Nationalism And Political Identity International Relations For The 21st Cen:

Nationalism and Political Identity Sandra Fullerton Joireman, 2003 The Geopsychology Theory of International Relations in the 21st Century B. M. Jain, 2021-02-15 This book introduces an innovative theoretical construct of geopsychology to navigate the complex dynamics of international politics in the 21st century. It explains how geopsychology is different from mainstream international relations theories in terms of primary actors, human behavior, spatial application, instruments, and key issues. It argues that peace and stability in the troubled parts of the world warrants an imperative need for understanding psychological dispositions of non-state actors and authoritarian regimes. In *The Geopsychology Theory of International Relations in the 21st Century: Escaping the Ignorance Trap*, B. M. Jain unfolds that neither a global hegemon nor a cohort of powers could weaken their resolve and break their morale as proven in the cases of Iraq, Afghanistan, and North Korea. Importantly, the regional case studies of India and Pakistan in South Asia, North Korea and China in Northeast Asia, and the U.S. involvement in the Middle East reveal how the psyche and thought processes of national and regional actors have been the driving force in triggering interstate conflicts and civil wars. The book brilliantly illuminates how America became a conscious victim of the ignorance trap in Asia's volatile regions. This must book offers easy solutions to complex conflicts to induce a peaceful change in world politics.

Africa and International Relations in the 21st Century S. Cornelissen, F. Cheru, T. Shaw, 2016-01-26 This book examines key emergent trends related to aspects of power, sovereignty, conflict, peace, development, and changing social dynamics in the African context. It challenges conventional IR precepts of authority, politics, and society which have proven to be so inadequate in explaining African processes. Rather, this edited collection analyses the significance of many of the uncharted dimensions of Africa's international relations, such as the respatialisation of African societies through migration and the impacts this process has had on state power, the various ways in which both formal and informal authority and economies are practised, and the dynamics and impacts of new transnational social movements on African politics. Finally, attention is paid to Africa's place in a shifting global order and the implications for African international relations of the emergence of new world powers and/or alliances. This edition includes a new preface by the editors which brings the findings of the book up to date and analyses the changes that are likely to impact upon global governance and human development in policy and practice in Africa and the wider world post 2015.

Hu,Gerald Chan,Daojiong Zha,2000-12-13 Most people believe China s foreign behavior is driven by its growing power status in world politics Chinese leaders still firmly uphold some traditional values in foreign policy such as sovereignty territorial integrity and national unification However it is often neglected that China s behavior is also shaped by its changing perception of the globalizing world and to a large extent is a result of external pressure on China By examining the dynamics of paradigm shifts in China s foreign policy thinking this book explores the ideological sources of China s international relations in the new century With growing economic interdependence with the outside world which creates both constraints as well as incentives to adapt to the prevailing norms in contemporary international relations authors of this volume analyze indigenous Chinese sources of intellect on the paradigm shifts The concepts studied in this volume include national identity nationalism globalism multilateralism sovereignty and the role of international law in Chinese foreign policy This volume helps to shed new light on how the dynamics of paradigm shifts affect China s behavior in international affairs
