The Bible in Crime Fiction and Drama Caroline Blyth, Alison Jack, 2019-01-24 The Bible has always enjoyed notoriety within the genres of crime fiction and drama numerous

authors have explicitly drawn on biblical traditions as thematic foci to explore social anxieties about violence religion and the search for justice and truth The Bible in Crime Fiction and Drama brings together a multi disciplinary scholarship from the fields of biblical interpretation literary criticism criminology and studies in film and television to discuss international texts and media spanning the beginning of the 20th century to the present day The volume concludes with an afterword by crime writer and academic Liam McIvanney These essays explore both explicit and implicit engagements between biblical texts and crime narratives analysing the multiple layers of meaning that such engagements can produce cross referencing Sherlock Holmes with the murder mystery in the Book of Tobit observing biblical violence through the eyes of Christian fundamentalists in Henning Mankell s Before the Frost catching the thread of homily in the serial murders of Se7en or analysing biblical sexual violence in light of television crime procedurals The contributors also raise intriguing questions about the significance of the Bible as a religious and cultural text its association with the culturally pervasive themes of violence im morality and redemption and its relevance as a symbol of the often fraught location that religion occupies within contemporary secular culture

Jane Austen and the Reformation Roger Emerson Moore,2017-05-15 Jane Austen s England was littered with remnants of medieval religion From her schooling in the gatehouse of Reading Abbey to her visits to cousins at Stoneleigh Abbey Austen faced constant reminders of the wrenching religious upheaval that reordered the English landscape just 250 years before her birth Drawing attention to the medieval churches and abbeys that appear frequently in her novels Moore argues that Austen s interest in and representation of these spaces align her with a long tradition of nostalgia for the monasteries that had anchored English life for centuries until the Reformation Converted monasteries serve as homes for the Tilneys in Northanger Abbey and Mr Knightley in Emma and the ruins of the Abbeyland have a prominent place in Sense and Sensibility However these and other formerly sacred spaces are not merely picturesque backgrounds but tangible reminders of the past whose alteration is a source of regret and disappointment Moore uncovers a pattern of critique and commentary throughout Austen s works but he focuses in particular on Northanger Abbey Mansfield Park and Sanditon His juxtaposition of Austen s novels with sixteenth and seventeenth century texts rarely acknowledged as relevant to her fiction enlarges our understanding of Austen as a commentator on historical and religious events and places her firmly in the long national conversation about the meaning and consequences of the Reformation

Silent Fields Roger Lovegrove,2007-02-22 Since time immemorial mankind has taken it upon himself to wage war against nature against those species of birds and mammals which he believes conflict with his livelihood This remarkable book is about that war of attrition against the native mammals and birds of England and Wales from the middle ages to the present day There is widespread knowledge about the huge declines in popular species such as song birds farmland birds otters and pine martens however there is less understanding about the deep rooted causes of these losses or about the complex relationship between mankind and these species Roger Lovegrove has undertaken years of unique research by searching through parish records of

vermin trapped hunted and killed over the generations he has revealed an unprecedentedly accurate and detailed picture of the history of a nation's wildlife and of the often devastating impact and extinction that we have forced on our ecology. Consisting of species by species accounts accompanied by beautiful specially commissioned illustrations this book outlines the history and often the future too of a wealth of wildlife species from badgers bears and beavers to wolves kingfishers the golden eagle and the humble house sparrow. The geographical scope is British but the subject will be of interest to conservationists around the world because of the unique historical material that will be included. The topic has enormous relevance today as public concern about the environment rises and controversies rage about hunting wildlife management and reintroduction of ancient species.

Association and Enlightenment Mark C. Wallace, Jane Rendall, 2020-12-18 Social clubs as they existed in eighteenth and early nineteenth century Scotland were varied they could be convivial sporting or scholarly or they could be a significant and dynamic social force committed to improvement and national regeneration as well as to sociability The essays in this volume examine the complex history of clubs and societies in Scotland from 1700 to 1830 Contributors address attitudes toward associations their meeting places and rituals their links with the growth of the professions and with literary culture and the ways in which they were structured by both class and gender By widening the context in which clubs and societies are set the collection offers a new framework for understanding them bringing together the inheritance of the Scottish past the unique and cohesive polite culture of the Scottish Enlightenment and the broader context of associational patterns common to Britain Ireland and beyond **Music and Academia in Victorian Britain** Dr Rosemary Golding, 2013-09-28 Until the nineteenth century music occupied a marginal place in British universities Degrees were awarded by Oxford and Cambridge but students and often professors were not resident and there were few formal lectures It was not until a benefaction initiated the creation of a professorship of music at the University of Edinburgh in the early nineteenth century that the idea of music as a university discipline commanded serious consideration The debates that ensued considered not only music's

identity as art and science but also the broader function of the university within education and society Rosemary Golding traces the responses of some of the key players in musical and academic culture to the problems surrounding the establishment of music as an academic discipline The focus is on four universities Edinburgh Oxford Cambridge and London The different institutional contexts and the approaches taken to music in each university showcase the various issues surrounding music's academic identity as well as wider problems of status and professionalism In examining the way music challenged conceptions of education and professional identity in the nineteenth century the book also sheds light on the way the academic study of music continues to challenge modern approaches to music and university education

