Online Book Silent Women Pioneers Cheryl Robson:

Silent Women Kevin Brownlow, Shelley Stamp, Bryony Dixon, Karen Day, Maria Giese, Tania Field, Francesca Stephens, Ellen Cheshire, K. Charlie Oughton, Patricia di Risio, Pieter Aquilia, Julie K Allen, Aimee Dixon Anthony, 2017-01-10 The first ever overview of women's contributions to the dawn of cinema looking at a variety of roles from writers and directors to film editors and critics Why have women such as Alice Guy Blache the creator of narrative cinema been written out of film history Why have so many women working behind the scenes in film been rendered invisible and silent for so long *Silent Women* pioneers of cinema explores the incredible contribution of women at the dawn of cinema when surprisingly more women were employed across the board in the film industry than they are now It also looks at how women helped to shape the content style of acting and development of the movie business in their roles as actors writers editors cinematographers directors and producers In addition we describe how women engaged with and influenced the development of cinema in their roles as audience critics fans reviewers journalists and the arbiters of morality in films And finally we ask when the current discrimination and male domination of the industry will give way to allow more women access to the top jobs In addition to its historical focus on women working in film during the silent film era the term silent also refers to the silencing and eradication of the enormous contribution that women have made to the development of the motion picture industry The surprise of the essays collected here is their sheer volume in every corner of a business apparently better able to accommodate female talent then than now Danny Leigh Financial Times July 2016 It's a fascinating journey into the untold history of a largely lost era of film Greg Jameson Entertainment Focus March 2016 This book shows how women's voices were heard and helped create the golden age of silent cinema how those voices were almost eradicated by the male dominated film industry and perhaps points the way to an all inclusive future for global cinema Paul Duncan Film Historian Inspirational and informative *Silent Women* will challenge many people's ideas about the beginnings of film history This fascinating book roams widely across the era and the diverse achievements and voices of women in the film industry These are the stories of pioneers trailblazers and collaborators hugely enjoyable to read and vitally important to publish Pamela Hutchinson Silent London Every page begs the question how on earth did these amazing women vanish from history in the first place I defy anyone interested in cinema history not to find this valuable compendium a must read It's also a call to arms for more research into women's contribution and an affirmation of just how rewarding the detective work can be Laraine Porter Co Artistic Director of British Silent Film Festival An authoritative and illuminating work it also lends a pervasive voice to the argument that discrimination and not talent is the barrier to so few women occupying the most prominent roles within the industry Jason Wood Author and Visiting Professor at MMU I was amazed to discover just how crucially they were involved from not just in front of the camera but in producing directing editing and much much more An essential read Neil McGlone The Criterion Collection *Silent Serial Sensations* Barbara Tepa Lupack, 2020-04-15 The first book length study

of pioneering and prolific filmmakers Ted and Leo Wharton Silent Serial Sensations offers a fascinating account of the dynamic early film industry As Barbara Tapa Lupack demonstrates the Wharton brothers were behind some of the most profitable and influential productions of the era including The Exploits of Elaine and The Mysteries of Myra which starred such popular performers as Pearl White Irene Castle Francis X Bushman and Lionel Barrymore Working from the independent film studio they established in Ithaca New York Ted and Leo turned their adopted town into Hollywood on Cayuga By interweaving contemporary events and incorporating technological and scientific innovations the Whartons expanded the possibilities of the popular serial motion picture and defined many of its conventions A number of the sensational techniques and character types they introduced are still being employed by directors and producers a century later

The Othering of Women in Silent Film Barbara Tapa Lupack,2023-11-06 In The Othering of Women in Silent Film Cultural Historical and Literary Contexts Barbara Tapa Lupack explores the rampant racial and gender stereotyping depicted in early cinema demonstrating how those stereotypes helped shape American attitudes and practices Using social cultural literary and cinema history as a focus this book offers insights into issues of Othering including discrimination exclusion and sexism that are as timely today as they were a century ago Lupack not only examines the ways that dominant cinema of the era imprinted indelible and pejorative images of women including African Americans Native Americans Asians Hispanics and New Women Suffragists but also reveals the ways in which a number of pioneering early filmmakers and performers attempted to counter those depictions by challenging the imagery interrogating the stereotypes and re politicizing the familiar narratives Scholars of film gender history and race studies will find this book of particular interest
