**Struggling to Survive Barriers to Justice for Rape Victims in Rwanda**, 2004      **Survival October-November 2021: The Limits of Power** The International Institute for Strategic Studies (IISS), 2023-04-21 Survival the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Anatol Lieven argues that realist support for prudence and restraint in foreign policy does not equate to chauvinism isolationism and opposition to international cooperation Toby Dodge assesses that the United States attempt to comprehensively transform Afghanistan was based on its erroneous presumption that the liberal peacebuilding model was universally applicable Audrey Kurth Cronin contends that the logic of fighting terrorists far from the US homeland no longer holds as the US faces resource constraints and rising domestic terrorism Jens Ringsmose and Sten Rynning analyse the potential priorities and scope of NATO's next Strategic Concept and how it can bridge the Alliance's political military divide And eight more thought provoking pieces as well as our regular Book Reviews and Noteworthy column Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Assistant Editor Jessica Watson      **Survival December 2020-January 2021: A World After Trump** The International Institute for Strategic Studies (IISS), 2023-04-21 Survival the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Barry Posen argues that Europe is better placed to defend itself militarily than many including the IISS have portrayed it to be Kori Schake examines the prospects of Republican politics in a post Trump America Daniel Byman and Aditi Joshi call for protocols to curb the abuse of social media by malign agents and states Nigel Gould Davies explains Russia's stance on Belarus with reference to Moscow's long history of involving itself in its neighbours affairs And nine more thought provoking pieces as well as our regular book reviews and Noteworthy column Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Assistant Editor Jessica Watson      **Cultural Politics of Targeted Killing** Kyle Grayson, 2016-07-15 The deployment of remotely piloted air platforms RPAs or drones has become a defining feature of contemporary counter insurgency operations Scholarly analysis and public debate has primarily focused on two issues the legality of targeted killing and whether the practice is effective at disrupting insurgency networks and the intensive media and activist scrutiny of the policy processes through which targeted killing decisions have been made While contributing to these ongoing discussions this book aims to determine how targeted killing has become possible in contemporary counter insurgency operations undertaken by liberal regimes Each chapter is oriented around a problematisation that has shaped the cultural politics of the targeted killing assemblage Grayson argues that in order to understand how specific forms of violence become prevalent it is important to determine how problematisations that enable them are shaped by a politico cultural system in which culture operates in conjunction with technological economic governmental and geostrategic elements The book also demonstrates that the actors involved what they may be attempting

to achieve through the deployment of this form of violence how they attempt to achieve it and where they attempt to achieve it are also shaped by culture The book demonstrates how the current social relations prevalent in liberal societies contain the potential for targeted killing as a normal rather than extraordinary practice It will be of great use for academic specialists and graduate students in international studies geography sociology cultural studies and legal studies      **Forsaken Females** Andrea Parrot,Nina Cummings,2006-06-02 Forsaken Females describes the varied types of brutalization women experience through the life course as well as historical and theoretical perspectives of global violence against women The book illuminates the diverse ideologies and cultural conditions that condone and perpetuate violence      *Rwanda, Struggling to Survive* Shiva Eftekhari,Human Rights Watch (Organization),2004 Recommendations Background Barriers to justice for sexual violence crimes Government response International legal standards Conclusion      **Debating Terrorism and Counterterrorism** Stuart Gottlieb,2025-04-15 This innovative text now in its third edition focuses students on engaging and informative debates on the most crucial issues in the field of terrorism and counterterrorism Leading scholars practitioners and think tank experts provide original essays that juxtapose pro and con arguments on hotly contested topics of clear importance to the understanding of the past present and future of terrorism and counterterrorism These include disagreements over the evolving nature of terrorist organizations whether terrorism is ever justified the role of poverty as a root cause of terrorism whether militant jihadism or far right extremism poses the greater terror threat the likelihood of nuclear terrorism whether military or non military solutions should lead counterterrorism efforts the utility of international organizations in helping to combat terrorism and whether trade offs with civil liberties are necessary to protect national security in an age of mass casualty terrorism The book's editor frames all twelve debate chapters six each for terrorism and counterterrorism with incisive headnotes providing historical context and highlighting the critical stakes involved for each topic By the book's end readers will have a sophisticated grasp of the terrorism challenges conundrums and counter options being considered and contested in academic departments and policy circles in the United States and around the world      Ethics and Terrorism Max Taylor,John Horgan,2021-11-24 This book provides a unique insight into the ethical issues and dilemmas facing practitioners and researchers of terrorism and counterterrorism Ethics play a central if largely unrecognised role in most if not all issues relevant to terrorism and political violence These are often most noticeable regarding counterterrorism controversies while often virtually absent from discussions about academic research practice At a minimum ethical issues as they relate to terrorism have rarely been explicitly addressed in a direct or comprehensive manner The chapters in this edited volume draws on the experience of both practitioners and researchers to explore how a regard to ethical issues might influence and determine research and practice in counter terrorism and in our understanding of terrorism Ethics and Terrorism recognizes that there are conflicting and often irreconcilable perspectives from which to view terrorism and terrorism research In calling for greater attention to these issues the goal is not to resolve problems but to explore and

