetoric as the origin of rhetorical theory and practice Written in the spirit of a critical rhetoric this collection eschews traditional focus on public address and instead offers a rich array of texts in musical and other forms that address publics

From Staircase to Stage Raekwon, Anthony Bozza, 2022-07-19 There are rappers who everyone loves and there are rappers who every rapper loves and Corey Woods a k a Raekwon the Chef is one of the few who is both His versatile flow natural storytelling and evocative imagery have inspired legions of fans and a new generation of rappers Raekwon is one of the founding members of Wu Tang Clan and his voice and cadence are synonymous with the sound that has made the group iconic since 1991 Now for the first time Raekwon tells his whole story from struggling through poverty in order to make ends meet to turning a hobby into a legacy The Wu Tang tale is dense complex and full of drama and here nothing is off limits the group s origins secrets behind songs like C R E A M and Protect

Ya Neck and what it took to be one of the first hip hop groups to go from the underground to the mainstream Raekwon also delves deep into the making of his meticulous solo albums particularly the classic Only Built 4 Cuban Linx and talks about how spirituality and fatherhood continue to inspire his unstoppable creative process **NOBLE DREW ALI & THE MOORISH SCIENCE TEMPLE OF AMERICA. THE MOVEMENT THAT STARTED IT ALL** Sheik Way-El, 2011-12-09 This book will take the reader on a journey to the early 1900s when the first man Prophet Noble Drew Ali did bring to the so called Negro black and colored the first light of our lost knowledge of the east and founded the first Islamic organization in the United States He would reveal to us our true identity of the Moabites whom are the Heralded Moors and he would teach us that we are not Negroes Black Folks or Colored people because these names allude to slavery as they still do today This is the first time in history that a book was dedicated to giving a public accounting of the history of Noble Drew Ali and the Moorish Science Temple of America insofar as the origins the efflorescence and the schism of the movement and the state of the Moorish nation today **A History of Conversion to Islam in the United States, Volume 2** Patrick D. Bowen, 2017-09-11 In A History of Conversion to Islam in the United States Volume 2 The African American Islamic Renaissance 1920 1975 Patrick D Bowen offers an in depth account of African American Islam as it developed in the United States during the fifty five years that followed World War I Having been shaped by a wide variety of intellectual and social influences the African American Islamic Renaissance appears here as a movement that was characterized by both great complexity and diversity Drawing from a wide variety of sources including dozens of FBI files rare books and periodicals little known archives and interviews and even folktale collections Patrick D Bowen disentangles the myriad social and religious factors that produced this unprecedented period of religious transformation **Metaphysical Africa** Michael Muhammad Knight, 2021-11-30 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad's heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities

and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large