The Collected Writings of Franz Liszt Janita R. Hall-Swadley, 2013-12-19 In *Dramaturgical Leaves Essays about Musical Works for the Stage and Queries about the Stage Its Composers and Performers* the third volume in Janita R Hall Swadley's *The Collected Writings of Franz Liszt* Liszt heralds his admiration for early nineteenth century opera and musical stage works He honors Gluck the musical prophet as the cultivator of dramatic truth in the Romantic opera *Orpheus* expounds on Beethoven's harmonic inventions and innovative treatment of form in *Fidelio* and argues for the latter's incidental music to Goethe's *Egmont* as the epitome of music organicism a complete unity of words and tone He also comments on Weber's *Euryanthe* as offering the most progressive musical characterizations and declamation even more so than his popular work *Der Freischütz* and on how both works prefigure Wagner's music dramas awards Mendelssohn whose genius Liszt ranks only slightly less than Beethoven's top honors for creating in *A Midsummer Night's Dream* the highest standards of music poetry suggests how Scribe and Meyerbeer's *Robert le Diable* paints a mental image of art's eternal flames where poet and musician share equal space in the development of music tragedy reveals how the poetic deficiencies in the libretto to Schubert's *Alfonso and Estrella* are too easily overlooked because of the music's melodic and lyrical supremacy and offers in contrast Auber's *Mute from Portici* a remarkable text by many historically picturesque musical motives that are universal and nationalistic at the same time Finally Liszt offers an early gender study in music in his essay about Bellini's *Montague and Capulet* as well as its impact on nineteenth century audiences a look at Boieldieu's *White Lady* as a sublime depiction of literary music and Donizetti's *Favorite* as colored with a special type of imagery a *laterna magica* in Liszt's hand The beloved soprano Pauline Viardot Garcia receives special attention in an essay devoted entirely to her and Liszt proffers a critique of *entr'acte* music as a pointless tradition that dethrones music and insults the artist and composer by making music a palate cleanser This volume includes a detailed discussion about what it meant to be patronized by Liszt and how his support financial literary and musical helped shape many a music career It also offers commentary on how gender in opera was sometimes obscured not only for dramatic interest but also as part of the process of outlining a nation's identity as well as a thorough study of Liszt's concepts of Gestalt theory the Archetype and his musical *Weltanschauung* his musical world view all revealing his contribution to 19th century music philosophy as it relates to opera Finally a historical review of *entr'acte* music is presented

how it began and how it developed to clarify Liszt's stance against it making this volume a necessary read for music historians serious musicians and music connoisseurs alike

And Harmony Abound Keith William Kinder, 2022-01-15 Morley Calvert's Suite from the Monteregian Hills is cherished by brass players worldwide and performed hundreds of times annually making Calvert perhaps the most performed Canadian composer outside the country Yet little is known about Calvert beyond that piece And Harmony Abound is a thoughtful and in depth study of a remarkably accomplished composer conductor and educator Calvert made his living teaching music but he was no ordinary high school music teacher He was deeply committed to composing and completed some ninety works for brass ensembles concert bands choirs and orchestras while engaged in music making in the communities in which he lived Keith Kinder traces Calvert's life story from his birth in Brantford Ontario in 1928 through his youth and career in Montreal his musical involvement with the Salvation Army his success with the famous Central Collegiate band of Barrie Ontario his retirement years and his unexpected passing in Hamilton Ontario in 1991 Uncovering Calvert's oeuvre by analyzing representative arrangements Kinder also documents the complete catalogue of Calvert's works bringing to light many unpublished compositions that would otherwise be lost to performers And Harmony Abound is a compelling picture of Morley Calvert's contribution to musical composition education and the cultural fabric preserving a vital strand of the Canadian musical tapestry

Encyclopedia of Cryptozoology Michael Newton, 2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis People passionately pursue these creatures the name given to their field of study is cryptozoology Coined in the 1950s the term literally means the science of hidden animals When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past what makes an animal of interest to cryptozoology is that it is unexpected This reference work presents a flesh and blood view of cryptozoology Here 2,744 entries are listed the majority of which each describe one specific creature or type of creature Other entries cover 742 places where unnamed cryptids are said to appear profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology

Excavations at Cill Donnain Mike Parker Pearson, Marek Zvelebil, 2014-06-30 The SEARCH Sheffield Environmental and Archaeological Research Campaign in the Hebrides project began in 1987 and covers the Scotland's Outer Hebrides The aim of the project is to investigate how human societies adapted in the long term to the isolated environment of the Outer Hebrides The first major excavation on South Uist discovered that what was thought to be a shell midden at Cill Donnain was in fact a wheelhouse a type of dwelling used in the period c 300 BC AD 500 under which lay the remains of a Bronze Age settlement This settlement was partly investigated by Marek Zvelebil in 1991 and then later by Mike Parker Pearson and Kate MacDonald in 2003 The

site itself is situated at the foot of a high steep sided dune on the eastern edge of a large sand valley close to the western shore of Loch Cill Donnain The archaeological report of the excavation at the Cill Donnain wheelhouse shows that in comparison with contemporary neighbouring settlements it was unlikely that each was an independent unit and that they were linked by social and economic inter dependency The wheelhouse thus provides striking new evidence that contributes to developing theories about the social material and economic life in the period This volume presents the extensive archaeological evidence found at the site including pottery faunal remains and a variety of bone and metal tools illustrating that the Cill Donnain landscape is rich in archaeological sites of all periods from the Beaker to the post Medieval **Pursuit**