clarify the assumptions and dilemmas that underpin our understanding of the personal institutional and societal ethical boundaries and constraints around terrorism and responses to it This book will be of value to practitioners and researchers and to policy makers and the broader interested community The chapters in this book were originally published as a special issue of the journal *Terrorism and Political Violence*

*The SAGE Encyclopedia of Trans Studies* Abbie E. Goldberg, Genny Beemyn, 2021-02-26 Transgender studies broadly defined has become increasingly prominent as a field of study over the past several decades particularly in the last ten years The experiences and rights of trans people have also increasingly become the subject of news coverage such as the ability of trans people to access restrooms their participation in the military the issuing of driver s licenses that allow a third gender option the growing visibility of nonbinary trans teens the denial of gender affirming health care to trans youth and the media s misgendering of trans actors With more and more trans people being open about their gender identities doctors nurses psychologists social workers counselors educators higher education administrators student affairs personnel and others are increasingly working with trans individuals who are out But many professionals have little formal training or awareness of the life experiences and needs of the trans population This can seriously interfere with open communications between trans people and service providers and can negatively impact trans people s health outcomes and well being as well as interfere with their educational and career success and advancement Having an authoritative academic resource like *The SAGE Encyclopedia of Trans Studies* can go a long way toward correcting misconceptions and providing information that is otherwise not readily available This encyclopedia featuring more than 300 well researched articles takes an interdisciplinary and intersectional approach to trans studies Entries address a wide range of topics from broad concepts e g the criminal justice system activism mental health to specific subjects e g the trans pride flag the Informed Consent Model voice therapy to key historical figures events and organizations e g Lili Elbe the Stonewall Riots Black Lives Matter Entries focus on diverse lives identities and contexts including the experiences of trans people in different racial religious and sexual communities in the United States and the variety of ways that gender is expressed in other countries Among the fields of studies covered are psychology sociology history family studies K 12 and higher education law political science medicine economics literature popular culture the media and sports

*Sensible Politics* William A. Callahan, 2020 Visual images are everywhere in international politics But how are we to understand them In *Sensible Politics* William A Callahan uses his expertise in theory and filmmaking to explore not only what visuals mean but also how visuals can

viscerally move and connect us in affective communities of sense The book's rich analysis of visual images photographs film art and visual artifacts maps veils walls gardens cyberspace shows how critical scholarship needs to push beyond issues of identity and security to appreciate the creative politics of social ordering and world ordering Here sensible politics isn't just sensory but looks beyond icons and ideology to the affective politics of everyday life It challenges our Eurocentric understanding of international politics by exploring the meaning and impact of visuals from Asia and the Middle East Sensible Politics offers a unique approach to politics that allows us to not only think visually but also feel visually and creatively act visually for a multisensory appreciation of politics

**Professional Journal of the United States Army**, 1983 **Winfred Rembert** Winfred Rembert, Bartholomew F. Bland, 2012 **Transatlantic Relations after the Russian-Ukrainian War** Lorenzo Cladi, 2025-06-30 This book provides a neorealist explanation of transatlantic relations and explores key issues at the forefront of the relationship between the US and its European allies in the context of the Russia Ukraine war Transatlantic relations involving the relationship between the United States and its European counterparts are an essential feature and a cornerstone of the foreign policy of many states Whilst the transatlantic allies share a relationship that has been in place since 1945 the re-election of Donald J Trump as US President the continuing war between Russia and Ukraine and unsettled issues around European strategic autonomy all pose questions on the state of the partnership This book utilises a neorealist theoretical framework to tackle these questions It argues that transatlantic relations continue to prosper and European states remain dependent on the US for their security which is made viable and necessary by means of dealing with collective threats to the security of transatlantic allies of which the Russian invasion of Ukraine is the most obvious recent manifestation The book also deals with other notable case studies of transatlantic relations such as the French intervention in Mali and the US withdrawal from Afghanistan This book will be of interest to students of European security Foreign Policy and International Relations **Territory and Power in Constitutional Transitions** George Anderson, Sujit Choudhry, 2019-03-07 This collection of essays surveys the full range of challenges that territorial conflicts pose for constitution making processes and constitutional design It provides seventeen in depth case studies of countries going through periods of intense constitutional engagement in a variety of contexts small distinct territories bi communal countries highly diverse countries with many politically salient regions and countries where territorial politics is important but secondary to other bases for political mobilization Specific examples are drawn from Iraq Kenya Cyprus Nigeria South Africa Sri Lanka the UK Scotland Ukraine Bolivia India Spain Yemen Nepal Ethiopia Indonesia Aceh the Philippines Mindanao and Bosnia Herzegovina While the volume draws significant normative conclusions it is based on a realist view of the complexity of territorial and other political cleavages the country's political geometry and the power configurations that lead into periods of constitutional engagement Thematic chapters on constitution making processes and constitutional design draw original conclusions from the comparative analysis of the case studies and relate these to the existing literature both in

