Double Down on Your Data, Third Edition Clive J. Pearson, 2012-09-25 Gambling has been with us since ancient times and it is unquestionably here to stay Although Poseidon Zeus and Hades may no longer be dividing the world up in a game of dice flocks of tourist still flood through the gates of Las Vegas Caesars Atlantic City s Taj Mahal and Macau s oddly named casino Greek Mythology In Double Down On Your Data author Clive Pearson reveals that we have entered a brave new world of gambling and entertainment a world where casino executives can cull through their casino s in house patron data and discover who are their most profitable patrons Armed with this information these casino executives can then market to their most valuable patrons in a highly personal way thereby creating a long and lasting and usually highly profitable relationship Double Down On Your Data teaches casino executives how best to manage their customer relations as today they are faced with a gambler who is much more sophisticated than the ancient Roman soldier who tossed a coin in the air and called Heads or Ships

The A.I. Marketer Andrew W. Pearson, 2019-04-15 We seem to be living in the age of A I Everywhere you look companies are touting their most recent A I machine learning and deep learning breakthroughs even when they are far short of anything that could be touted as a breakthrough A I has eclipsed Blockchain and Crypto as the buzzword of today Indeed one of the best ways to raise VC funding is to stick AI or ML at the front of your prospectus and ai at the end of your website Separating fact from fiction is more important than it has ever been The A I Marketer breaks down A I machine learning and deep learning into five unique use cases sound time series text image and video and also reveals how marketing executives can utilize this powerful technology to help them more finely tune their marketing campaigns better segment their customers

increase lead generation and foster strong customer loyalty Today Personalization the process of utilizing mobile social geo location data web morphing context and even affective computing to tailor messages and experiences to an individual interacting with them is becoming the optimum word in a radically new customer intelligence environment The A I Marketer explains this complex technology in simple to understand terms and then shows how marketers can utilize the psychology of personalization with A I to both create more effective marketing campaigns as well as increase customer loyalty Pearson shows companies how to avoid Adobe s warning of not using industrial age technology in the digital era Pearson also reveals how to create a platform of technology that seamlessly integrates EDW and real time streaming data with social media content Analytical models and neural nets can then be built on both commercial and open source technology to better understand the customer thereby strengthening the brand and just as importantly increasing ROI
