Subverting Consumerism Robert Crocker, Keri Chiveralls, 2018-07-24 There is now a widespread interest in reuse in many domains from opera houses built over old warehouses to vintage clothes and everyday goods incorporating repurposed materials or parts Despite its ubiquity this extensive creative work is typically seen in narrowly environmental terms as a means of reducing carbon resource use or waste However as this volume shows reuse also has aesthetic and cultural dimensions and a rich social currency invoked to consciously subvert the accelerated consumer culture responsible for our unfolding environmental crisis In three parts the essays in this book consider reuse in terms of values aesthetics and meaning its application in contemporary urban and spatial settings and the revival of social practices involving a more conscious recourse to reuse and repair These are bookended by the editors essays the first on the significant relationship between reuse and technological and social acceleration evident in the surrounding consumer society and the last on the multiple forms of reuse deployed in a contemporary alternative building practice and their contributions to presenting alternative ways of living in the world Challenging dominant understandings of waste and consumption Subverting Consumerism shows how reuse has become a means for many to creatively engage with the past and to discover a continuity and sense of place eroded by the accelerative regimes of contemporary consumerism Becoming a means of resistance and

offering a range of aesthetic social and economic possibilities reuse can be found to subvert and challenge the obsessive quest for the new found in contemporary consumerism