political science and comparative constitutional law This volume is essential reading for scholars of federalism consociational power sharing arrangements asymmetrical devolution and devolution more generally The combination of in depth case studies and broad thematic analysis allows for analytical and normative conclusions that will be of major relevance to practitioners and advisors engaged in constitutional design     *The Routledge International Handbook of Psychosocial Resilience* Updesh Kumar,2016-08-05 Psychological resilience has emerged as a highly significant area of research and practice in recent years finding applications with a broad range of different groups in many settings Contemporary discourse is not limited to ways of effective coping with adversity but also introduces mechanisms that can lead to enhanced capacity after dealing with difficult circumstances and recognises the importance of enriching the field with varied perspectives The Routledge International Handbook of Psychosocial Resilience is a comprehensive compendium of writings of international contributors that takes stock of the state of the art in resilience theory research and practice The Routledge International Handbook of Psychosocial Resilience covers the many different trajectories that resilience research has taken in four parts Part One delineates the Conceptual Arena by providing an overview of the current state of theory and research exploring biological psychological and socio ecological perspectives and discussing various theoretical models of personal and social resilience The Psychosocial Correlates of resilience are discussed further in Part Two from personal and personality correlates socio environmental factors and the contextual and cultural conditions conducive to resilient behaviour In Part Three Applied Evidences are introduced in order to build upon the theoretical foundations in the form of several case studies drawn from varied contexts Examples of resilient behaviour range from post disaster scenarios to special operation groups orphaned children and violent extremism Finally Part Four Proposed Implications and Resilience Building sums up the issues involved in discussing post traumatic growth wellbeing and positive adaptation in the varied contexts of personal familial organizational and societal resilience The volume provides a comprehensive overview of resilience theory practice and research across disciplines and cultures from varied perspectives and different populations It will be a key reference for psychiatrists psychologists psychotherapists and psychiatric social workers in practice and in training as well as researchers and students of psychology sociology human development family studies and disaster management     Resources in Education ,1997     *Dangerous Thinking in the Age of the New Authoritarianism* Henry A. Giroux,2015-11-17 Giroux probes the depth and range of forces pushing the United States into a new form of authoritarianism one that connects the Orwellian surveillance state with the forms of ideological control made famous by Aldous Huxley Addressing how neoliberalism or the new market fundamentalism is shaping a range of registers from language and memory to youth and higher education Giroux explores how education in a variety of spheres is transformed into a type of miseducation perpetuated through what he calls a disimagination machine one that reproduces the present by either distorting or erasing the past But Giroux is not content to focus on how matters of politics subjectivity power and desire are colonized through forms of miseducation he is also

concerned with the educative nature of politics as the practice of freedom and how the emphasis on critique must be matched by a politics and discourse of resistance hope and possibility This becomes particularly evident in his chapters on Noam Chomsky and Howard Zinn Thinking Dangerously makes clear that at the heart of the struggle for a radical democracy is the reviving of the radical imagination as the basis for new forms of political and collective struggle Probing these issues through a series of interrelated essays and important interviews Giroux provides an accessible layered and sustained example of how thinking dangerously is central to and connected with the struggle over the radical imagination and the fight to fulfill the promise of a radical democracy

The Top Books of the Year Online Defeating Violence Effective Survival Strategies The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. Online Defeating Violence Effective Survival Strategies : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Online Defeating Violence Effective Survival Strategies : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Online Defeating Violence Effective Survival Strategies : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
