Online Reading Programs For Elementary:

Quality Instruction and Intervention for Elementary Educators Brittany L. Hott, Pamela Williamson, 2024-10-02 Effective teaching starts with quality instruction that most students respond well to. However, about 35% of students will require specialized and more intensive instruction to meet academic and behavioral standards. Both students with exceptionalities who are eligible to receive special education and related services and students who are placed at risk due to circumstance require, deserve, and are legally entitled to quality intervention. *Quality Instruction and Intervention for Elementary Educators* offers an accessible resource for educators interested in evidence-based strategies to ensure all students have access to an excellent education. Two dedicated chapters authored by leading content and strategy experts in the field are devoted to content areas. The first chapter focuses on quality instruction with academic subject matter specialists as lead authors with interventionists supporting. The second chapter focuses on effective intervention with the interventionists taking the lead author roles and academic subject matter specialists supporting. Between the two chapters is a dialogue between the teams of authors bridging instruction and intervention. This unique approach bridges the gap between quality instruction and effective intervention, an often overlooked component of teacher education. The book also includes dedicated chapters on the integration of instructional technology and executive functioning. After reading the book, educators will be able to describe the components of effective instruction and intervention in each of the content areas, access empirically validated materials, and locate resources for continued learning.

The Administration and Supervision of Literacy Programs Shelley B. Wepner, Diana J. Quatroche, 2021 Readers gain insight into the research behind these issues and why they are particularly relevant to the 21st-century classroom. More importantly, one sees how these various topics should be operationalized in schools and classrooms, always with a good literacy leader guiding the way. From the Foreword by Jack Cassidy, past president of the International Literacy Association. The Sixth Edition focuses on providing instruction at all grade levels and for different types of learners within the context of current state and federal mandates. It explores specific program elements related to materials selection, teacher evaluation, professional development, student assessment, writing technology, school and districtwide evaluation, and parent and community outreach.
