Yadao, 2009-10-01 The Rough Guide to Manga is the ultimate handbook offering a comprehensive overview of one of the most fashionable genre s in today s popular culture The guide features the manga story from manga s twelfth century roots to the rise of English language manga with profiles of influential creators like Leiji Matsumoto and CLAMP as well as publishers to look out for You ll find an overview of manga s unique styles techniques and genres decoded as well as a canon of fifty must read manga including the iconic Astro Boy global hits Fruits Basket and Battle Royale plus less well known works like Please Save My Earth The Rough Guide to Manga demystifies unfamiliar terms and genres for newcomers whilst offering manga fans plenty of new recommendations including listings for manga magazines and websites along with a glossary of terms Crammed with illustrations and including a section on the anime connection this is must have Manga for beginners and enthusiasts alike **Shaw's Textbook of Operative Gynaecology - E-Book** C. N. Hudson, Marcus E Setchell, 2011-09-30 Chapters that are new or radically changed include the opening chapter on the Health Needs of Women in a Changing Society Teaching and Learning Surgical Techniques and chapters on Minimal Access Surgery which are richly illustrated by remarkable photographic images Chapters on Pelvic Floor and Cancer Surgery retain well established operative procedures where relevant but include accounts of exciting newer techniques such as robotic surgery Up to the minute chapters on Radiology Radiotherapy and Chemotherapy are provided by colleagues from these specialties who now form part of modern multidisciplinary teams The 6th Edition which appeared in 2001 reflected the growing replacement of conventional abdominal and vaginal surgery with radiological

interventions endoscopic surgery and medical treatments The last 10 years have seen worldwide acceptance of the benefits of less invasive gynaecological procedures allowing ever shorter stay in hospital and quicker recovery for the patient but often with the use of much more expensive and complex technological equipment At the same time there has been an increasing trend towards super specialisation so that in many parts of the world gynaecologists focus on a narrower field of activity Specialists need to be aware of these developments even though the individual gynaecologist may carry out only a limited range of operations or therapies The structure of the book has been changed radically separating benign from malignant conditions congenital from acquired and with a strong emphasis on patient choice safety and prevention of complications
