Eric J. Robbins

Online Inherited IRAs Every Practitioner Should:

The CPA Journal, 2003 **Essentials of Retirement Planning** Eric J. Robbins, 2014-08-15 This book provides the quintessential information needed to understand the financial side of the retirement planning coin. You'll begin by learning about the various plan types employers may offer their employees. Topics related to compliance testing will be thoroughly discussed as well as strategies used to legally shift benefits in favor of highly compensated employees (HCEs). However, some employers do not sponsor a plan, and when this happens, retirement savers will need to understand the options available within the world of individual retirement accounts (IRAs). This book is not intended to provide investment advice but rather to explore how different retirement savings vehicles function and how they can be effectively deployed. This book also discusses non-investment related topics such as housing options, Social Security planning, Medicare planning, and a few other basic insurance-based issues faced by all retirees.

The Reflective Workbook for Parents and Families of Transgender and Non-Binary Children D. M. Maynard, 2020-08-21 When a child goes through transition, the dynamics of the family unit can start to shift. It is not uncommon for one family member to feel one way about the transition while another may feel quite differently. This innovative workbook discusses the unique needs of parents and families as they navigate their child's gender exploration. Providing a safe space for them to work through their own uncertainties and necessities, it gives specifically tailored guidance and support with sections on school life, language, and terminology, finding a therapist, possible grief, social medical intervention options, and more. Personal anecdotes from parents and other family members offer insight and understanding alongside reflective activities, quizzes, and positive affirmations throughout.

Kiplinger's Personal Finance, 2000-07 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership, and many other personal finance topics.

The Wall Street Journal. Complete Retirement Guidebook Glenn Ruffenach, Kelly Greene, 2007-06-12 As you think about retirement, you've got facts to face, planning to do, decisions to make, and numbers to crunch. With the experts at The Wall Street Journal to guide you, you'll learn how to tailor a financial plan for the lifestyle you want. Answers your biggest question: How big does my nest egg need to be by linking it to your particular hopes for how you want to spend your days in retirement. Shows how to translate your dreams and interests into daily activities, whether traveling, opening a business, volunteering, or going back to school. Provides a timeline for decisions to make and steps to take ten years, five years, and one year before you retire. Offers tips on investing wisely and working with the right financial adviser. Tells you how to maximize your benefits from Social Security and Medicare. Guides you through the intricacies of 401(k)s, IRAs, annuities, and other financial tools and resources. Today, the average person can expect to spend two decades in retirement. Why leave it to chance? For all of its changes and challenges, a well-planned retirement could very well be the best part of your life.

We The People's Guide to Estate Planning Ira Distenfeld, Linda Distenfeld, 2005-04-29 WE THE PEOPLE No lawyers. Save money. We The People is America's largest legal document
